As the city rebuilds from the onslaught of sorcery that nearly destroyed it, the great Houses of Paris, ruled by Fallen angels, still contest one another for control over the capital. House Silverspires was once the most powerful, but just as it sought to rise again, an ancient evil brought it low. Phillippe, an immortal who escaped the carnage, has a singular goal—to resurrect someone he lost. But the cost of such magic might be more than he can bear. In House Hawthorn, Madeleine the alchemist has had her addiction to angel essence savagely broken. Struggling to live on, she is forced on a perilous diplomatic mission to the underwater dragon kingdom—and finds herself in the midst of intrigues that have already caused one previous emissary to mysteriously disappear.... As the Houses seek a peace more devastating than war, those caught between new fears and old hatreds must find strength—or fall prey to a magic that seeks to bind all to its will.

The classic collection of Dr. King ' s sermons that fuse his Christian teachings with his radical ideas of love and nonviolence as a means to combat hate and oppression. As Martin Luther King, Jr., prepared for the Birmingham campaign in early 1963, he drafted

the final sermons for Strength to Love, a volume of his most well known homilies. King had begun working on the sermons during a fortnight in jail in July 1962. While behind bars, he spent uninterrupted time preparing the drafts for works such as " Loving Your Enemies " and " Shattered Dreams, " and he continued to edit the volume after his release. Strength to Love includes these classic sermons selected by Dr. King. Collectively they present King ' s fusion of Christian teachings and social consciousness and promote his prescient vision of love as a social and political force for change.

Today we associate the Renaissance with painting, sculpture, and architecture—the " major " arts. Yet contemporaries often held the " minor " arts—gem-studded goldwork, richly embellished armor, splendid tapestries and embroideries, music, and ephemeral multi-media spectacles—in much higher esteem. Isabella d ' Este, Marchesa of Mantua, was typical of the Italian nobility: she bequeathed to her children precious stone vases mounted in gold, engraved gems, ivories, and antique bronzes and marbles; her favorite ladies-in-waiting, by contrast, received mere paintings. Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of their components; paintings and sculptures in modest materials, although discussed by some literati, were of lesser consequence. This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries. The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as " decorative " or " minor " arts—extravagant trinkets of the rich unworthy of the status of Art. Then, by re-examining the objects themselves and their uses in their day, she shows how sumptuous creations constructed the world and taste of Renaissance women and men.

For Bible students, teachers, and Christians of all types, this is the work to turn to for understandable, in-depth explanations of the most intriguing book of the Bible.American Lutheran pastor JOSEPH AUGUST SEISS (1823-1904) was born in Maryland and served congregations in Virginia, Maryland, and Pennsylvania. Multi-award winning author Aliette de Bodard, brings her story of the War in Heaven to Paris, igniting the City of Light in a fantasy of divine power and deep conspiracy... In the late twentieth century, the streets of Paris are lined with haunted ruins, the aftermath of a Great War between arcane powers. The Grand Magasins have been reduced to piles of debris, Notre-Dame is a burnt-out shell, and the Seine has turned black with ashes and rubble and the remnants of the spells that tore the city apart. But those that survived still retain their irrepressible appetite for novelty and distraction, and The Great Houses still vie for dominion over France's once grand capital. Once the most powerful and formidable, House Silverspires now lies in disarray. Its magic is ailing; its founder, Morningstar, has been missing for decades; and now something from the shadows stalks its people inside their very own walls. Within the House, three very different people must come together: a naive but powerful Fallen angel; an alchemist with a self-destructive addiction; and a resentful young man wielding spells of unknown origin. They may be Silverspires' salvation—or the architects of its last, irreversible fall. And if Silverspires falls, so may the city itself.

Guardian Angels Battle for Human Souls: Leuviah (Guardian Angel) is assigned to guide and protect Lyle as he journeys through the hurdles of life. There will be trials for both Leuviah and Lyle. Demons are present, working hard to corrupt Lyle to do evil and damn his soul to Hell. At times, Lyle will question his relationship with God. Leuviah works diligently to keep him on God's path. There are periods in his journey, Lyle falls to the dark side. With a herculean effort, guidance from Briathos (Mentor), Leuviah charges forward to guide Lyle on a spiritual path. In the end, will Lyle be in God's graces as he ascends from this life to the next? "Author DL Render's imaginative, fantastic vision of guardian angels helping earth's humans focuses on protagonist, Lyle, and his assigned guardian angel, Leuviah, as they journey through life's challenges and hurdles, together every step of the way, with Leuviah doing her best to keep Lyle on the straight and narrow spiritual path to God, avoiding the pitfalls set by demons along the way. This highly creative manuscript could be considered, in many ways, to be both a wonderful, fitting tribute and worthy companion novel to C.S. Lewis's famous The Screwtape Letters. What is especially interesting about the story is that it acts as an almost exact mirror image of said work, where this manuscript offers the other side of the coin, the heavenly side, replete with a mentoring guardian angel helping one of the protégé guardian angels (much like the supervising Screwtape overseeing the rookie demon in Lewis's masterpiece.) Great job with this; fans of Lewis and others should enjoy this!" Bret Hoveskeland Senior Editor Salem Author Services DL Render grew up in Waterford, Michigan, the second of 8 children. After graduating high school, he enlisted in the U. S. Navy. Completing 20 years of service, August 12th, 1994. Graduated

from Old Dominion University in 1986. He is a dedicated father of 4 daughters and 1 son. During his world travels, he experienced and saw others survive what should have been life ending events. Many were thought to be miracles. He often wondered, was it Guardian Angels, doing God's work, protecting their assigned Humans? This became the catalyst for; "Guardian Angels Battle for Human Souls."

Micheline Renauld*** The Angel Chronicles Books I-VThe Guardian Angels by the Angel Auberon *** Auberon s Words of Introduction At the very beginning God asked the Angel Auberon, the most noble of the Principalities, to chronicle the events of all time. Auberon did as he was asked. In the year 2001 Auberon requested permission to come to Earth to tell his story. Auberon came to us at The White Notebook (R) Library, entrusting us with the story he wished to give to those who lived on Earth. The story he left behind is one of love and of angel beneficence. It is entitled The Angel Chronicles. In his book, Auberon describes how the world was created, how human life on Earth began and how the angels forever found ways to make a meaningful contribution to human beings. We at The White Notebook felt that Auberon left us with not only his words but with a greater respect for our potential as human beings, with intelligent optimism and, for many of us, a return to hopefulness. *** We have listed for you below the Table of Contents and synopsis related to Book I. In it would be a planet called Earth. God sent the angels out from their home in the beyondness for He had decided that the Earth would be sung into existence by them. The angels set to begin their work. Their finely feathered wings carried them in flight until they reached the center of the vast space of time. There they stopped. They breathed their beautiful breaths as they looked about and considered what they were to accomplish. The angels first sang into existence the planets and stars and the sun and the moon. They next sang their angel music until the Earth was made. All things upon the Earth the angels next sang into being, the mountains and rivers, and also the variety of creatures God wished to inhabit the Earth. In this way the entire physical world emanated from purely spiritual beings: God and His angel emissaries. The angels thought they might rest. But Michael the Archangel came to them in a dream to remind them that they were also to sing into life the most wondrous of all creatures, the human beings. The angels were astonished. Nonetheless, they sang the most beautiful of alleluias and human beings were brought into existence. When the angels saw the first human beings walk about the Earth, they fell in love. It was inevitable that the angels would fall in l
