Don't Even Think About It – Sarah Mlynowski

Don't Even Think About It argues that the answers to these questions do not lie in the things that make us different and drive us apart, but rather in what we all share: how our human brains are wired, our evolutionary origins, our perceptions of threats, our cognitive blindspots, our love of storytelling, our fear of death, and our deepest instincts to defend our family and tribe.

[S.A.S. — Don't Even Think About It Lyrics | Genius Lyrics](#)

Don't Even Think About It is a sprightly-written cornucopia of insight into the pitfalls and potential of communicating about climate change. Not as pessimistic as the title and subtitle might suggest, Marshall argues that we are both wired to ignore a problem like climate change (distant, abstract, without clear villains) and that we are wired to respond — capable of putting aside short-term self-interest for quite heroic collective efforts in the face of a shared problem or threat.
