C# Essentials IGI Global Curious about the world of obstetrics and gynecology? Want to know why a future doctor would want to specialize in gynecology? Or perhaps you'd just like a peek behind the curtain, so to speak -- and to hear some OBGYN secrets. If you're intrigued by any of these topics, or just want to know about women's health from an OBGYN who tells it like it is, this book is for you.

"Confessions of a Male Gynecologist" reveals not only what your gynecologist is thinking when your feet are in the stirrups, but provides women with some frank advice. Dr. Bellanger provides readers with an education, gets on his high horse, and shares some unbelievable (and in many cases), "laugh-out-loud" stories. Here's what readers have to say ... "... full of insights you had no idea you wanted to know." "... informational, educational, and at times downright hysterical" "... answers all the questions you've ever had about your gynecologist" "... an entertaining experience." "... an insightful look into the complexity and realities of not only women's health, but the state of our health care system today."

Popular Science McGraw-Hill Education SURVIVAL OF THE PRETTIEST is the simple title for a comprehensive book on this complex and contentious subject, from the factual details of what makes a face beautiful to the deepest questions about the nature of beauty itself and its place in the human condition. Its aim is to satisfy everyone's insatiable curiosity about beauty, a subject shrouded in mystique, and to provide answers to basic questions guided by cutting edge scientific knowledge rather than myth. Is there such a thing as universal beauty of the human face or body? The book will

also be full of fascinating facts about the nitty-gritty of beauty. Why do men strive for V-shaped torsos? Why do women paint their lips red? SURVIVAL OF THE PRETTIEST will not be a political manifesto, though it will discuss the politics of beauty in depth. It will discuss beauty for what it is: an essential and ineradicable part of human nature - and far from a trivial or shallow matter.

Roof Framing

"Standardized Minds" dramatically shows how an unhealthy and enduring obsession with intelligence testing affects everyone. Drawing creative solutions from the headlines and front lines, Sacks demonstrates proven alternatives to such testing, and details a plan to make the American meritocracy legitimate and fair.

Survival of the Prettiest

Leo Graf was just your average highly

efficient engineer: min your own business, fix what's wrong and move on to the next job. Everything neat and according to spec, just the way he liked it. But all that changed on his assignment to the Cay Habitat. Could you just stand there and allow the exploitation of hundreds of helpless children merely to enhance the bottom line of a heartless mega-corporation? Leo Graf adopted a thousand quaddies -- now all he had to do was teach them to be free.
