The Construction Chart Book presents the most complete data available on all facets of the U.S. construction industry: economic, demographic, employment/income, education/training, and safety and health issues. The book presents this information in a series of 50 topics, each with a description of the subject matter and corresponding charts and graphs. The contents of The Construction Chart Book are relevant to owners, contractors, unions, workers, and other organizations affiliated with the construction industry, such as health providers and workers compensation insurance companies, as well as researchers, economists, trainers, safety and health professionals, and industry observers.

America, Incorporated "This twenty-seventh edition of *A Guide to Starting a Business in Minnesota*, like its predecessors, is intended to provide a concise, summary discussion of the major issues faced by those starting a business in Minnesota. This edition of the Guide contains three major sections: the narrative text; a Resource Directory, which provides addresses and telephone numbers of organizations referenced in the text; and the Directory of Licensed and Permits, which lists all business licenses and permits required by the State of Minnesota, the state agency which issues or administers the license or permit, and a telephone number for obtaining more information. Topics presented in the narrative text are presented in the order in which the new business owner typically must address them."--Preface
