Explore the Pain and Joy of Post-Divorce in this Story Adapted from Real Life Divorce. Are you going through it? Do you have friends or family who are? Do you provide legal or emotional counseling for those going through it? If so, this adaptation is a must-read for anyone trying to understand the complex mess called divorce. The Dogs of Divorce is a hilarious "who-done-it" and "why-done-it." This riveting journey

delves deeply in search of the many psychological drivers of divorce, with the agony and euphoria - even serendipity - played out in a story to which many can relate. Roughly based on the author's own experience, this book introduces us to a 40-something husband and father of three teens, who is suddenly served with divorce papers after 24 years of marriage. Stunned at first, he comes to understand that the signs had been building for years, and he

must reconstruct the clues... between countless trips to the courthouse and the bewildering maze of legal and emotional twists and turns.

Divorce, Vol. 8: As Told in the State Papers The chief merit of the work is that it tells the plain, unvarnished story of Henry's Divorce from Katherine, disentangled from the various other events and courses of action, foreign and domestic, of the period, by which the marriage question is generally obscured. It relies entirely upon the original documents as published in the various calendars of State Papers and other contemporary authorities, and the reader may see at once upon what ground any statement is made. It is true that, taken as a whole, this tale of intrigues and negotiations and delays reads more like the recital Of a feverish dream than sober history. The crisis, always imminent, seems never to advance, and to those unacquainted with Tudor methods, the story may Well appear incredible. The Divorce Papers Elise Faber Sparkling and sophisticated , this sometimes hilarious, sometimes heartbreaking debut novel tells the story of a very messy, very high-profile divorce and the endearingly cynical young lawyer dragooned into handling it. Twenty-nine-year-old Sophie Diehl is happy toiling away as a criminal law associate

at an old-line New England firm, where she very much appreciates that most of her clients are trapped behind bars. Everyone at Traynor, Hand knows she abhors face-to-face contact, but one week, with all the big partners out of town, Sophie is stuck handling the intake interview for the daughter of the firm's most important client. After eighteen

years of marriage, Mayflower descendant Mia Meiklejohn Durkheim has just been served divorce papers in a humiliating scene at the popular local restaurant, Golightly's.
