Hearings [and Index] Before a Subcommittee of the Committee on Interstate and Foreign Commerce, House of Representatives, Eighty-fifth Congress, Second Session [Eighty-sixth Congress, First Session] Houghton Mifflin Harcourt

Percy Bysshe Shelley (1792-1822) was one of the major Romantic poets, and wrote what is critically recognised as some of the finest lyric poetry in the English language. This is the third volume of the five-volume The Poems of Shelley, which presents all of Shelley's poems in chronological order and with full annotation. Date and circumstances of composition are provided for each poem and all manuscript and printed sources relevant to establishing an authoritative text are freshly examined and assessed. Headnotes and footnotes furnish the personal, literary, historical and scientific information necessary to an informed reading of Shelley's varied and allusive verse. Most of the poems in the present volume were composed between autumn 1819 and autumn 1820. The poems written in response to the political crisis in England following the 'Peterloo' massacre in August 1819 feature largely, among them The Mask of Anarchy and 'An Ode (Arise, arise, arise!)'. The popular songs, which Shelley intended to gather into a volume to inspire reformers from the labouring classes, several accompanied by significantly new textual

material recovered from draft manuscripts, are included, as are the important political works 'Ode to Liberty', 'Ode to Naples' and Oedipus Tyrannus, Shelley's burlesque Greek tragedy on the Queen Caroline affair. Other major poems featured include 'The Sensitive-Plant', 'Ode to the West Wind', 'Letter to Maria Gisborne', an exuberant translation from the ancient Greek of the Homeric 'Hymn to Mercury', and the brilliantly inventive 'The Witch of Atlas'. In addition to accompanying commentaries, there are extensive bibliographies, a chronology of Shelley's life, and indexes to titles and first lines. Leigh Hunt's informative Preface of 1832 to The Mask of Anarchy is also included as an Appendix. The volumes of The Poems of Shelley form the most comprehensive edition of Shelley's poetry available to students and scholars.

**Reports of Cases Determined in the Supreme Court of the State of Missouri** Penguin Classics  
Winner of the Lillian Smith Book Award Winner of the Los Angeles Times Book Prize Finalist for the National Book Award The Nation's "Most Valuable Book" "[A] vibrant intellectual history of the radical right."—The Atlantic “This sixty-year campaign to make libertarianism mainstream and eventually take the government itself is at the heart of Democracy in Chains. . . . If you're worried about what all this means for America's future, you should be.”—NPR An explosive exposé of the right's relentless campaign to eliminate unions, suppress voting, privatize public education, stop action on climate change, and alter the Constitution. Behind today's headlines of billionaires taking over our government is a secretive political establishment with long, deep, and troubling roots. The capitalist radical right has been working not simply to change who rules, but to fundamentally alter the rules of democratic governance. But billionaires did not launch this movement; a white intellectual in the embattled Jim Crow South did. Democracy in Chains names its true architect—the Nobel Prize-winning political economist James McGill Buchanan—and dissects the operation he and his colleagues designed over six decades to alter every branch of government to disempower the majority. In a brilliant and engrossing narrative, Nancy MacLean shows how Buchanan forged his ideas about government in a last gasp attempt to preserve the white elite's power in the wake of Brown v. Board of Education. In response to the widening of American democracy, he developed a brilliant, if diabolical, plan to undermine the ability of the majority to use its numbers to level the playing field between the rich and powerful and the rest of us.

Corporate donors and their right-wing foundations were only too eager to support Buchanan's work in teaching others how to divide America into "makers" and "takers." And when a multibillionaire on a messianic mission to rewrite the social contract of the modern world, Charles Koch, discovered Buchanan, he created a vast, relentless, and multi-armed machine to carry out Buchanan's strategy. Without Buchanan's ideas and Koch's money, the libertarian right would not have succeeded in its stealth takeover of the Republican Party as a delivery mechanism. Now, with Mike Pence as Vice President, the cause has a longtime loyalist in the White House, not to mention a phalanx of Republicans in the House, the Senate, a majority of state governments, and the courts, all carrying out the plan. That plan includes harsher laws to undermine unions, privatizing everything from schools to health care and Social Security, and keeping as many of us as possible from voting. Based on ten years of unique research, *Democracy in Chains* tells a chilling story of right-wing academics and big money run amok. This revelatory work of scholarship is also a call to arms to protect the achievements of twentieth-century American self-government.

Fundraising may not seem like an obvious lens through which to examine the process of nation-building, but in this highly original book Lainer-Vos shows that fundraising mechanisms - ranging from complex transnational gift-giving systems to sophisticated national bonds - are organizational tools that can be used to bind dispersed groups to the nation. *Sinews of the Nation* treats nation-building as a practical organizational accomplishment and examines how the Irish republicans and the Zionist movement secured financial support in the United States during the first half of the twentieth century. Comparing the Irish and Jewish experiences, whose trajectories of homeland-diaspora relations were very different, provides a unique perspective for examining how national movements use economic transactions to attach disparate groups to the national project. By focusing on fundraising, Lainer-Vos challenges the common view of nation-building as only a matter of forging communities by imagining away internal differences: he shows that nation-building also involves organizing relationships so as to allow heterogeneous groups to maintain their difference and yet contribute to the national cause. Nation-building is about much more than creating unifying symbols: it is also about creating mechanisms that bind heterogeneous groups to the nation despite and through their differences.

Inglorious Empire Ranganathan Magadi

The New York Times bestselling author of the Discworld series delivers "fantasy with comedic flair" in his debut novel and first children's book (*VOYA*). In the beginning, there was nothing but endless flatness. Then came the Carpet . . . That's the old story everyone knows and loves. But now the Carpet is home to many different tribes and peoples, and there's a new story in the making. The story of Fray, sweeping a trail of destruction across the Carpet. The story of power-hungry moults—and of two brothers who set out on an adventure to end all adventures when their village is flattened. It's a story that will come to a terrible end—if someone doesn't do something about it. If everyone doesn't do something

about it . . . First published in 1971, this hilarious and wise novel marked the debut of the phenomenal Sir Terry Pratchett. Years later, Sir Terry revised the work, and this special collectable edition includes the updated text, his original color and black-and-white illustrations, and an exclusive story—a forerunner to *The Carpet People* created by the seventeen-year-old nascent writer who would become one of the world's most beloved storytellers. "Only a writer with a masterstroke of imagination could place an entire empire of goodies and baddies within the fronds of a carpet." —Daily Mail "The perfect starting place for young readers; seasoned Pratchett fans will just revel in his wit, his subversion of tropes and his sense of humanity . . . Small in scale but large in pleasure." —Kirkus Reviews "Brilliantly funny dialogue, high peaks of imagination." —The Times

Reports of Cases Determined by the Supreme Court of the State of Missouri Penguin

A number of national level examinations like IAS Mains, State PCS, IES, IFS, etc. check the English language aptitude of candidates with a compulsory English language paper. This book has been designed for such examinations which assess the English language abilities in detail. Answers for all the questions have been given at the end of the section. As the book covers varied aspects of English language, it for sure will help aspirants score high in the upcoming national and state level competitive and recruitment examinations. Descriptive English Routledge

This first joint biography of the Hoovers will reshape Herbert Hoover's image as a man who did little more than sit in the White House while the country suffered. Both Hoovers were dynamic, uncommon Americans who made enormous contributions to mankind, before, during, and after the presidency. Walch brings together contributions from leading scholars who have conducted extensive research into the lives of this extraordinary couple, placing them in a national and international context.

Constructing Irish and Zionist Bonds in the United States Pencil

This book discusses issues concerning human rights and religion. Is a more integrated approach to human rights desirable - an approach that transcends the individual-centred orientation of civil and political liberties of the dominant centres of power in the West? How can religious thought contribute to an integrated notion of human rights

and human dignity? What sort of transformation should religion itself undergo in order to enable it to come to grips with contemporary challenges? Related to this is a larger question: How can universal spiritual and moral values help to shape politics, the economy and society as a whole?

Corps of Engineers ... South Atlantic Division Del Rey Books

HIV/AIDS constitutes a global problem. A good number of scholars from different nationalities, multiple rationalities, religious sensibilities, theological intelligibilities and ethical, cultural, and ecclesiastical backgrounds have affirmed that this worldwide quagmire constitutes a global health problem and social malady which does not have a well-defined geographically limited spread. The global nature of HIV/AIDS as seen in the statistics does not however undermine the fact that the effects of this sickness are not felt proportionally from one nation to another. This book proposes to situate the local as a veritable site of empowerment for communities dealing with HIV/AIDS, as it is the case with the African continent. The author of this book, over and above the way the problem of HIV/AIDS has been constructed, projected, and reviewed, decided to situate this epidemic of the 20th Century within the socio-cultural and political context of the Nigerian nation with particular reference to the Igbo people. The task of contextualizing this problem reveal the identity of the author as an Igbo, and as a theologian, who engages the indigenous ethical principles, unsophisticated traditional wisdom, cultural and religious values of his people in offering solutions that resonate the cultural identity of his people in dialogue with modern and post-modern constructs.

The Sunday Times Top 10 bestseller on India's experience of British colonialism, by the internationally-acclaimed author and diplomat Shashi Tharoor 'Tharoor's impassioned polemic slices straight to the heart of the darkness that drives all empires ... laying bare the grim, and high, cost of the British Empire for its former subjects. An essential read' Financial Times In the eighteenth century, India's share of the world economy was as large as Europe's. By 1947, after two centuries of British rule, it had decreased six-fold. The Empire blew rebels from cannon, massacred unarmed protesters, entrenched institutionalised racism, and caused millions to die from starvation. British imperialism justified itself as enlightened despotism for the benefit of the governed, but Shashi Tharoor takes demolishes this position, demonstrating how every supposed imperial 'gift' - from the railways to the rule of law - was designed in Britain's interests alone. He goes on to show how Britain's Industrial Revolution was founded on India's deindustrialisation, and the destruction of its textile industry.

In this bold and incisive reassessment of colonialism, Tharoor exposes to devastating effect the inglorious reality of Britain's stained Indian legacy.

This essential Star Wars Legends novel is the first in a trilogy chronicling the rise of the fearsome Sith lord Darth Bane. "A solid space adventure [that] charts the evolution of an antihero almost as chilling as Darth Vader."--Publishers Weekly On the run from vengeful Republic forces, Dessel, a cortosis miner, vanishes into the ranks of the Sith army and ships out to join the bloody war against the Republic and its Jedi champions. There Dessel's brutality, cunning, and exceptional command of the Force swiftly win him renown as a warrior. But in the eyes of his watchful masters, a far greater destiny awaits him. As an acolyte in the Sith academy, studying the secrets and skills of the dark side, Dessel embraces his new identity: Bane. But the true test is yet to come. In order to gain acceptance into the Brotherhood of Darkness, he must defy the most sacred traditions and reject all he has been taught. It is a trial by fire in which he must surrender fully to the dark side--and forge from the ashes a new era of absolute power.

The Literary Works of Ranganathan Magadi Routledge

This handbook constitutes a single collection of well researched articles and essays on African politics, governance and development from the pre-colonial through colonial to the post-colonial eras. Over the course of these interconnected periods, African politics have evolved with varied experiences across different parts of the continent. As politics is embedded both in the economy and the society, Africa has witnessed some changes in politics, economics, demography and its relations with the world in ways that requires in-depth analysis. This work provides an opportunity for old and new scholars to engage in the universe of the debate around African politics, governance and development and will serve as a ready reference material for students, researchers, policy makers and investors that are concerned with these issues.
