The Construction Chart Book presents the most complete data available on all facets of the U.S. construction industry: economic, demographic,

employment/income, education/training, and safety and health issues. The book presents this information in a series of 50 topics, each with a

description of the subject matter and corresponding charts and graphs. The contents of The Construction Chart Book are relevant to owners,

contractors, unions, workers, and other organizations affiliated with the construction industry, such as health providers and workers compensation

insurance companies, as well as researchers, economists, trainers, safety and health professionals, and industry observers.

Dodge Durango/Dakota Repair Manual Haynes Manuals N. America, Incorporated

The Standards of Conduct Office of the Department of Defense General Counsel's Office has assembled an "encyclopedia" of cases of ethical failure for use as a training tool. These are real examples of Federal employees who have intentionally or unwittingly violated standards of conduct.

Some cases are humorous, some sad, and all are real. Some will anger you as a Federal employee and some will anger you as an American taxpayer.

Note the multiple jail and probation sentences, fines, employment terminations and other sanctions that were taken as a result of these ethical

failures. Violations of many ethical standards involve criminal statutes. This updated (end of 2009) edition is organized by type of violations,

including conflicts of interest, misuse of Government equipment, violations of post-employment restrictions, and travel.

Chevrolet Corvette, 1968-1982 Penguin

Haynes disassembles every subject vehicle and documents every step with thorough instructions and clear photos. Haynes repair manuals are used by the pros, but written for the do-it-yourselfer.
