Sherlock Holmes - The Reigate Puzzle OUP Oxford

"The Selfish Giant" is a short fantasy story for children by the Irish author Oscar Wilde. The story's plot revolves around a giant who builds a wall to keep children out of his garden, but learns compassion from the innocence of the children. The short story contains significant religious imagery. The Selfish Giant owns a beautiful garden which has 12 peach trees and lovely fragrant flowers, in which children love to play after returning from the school. The Giant put a notice board "TRESPASSERS WILL BE PROSECUTED". The garden falls into perpetual winter. One day, the giant is awakened by a linnet, and discovers that spring has returned to the garden, as the children have found a way in through a gap in the wall... It was first published in 1888 in the anthology *The Happy Prince and Other Tales*, which, in addition to its title story, also includes "The Nightingale and the Rose", "The Happy Prince", "The Devoted Friend" and "The Remarkable Rocket".
