PDF Document Scanner is quick and easy to use. Simply set your
document on the table and then frame it up on the screen and take a
picture. The document will be converted to a PDF file and stored on
your device! Create multiple page PDF document projects and save
them to cloud storage for backup, burn them to DVD, or whatever else
you choose!

Get PDF Document Scanner - Microsoft Store

This document scanner is compatible with both Windows-and macOS-based
computers, and it uses a single USB connection for both power and data
transfer. You can scan images and documents in as little as 10 seconds for fast
and efficient work. The lid of the scanner can be raised up to 21mm, so you can
scan magazines or stacks of documents.
