The Essential Guide to Writing History Essays  
Military Occupational Specialties Manual  
(MOS Manual). Documents Related to the  
Investigation of Senator Robert  
Packwood Documents for America's History,  
Volume 1 To 1877

Testimony/Bearing Witness establishes a  
dialogue between the different approaches to  
testimony in epistemology, historiography, law,  
art, media studies and psychiatry.

The Journal of the National Archives  
Modern World Studies

Philip Henslowe's Rose was  
Elizabethan London's first South Bank  
playhouse. This book sets the  
background of a working theatre  
against which the plays of  
Shakespeare and his contemporaries  
can be understood.

**The Perils of Masculinity** Social Studies  
Designed to accompany America's  
History, Seventh Edition, this primary-  
source reader offers a chorus of voices  
from the past to enrich the study of U.S.  
history. Document selections written by  
both celebrated historical figures and  
ordinary people demonstrate the diverse  
history of America while putting a human  
face on historical experience. A broad  
range of documents, from speeches and  
petitions to personal letters and diary  
entries, paints a vivid picture of the social  
and political lives of Americans,  
encouraging student engagement with the  
textbook material. Brief introductions place  
each document in historical context, and  
questions for analysis help link the  
individual primary sources to larger

---

historical themes.

The Failure of Operation FRANTIC, 1944-1945  
Rowman Altamira

Combining rich documentation selected from the five-volume series on Jewish Responses to Persecution, this text combines a carefully curated selection of primary sources together with basic background information to illuminate key aspects of Jewish life during the Holocaust. Many available for the first time in English translation, these letters, reports, and testimonies, as well as photographs and other visual documents, provide an array of first-hand contemporaneous accounts by victims. With its focus on highlighting the diversity of Jewish experiences, perceptions and actions, the book calls into question prevailing perceptions of Jews as a homogenous, faceless, or passive group and helps complicate students' understanding of the

Holocaust. While no source reader can comprehensively cover this vast subject, this volume addresses key aspects of victim experiences in terms of gender, age, location, chronology, and social and political background. Selected from vast archival collections by a team of expert scholars, this book provides a wealth of material for discussion, reflection, and further study on issues of mass atrocities in their historical and current manifestations. The book's cover photograph depicts the 1942 wedding of Salomon Schrijver and Flora Mendels in the Jewish quarter of Amsterdam. Salomon and Flora Schrijver were deported via Westerbork to Sobibor where they were murdered on July 9, 1943. USHMMPA (courtesy of Samuel Schryver).

Although Robert Morris (1734-1806), "the Financier of the American Revolution," was a signer of the Declaration of Independence, the Articles of Confederation, and the Constitution, a powerful committee chairman in the Continental Congress, an important figure in Pennsylvania politics, and perhaps the most prominent

businessman of his day, he is today least known of the great national leaders of the Revolutionary era. This oversight is being rectified by this definitive publication project that transcribes and carefully annotates the Office of Finance diary, correspondence, and other official papers written by Morris during his administration as superintendent of finance from 1781 to 1784.

**Prologue** Rowman & Littlefield  
This volume is aimed both at more experienced editors, who

---

may wish to skip over the advice offered in the introduction, as well as at those who are new to the craft and want to know how to begin work on publishing historical documents of interest to them.

### **Jewish Responses to Persecution**

Oxford University Press

John Redmond's constitutional, parliamentary, Irish Party went from dominating Irish politics to oblivion in just four years from 1914-1918. The goal of limited Home Rule, peacefully achieved, appeared to die with it. Given the speed of the party's collapse, its death has been seen as inevitable. Though

such views have been challenged, there has been no detailed study of the Irish Party in the last years of union with Britain, before the world war and the Easter Rising transformed Irish politics. Through a study of five counties in provincial Ireland - Leitrim, Longford, Roscommon, Sligo, and Westmeath - that history has now been written. Far from being 'rotten', the Irish Party was representative of nationalist opinion and still capable of self-renewal and change. However, the Irish nationalism at this time was also suffused with a fierce anglophobia and

---

sense of grievance, defined by its enemies, which rapidly came to the fore, first in the Home Rule crisis and then in the war. Redmond's project, the peaceful attainment of Home Rule, simply could not be realised.

Presidential Documents Rowman & Littlefield

With its unique combination of primary sources and historical narrative, this volume offers an important perspective on the peak years of the Nazi "Final Solution," when the Jewish struggle for survival became increasingly desperate. The rich set of documents captures the cultural, political, and economic diversity of European Jewry under

assault.

**Documents of Life 2** Routledge  
Based on never previously explored personal accounts and archival documentation, this book examines life and death in the Theresienstadt ghetto, seen through the eyes of the Jewish victims from Denmark. "How was it in Theresienstadt?" Thus asked Johan Grün rhetorically when he, in July 1945, published a short text about his experiences. The successful flight of the majority of Danish Jewry in October 1943 is a well-known episode of

---

the Holocaust, but the experience of the 470 men, women, and children that were deported to the ghetto has seldom been the object of scholarly interest. Providing an overview of the Judenaktion in Denmark and the subsequent deportations, the book sheds light on the fate of those who were arrested. Through a micro-historical analysis of everyday life, it describes various aspects of social and daily life in proximity to death. In doing so, the volume illuminates the diversity of individual situations and conveys the deportees' perceptions and striving for survival and 'normality'. Offering a multi-perspective and international approach that places the case of Denmark into the broader Jewish experience during the Holocaust, this book is invaluable for researchers of Jewish studies, Holocaust and genocide studies, and the history of modern Denmark. *Resistance* Wolters Kluwer

The scope of disasters ranges from man-made emergency to natural calamity, from a kitchen grease fire to a

---

hurricane or volcanic eruption. While each type of event requires a very different scale and type of immediate response, the project management challenges that face restoration and reconstruction professionals after the emergency phase is complete are remarkably similar. Using decades of real-world experience and academic research, the author explains pertinent requirements and methods for the contractors and other professionals who bring order from chaos. This is the first systematic presentation of the tools and skills needed for disaster recovery project management. It is designed primarily for contractors, although it will also be of value for those who might hire them, the communities they serve, and their organizational partners in the disaster recovery effort. The volume is focused on informing the management of projects that recover the built environment after emergency conditions are sufficiently stabilized, and supplements and complements books devoted to conventional construction or emergency relief management.

**Foreign Ministry** Manchester University Press

A one-of-a-kind anthology of primary texts in American foreign relations How should America wield its enormous

power beyond its borders? Should it adhere to grand principles or act on narrow self-interest? Should it partner with other nations or avoid entangling alliances? Americans have been grappling with questions like these throughout the nation's history, and especially since the emergence of the United States as a major world power in the late nineteenth century. *America in the World* illuminates this history by capturing the diverse voices and viewpoints of some of the most colorful and eloquent

---

people who participated in these momentous debates. Spanning the era from the Gilded Age to the Obama years, this unique reader collects more than two hundred documents—everything from presidential addresses and diplomatic cables to political cartoons and song lyrics. It encompasses various phases of American diplomatic history that are typically treated separately, such as the First World War, the Cold War, and 9/11. The book presents the perspectives of elite policymakers—presidents, secretaries of state, generals, and diplomats—alongside those of other kinds of Americans, such as newspaper columnists, clergymen, songwriters, poets, and novelists. It also features numerous documents from other countries, illustrating how foreigners viewed America's role in the world. Ideal for classroom use, *America in the World* sheds light on the complex interplay of political, economic, ideological, and cultural factors underlying the exercise of American power

---

on the global stage. Includes more than two hundred documents from the late nineteenth century to today Looks at everything from presidential addresses to political cartoons and song lyrics Presents diverse perspectives, from elite policymakers to clergymen and novelists Features documents from outside the United States, illustrating how people in other countries viewed America's role in the world  
*Concepts and Skills Social Studies*

In this book, Andreas G. Philaretou uses autobiographical reflection to investigate the negative impact of traditional masculine gender socialization on men's lives. Through an analysis that uses a feminist postmodern ideology of gender deconstruction and reconstruction, Philaretou sheds new light on the understudied area of male hurt, which is often experienced within the context of interpersonal relationships in dating, marital, and familial settings, and tends to be manifested in the form of male sexual anxiety, sexual addiction, and relational

---

abuse.

*The Diary of a Young Girl*

Anaconda Editions

Historians have long engaged with Roy Porter's call for histories that incorporate patients' voices and experiences. But despite concerted methodological efforts, there has simply not been the degree and breadth of innovation that Porter envisaged. Patients' voices still often remain obscured. This has resulted in part from assumptions about the limitations of archives, many of which are formed of institutional records written

from the perspective of health professionals. Patient voices in Britain repositions patient experiences at the centre of healthcare history, using new types of sources and reading familiar sources in new ways. Focusing on military medicine, Poor Law medicine, disability, psychiatry and sexual health, this collection encourages historians to tackle the ethical challenges of using archival material and to think more carefully about how their work might speak to persistent health inequalities and challenges in health-service delivery.

The Essential Guide to Writing History Essays is a step-by-

step guide to the typical assignments of any undergraduate or master's-level history program in North America. Effective writing is a process of discovery, achieved through the continual act of making choices--what to include or exclude, how to order elements, and which style to choose--each according to the author's goals and the intended audience. The book integrates reading and specialized vocabulary with writing and revision and addresses the evolving nature of digital media while teaching the terms and logic of traditional sources and the reasons for

---

citation as well as the styles. This approach to writing not only helps students produce an effective final product and build from writing simple, short essays to completing a full research thesis, it also teaches students why and how an essay is effective, empowering them to approach new writing challenges with the freedom to find their own voice.
