2. 3. 4. 5. 6. Mitchell 1 DIY provides online access to auto
repair information on over 30,000 vehicles between 1983 to
current in a powerful browser-based application that gives
the do-it-yourself home mechanics instant access to the very
latest in auto repair, maintenance, technical service bulletins
and recall information.

Sanding is important when repairing car body dents,
dings and scratches, as well as buffing out a new paint
job. However, use a sanding block or a sanding tool
rather than your hands for auto body work. Sanding with
just your hands often results in "natural" grooves and
errors, sometimes even when you're very careful.
