Doctor Who: The Wonderful Doctor of Oz Random House

All over the world, people are venting their fury at one another on social media. Dropping their friends, giving vent to their hatred, and everywhere behaving with incredible cruelty. Even Donna has found that her friend Hettie, with her seemingly perfect life and fancy house, has unfriended her. And now, all over the world, internet trolls are dying... As more and more people give in to this wave of bitterness and aggression, it's clear this is no simple case of modern living. This is unkindness as a plague. From the streets of London to the web cafes of South Korea and the deepest darkest forests of Rio, can the Doctor and Donna find the cause of this unhappiness before it's too late? An original novel featuring the Tenth Doctor and Donna, as played by David Tennant and Catherine Tate.

"Release the Doctor - or the killing will start." An asteroid in the furthest reaches of space - the most secure prison for the most dangerous of criminals. The Governor is responsible for the cruellest murderers so he's not impressed by the arrival of the man they're calling the most dangerous criminal in the quadrant. Or, as he prefers to be known, the Doctor. But when the new prisoner immediately sets about trying to escape, and keeps trying, the Governor sets out to find out why. Who is the Doctor and what's he really doing here? And who is the young woman who comes every day to visit him, only to be turned away by the guards? When the killing finally starts, the Governor begins to get his answers...

The destinies of three worlds and the Chosen One rest upon three ancient gold tablets written in the pure language of God. Now, good and evil collide in an epic battle for control of the galaxy and the souls of mankind.

The ageless war for the souls of mankind rages on in the third installment of the Worlds Without End series. After the presumed death of the Gnols' supreme leader - Koroan Chast, Dorange Gar seizes command over the other military overlords with the assistance of an ancient, supernatural being. Their goal is to find the golden tablet of Earth. This relic, combined with the relics of Terrest and Gnomol, will give untold power to whoever possesses them; enough power to dethrone even God, Himself. But before Dorange and his new ally can look for the ancient relic on Earth, they must first destroy the remaining human resistance on Terrest. Meanwhile, a child is born on Terrest to the transfigured parents of Jake Palmer and Celeste Chast. Is this child the chosen one?

Packed with practical suggestions, nutritional advice, relaxation skills, and other techniques to help strengthen your body and calm your mind, *The Chemotherapy Survival Guide* is a must-have resource for anyone navigating this difficult time.

Doctor Who: Big Bang Generation ABC-CLIO

"Release the Doctor - or the killing will start." An asteroid in the furthest reaches of space - the most secure prison for the most dangerous of criminals. The Governor is responsible for the worst fraudsters and the cruellest murderers. So he's certainly not impressed by the arrival of the man they're calling the most dangerous criminal in the quadrant. Or, as he prefers to be known, the Doctor. What does impress the Governor is the way the new prisoner immediately sets about trying to escape. And keeps trying. Finally, he sends for the Doctor and asks him why? But the answer surprises even the Governor. And then there's the threat - unless the Governor listens to the Doctor, a lot of people will die. Who is the Doctor and what's he really doing here? Why does he want to help the Governor? And who is the young woman who comes every day to visit him, only to be turned away by the guards? When the killing finally starts, the Governor begins to get his answers...
