Proving God with Numbers

Archangel Ink

THE MISUNDERSTOOD GOD tells the truth about who the Creator is. This book analyzes what religion says about God's heart and personality and measures it up to what God calls Himself: Love. It simplifies a generation's tangled perceptions of God by taking a journey through the sixteen aspects of love described in one of the most well-known Bible passages in the world: 1 Corinthians 13, also known as "the love chapter." So many Christians have been bombarded with confusing teachings and doctrines that their understanding of God resembles a tightly tangled ball of Christmas tree lights. This book takes that twisted mess

and replaces it with one soft, warm light of truth that anyone can embrace: God is love.

Godwinks & Divine Alignment

Thomas Nelson

New York Times bestselling author Squire Rushnell and his wife Louise DuArt share 21 brand-new and 9 classic true-life stories of extraordinary "Godwinks" at Christmastime, proving that what some thought was "coincidence" wasn't coincidence at all, but a supernatural "hotline" from God. Think back to when you were a kid and someone you loved gave you a little wink across the dining room table, like Mom or Dad or Grandma. You didn't say, "What do you mean by that?" You knew. It meant: "Hey kid, I'm proud of you." That's what a Godwink is: a message of reassurance from above, directly to

---

you, out of seven billion people on the planet, saying “ Hey kid...I have you on my mind right now. I love you. You ’ re never alone. ” A Godwink can be an unexpected connection to someone you love, a mysterious pathway to a life-changing opportunity, unanticipated income out of the blue, or an answered prayer that makes you say “ wow ” ! Godwinks let you know that God is always extending you a tangible connection to Him, like a firm handrail on dark, wobbly stairs. Now, just in time for the holiday season, comes Godwinks Christmas Stories, a collection of astonishing true-life stories centered around Christmas that demonstrate how God has shown Himself in the lives of others. He ’ ll do the same for you. Husband and wife authors Squire Rushnell and Louise DuArt remind you that Godwinks are like wondrous gifts left on your doorstep. Their aim with this book is to help you open the door and open your gifts of hope and encouragement.

'Raising your consciousness to the 'God Winks' that often go by unnoticed, and recognising them as tremendously personal, will affirm that your existence is not random and that you have a role to play in life's grand plan' Squire Rushnell Have you ever thought about someone who hasn't crossed your path or mind in years and then bumped into them? Are there such things as coincidences? Do they mean anything? According to Rushnell, 'coincidences, like winks from God, are encouraging signposts along your universal

path.' In WHEN GOD WINKS he explains that a 'God Wink' is a message of reassurance that comes our way whenever we need it and that coincidences are the best way for God to establish a presence in our lives. Rushnell shows how to retrace crossroads (a new job, a death, change in relationships) that took us in an entirely different direction, showing how to map the turning points made by coincidences that have guided us throughout our lives. Best of all, WHEN GOD WINKS shows us how to create our own coincidences and turn wishes into winks. He explains his compelling theory of coincidences through a series of incredible stories and motivational writing on how coincidences play a role in all facets of our life, including career, love, history, medicine, entertainment, sports and politics with telling comments from Oprah Winfrey, Barbara Streisand, Mark Twain, Kevin Costner and other celebrities. WHEN GOD WINKS is a fascinating bridge to self-discovery.

First Fruits Feast of Pentecost Feast of Trumpets Day of Atonement Feast of Tabernacles The Feasts of Israel, set by God, are not only commemorative in a historical context, but are also prophetic. The first three feasts in the 1st month point to the Messiah's First Coming; the last three feasts in the 7th month, to His Second Coming. The middle feast highlights the Church, in more ways than is generally recognized. Dr. Chuck Missler begins to reveal the rich background of these feasts with many surprises for the Biblical believer, and yet only scratches the surface.

This Personal Application Workbook is designed to help you apply the Scriptural principles presented in the Faith in the Night Seasons textbook. The goal and purpose of every Christian is to be "conformed into the image of Christ." A true Biblical night season is a Father-filtered period of time designed to do just that. God deprives us of the natural light that we are so used to, in order that He might strengthen our faith and we might come to know Him in His fullness.

The fascinating, true account of the quest for one of the Old Testament's most infamous cities. Like many Christians today in the academic world, Dr. Steven Collins felt pulled in different directions when it came to apparent conflicts between the Bible and scholarly research and theory—an intellectual crisis that inspired him to lay it all on the line as he set off to locate the lost city of Sodom. Recounting Dr. Collins's quest for Sodom in absorbing detail, this adventure-cum-memoir reflects the tensions that define biblical archaeology as it narrates a tale of discovery. Readers follow "Dr. C" as he tracks down biblical, archaeological, and geographical clues to the destruction of Sodom and Gomorrah, narrowing the list of possible sites as he weighs evidence and battles skeptics. Finally, he arrives at a single location that looms as the only option: a massive ancient ruin called Tall el-Hammam in the Hashemite Kingdom of Jordan. Many scholars who were initially opposed to Dr. Collins's theory now concede that history books may need to be rewritten in light of his groundbreaking discovery. It—along with several other recent finds—is challenging the assumptions of academics and asserting a new voice in the controversy of biblical

archaeology and the dispute over using the Bible as a credible historical source. \*\*\* From respected archaeologist Dr. Steven Collins and award-winning author Dr. Latayne C. Scott comes the fascinating, true account of the frustrating search and exciting excavation of the city the Bible calls Sodom, which scholars and others had “misplaced” for hundreds of years. Like many modern-day Christians, Dr. Collins struggled with what seemed to be a clash between his heritage of belief in the Bible and the research regarding ancient history and human evolution. This crisis of faith led him to embark on a quest to put both his archaeological education and the Bible to the test by seeking out the lost ancient city, an expedition that has led to one of the most exciting finds in recent archaeology. Challenging the assumptions of academics around the world, *Discovering the City of Sodom* may well inspire a revision of the history books. Dr. Collins has become a new voice in the controversy over using the Bible as a credible source of understanding the past—and opened a new chapter in the struggle over the soul of biblical archaeology.

**Divine Alignment** Simon and Schuster  
Despite all the hype surrounding the "New Atheism," the United States remains one of the most religious nations on Earth. In fact, 95% of Americans believe in God—a level of agreement rarely seen in American life. The greatest divisions in America are not between atheists and believers, or even between people of different faiths. What divides us, this groundbreaking book shows, is how we conceive of God and the role He plays in our daily lives. *America's Four Gods* draws on the most wide-ranging, comprehensive, and illuminating survey of American's religious beliefs ever conducted to offer a systematic exploration of how Americans view God. Paul Froese and Christopher Bader argue that many of America's most intractable social and political divisions emerge from religious convictions that are deeply held but rarely

openly discussed. Drawing upon original survey data from thousands of Americans and a wealth of in-depth interviews from all parts of the country, Froese and Bader trace America's cultural and political diversity to its ultimate source—differing opinions about God. They show that regardless of our religious tradition (or lack thereof), Americans worship four distinct types of God: The Authoritative God—who is both engaged in the world and judgmental; The Benevolent God—who loves and helps us in spite of our failings; The Critical God—who catalogs our sins but does not punish them (at least not in this life); and The Distant God—who stands apart from the world He created. The authors show that these four conceptions of God form the basis of our worldviews and are among the most powerful predictors of how we feel about the most contentious issues in American life. Accessible, insightful, and filled with the voices of ordinary Americans discussing their most personal religious beliefs, *America's Four Gods* provides an invaluable portrait of how we view God and therefore how we view virtually everything else.

flippant decision to volunteer sets the stage for profound relationships you won't soon forget. When the housing bubble burst in 2008, Jeanne Corvese Hussin found herself at a fork in the road. She could either continue her job as a senior vice president for a mortgage banker at a significant pay cut or take the year-long severance and travel with her son, Jason. She chose the latter. Now what? After Jason would go to bed, the nights stretched out before Jeanne like a long black highway cutting through the desert. She spent the hours flirting with men online but was often disappointed by the real person behind the dating profile. Suddenly, she had an epiphany. Or maybe it was a message from God. She should find a way to give back. Drawn to senior citizens, Jeanne found herself at a local assisted living facility volunteering her time to memory care residents in a ward ironically named *Recollections*. From her inspired impulse to serve emerge the colorful characters who comprise *I See Old People(c)*. You will never be the same.
