Ask a Manager Chronicle Books

Fresh, funny, and fearless, The Middle Finger Project is a point-by-point primer on how to get unstuck, slay imposter syndrome, trust in your own worth and ability, and become a strong, capable, wonderful, weird, brilliant, ballsy, unfuckwithable YOU. "Don't worry, this isn't a book about God, nor is it a book about Ryan Gosling (second in command). But it is a book about authority and becoming your own." --Ash Ambirge

After a string of dead-end jobs and a death in the family, Ash Ambirge was down to her last \$26 and sleeping in a Kmart parking lot when she faced the truth: No one was coming to her rescue. It was up to her to appoint herself. That night led to what eventually became a six-figure freelance career as a sought-after marketing and copywriting consultant, all while sipping coffee from her front porch in Costa Rica. She then launched The Middle Finger Project, a blog and online course hub, which has provided tens of thousands of young "women who disobey" with the tools and

mindset to give everyone else's expectations the finger and get on your own path to happiness, wealth, independence, and adventure. In her first book, Ash draws on her unconventional personal story to offer a fun, bracing, and occasionally potty-mouthed manifesto for the transformative power of radical self-reliance. Employing the signature wit and wordsmithing she's used to build an avid following, she offers paradigm-shifting advice along the lines of:

- The best feeling in the world is knowing who you are and what you're capable of doing.
- Life circumstances are not life sentences. If a Scranton girl who grew up in a trailer park can make it, so can you.
- What you believe about yourself will either murder your chances or save your life. So why not believe something good?
- You don't need a high-ranking job title to be authorized to contribute. You just need to contribute.
- Be your own authority. Authority only works as long as you trust that someone smarter than you is making the rules.
- The way you become a force is by being the most radically

real version of yourself that you can be. • You only have 12 fucks a day to give, so use them wisely.

The Comfort Book

ReadHowYouWant.com

Too often a design or architecture degree is seen as a means to an end (a job in an established practice). But imagine for one moment that there are no employers, no firms to send your CV to, no interviews to be had – what would you do? How would you forge your own path after graduation? The current economic climate has seen many graduates chasing a finite number of positions. The most ingenious and driven designers have found weird and wonderful ways of making opportunities for themselves, often by applying their skills across the creative disciplines of art, design, architecture and

interiors. Knowing what you want from your design career and being able to adapt your strategy to suit is basic and vital – just like in the wild, designers need to evolve. The book celebrates the various strategies that students and graduates are taking to gain exposure, while also including interviews and inspirational advice from those who are now enjoying success as a result of their creative approach to employment. Don't Make Me Think St. Martin's Press

From bestselling writer David Graeber— “ a master of opening up thought and stimulating debate ” (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David

Graeber asked this question in a playful, provocative essay titled “ On the Phenomenon of Bullshit Jobs. ” It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society ’ s most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. “ Clever and charismatic ” (The New Yorker), Bullshit Jobs gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and “ a thought-provoking examination of our working lives ” (Financial Times).

Don't Get a Job Make a Job Pearson Education

If you think financial health is beyond your reach, think again. I Will Teach You To Be Rich is the modern money classic that has revolutionised the lives of countless people all over the world, teaching them how to effectively manage their finances, demolish their debt, save better and get the most out of their bank accounts, credit cards and investments. Now, Ramit Sethi, who has been described by Forbes as a 'wealth wizard' and by Fortune as 'the new finance

guru', is back with a completely revised second edition of *I Will Teach You To Be Rich*, updating it with new tools and insights on money and psychology, along with fantastic stories of how previous readers have used the book to enrich their lives. From crushing your debt and student loans to talking your way out of late fees, to dead simple investment strategies and negotiating that big raise at work, this is the no-guilt, no-excuses, no-BS 6-week programme that will help you get your finances where you want them to be.

Work Won't Love You Back

Penguin

Preface: a book about advice, not an advice book --

Introduction: the company you keep -- You are just like Coca-Cola: selling your self through personal branding -- Being

generic--and not--in the right way -- Getting off the screen and into networks -- Didn't we meet on LinkedIn? -- Changing the technological infrastructure of hiring -- The decision makers: what it means to be a hiring manager, recruiter, or HR person -- When moving on is the new normal -- Conclusion: we wanted a labor force but human beings came instead

The Quit Alternative John

Wiley & Sons

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional

conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.”

Ten years as a workplace-advice columnist have taught her that people

avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party

Praise for Ask a Manager
“A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even

better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together* *You Don't Have to Drive an Uber in Retirement* Createspace Independent Publishing Platform A deeply-reported examination of why "doing what you love" is a recipe for exploitation, creating a new tyranny of work in which we cheerily acquiesce to doing jobs that take over our lives. You're told that if you "do what you love, you'll never work a day in your life." Whether it's working for "exposure" and "experience," or enduring poor treatment in the name of "being part of the family," all employees are pushed to make sacrifices for the privilege of being able to do what we love. In *Work Won't Love You Back*, Sarah Jaffe, a preeminent voice on labor, inequality, and social movements, examines this "labor of love" myth—the idea that certain work is not really work, and therefore should be done out of passion instead of pay. Told through the lives and

experiences of workers in various industries—from the unpaid intern, to the overworked teacher, to the nonprofit worker and even the professional athlete—Jaffe reveals how all of us have been tricked into buying into a new tyranny of work. As Jaffe argues, understanding the trap of the labor of love will empower us to work less and demand what our work is worth. And once freed from those binds, we can finally figure out what actually gives us joy, pleasure, and satisfaction.

The Trouble with Passion
Currency

Here are the top 5 reasons this professional development book is a MUST READ:1) You can create the job you love without quitting your job and giving up your steady paycheck, 401(k), and insurance. This book shows you how. You won't find this information in traditional career guides. It is 100% possible for you, even if you've been considering how to quit your job or how to snag a job you love.2) You'll be entertained (and secretly educated). You'll laugh, cry, and maybe even feel compelled to leave a copy on your boss' desk. Stick with me, and you'll discover helpful principles that will make you the talk of the water cooler. This isn't another ho-hum professional development book, and it's not a "how to find a job" guide full of blank forms. You'll learn a new and inspiring perspective through unforgettably entertaining stories, like what I learned the day my shrink fired me, how I negotiated for a toilet seat on the corporate jet, and how I got called out by my masseuse.3) You'll become empowered, whether you're the mail clerk or CEO or you fall somewhere in between. This book has been endorsed by 5 senior executive leaders

of Fortune 1000 companies and 3 mail clerks.4) You'll discover a return on your investment to earn a car. Invest a few dollars and a little bit of time to read this book, and you'll pick up career development tips that can save you enough to earn a car (page 9).5) You'll have a "Personal Career Counselor in Your Pocket." It's useful and practical with vivid case studies for how to negotiate with the boss to help pay for your MBA or support a relocation to the city of your dreams. You'll also learn how to deal with an unreasonable boss and even say "No" without getting fired.

Job Seekers Success

Audit Kogan Page

Publishers

Dear Job Seeker, Job Seekers Success Audit is your success recipe. You are getting \$999 workshop value at \$15. If you are not getting any calls or interviews, it is for

I don't want it to happen in your career, so this daily one task limit. You have a job so don't stretches much do small Chunks Small chunks work best. Search for productivity, and you will find doing things in small chunk always works. It leads you to the desired destination. Remember, I DO better</p>
---	---

than IQ. So start doing. It works and is the approach of popular Japanese Kaizen method of productivity. Do one thing at a time regularly and get significant result long term. You will do it in your work day and no extra demand for time. You will spend 30 to 60 minutes for your LinkedIn Profile and Resume for about 20 to 30 days. You spend time on social media now spend on your career and not on Facebook, Instagram or YouTube for one month for your dream job. Think when you are doing your resume you need an address of the job you were doing years back, you know it mentally you can reach there but don't know the address to write. So you made few phones to get it. OR You need a detail for a reference contact you want to give when asked and you don't have. These will never happen to you because during audit you will create a Master file for your career information You will have all the info you will need. You will end your NO Calls NO Interview cycle Because your resume will have 1. Headline 2. Functional Title and 3. Branding All three you don't have on your resume. Follow these new tactics and succeed. You will 1. Pass ATS 2. Get recruiters attention and 3. Interest hiring Manager Can you spend 50 cents a day for a month to advance your career? It's \$15. If you want to end NO Calls, NO interview cycle do the audit. Get

your copy of Job Seeker Success Audit.

Don't Get a Job...Make a Job Penguin

The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates them from the pack: they have a plan. They understand

exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site The Professor is In, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their dream careers. Now,

for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including: -When, where, and what to publish -Writing a foolproof grant application -Cultivating references and crafting the perfect CV -Acing the job talk and campus interview -Avoiding the adjunct trap -Making the leap to nonacademic work, when the time is right The Professor Is In addresses all of these issues, and many more.

Don't Keep Your Day Job

John Wiley & Sons

Too often a design or architecture degree is seen as a means to an end (a job in an established practice). But imagine for one moment that there are no employers, no firms to send your resumé to, no interviews to be had—what would you do? How would you forge your own path after

graduation? The current economic climate has seen many graduates chasing a finite number of positions. The most ingenious and driven designers have found weird and wonderful ways of making opportunities for themselves, often by applying their skills across the creative disciplines of art, design, architecture, and interiors. Knowing what you want from your design career and being able to adapt your strategy to suit is basic and vital—just like in the wild, designers need to evolve. The book celebrates the various strategies that students and graduates are taking to gain exposure, while also including interviews and inspirational advice from those who are now enjoying success as a result of their creative approach to employment. *Get a Great Job When You Don't Have a Job* University of Chicago Press
“Interesting...Bowlin's calmly rational approach to the subject of conspiracy theories shows the importance of logic

and evidence.”—Booklist "A page-turning book to give to someone who believes in pizza pedophilia or that the Illuminati rule the world."—Kirkus Reviews The co-hosts of the hit podcast *Stuff They Don't Want You to Know*, Ben Bowlin, Matthew Frederick, & Noel Brown, discern conspiracy fact from fiction in this sharp, humorous, compulsively readable, and gorgeously illustrated book. In times of chaos and uncertainty, when trust is low and economic disparity is high, when political institutions are crumbling and cultural animosities are building, conspiracy theories find fertile ground. Many are wild, most are untrue, a few are hard to ignore, but all of them share one vital trait: there's a seed of truth at their center. That seed carries the sordid, conspiracy-riddled history of our institutions and corporations woven into its DNA. Ben Bowlin, Matt Frederick, and Noel Brown host the popular iHeart Media

podcast, *Stuff They Don't Want You To Know*. They are experts at exploring, explaining, and interrogating today's emergent conspiracies—from chem trails and biological testing to the secrets of lobbying and the indisputable evidence of UFOs. Written in a smart, witty, and conversational style, elevated with amazing illustrations, *Stuff They Don't Want You to Know* is a vital book in understanding the nature of conspiracy and using truth as a powerful weapon against ignorance, misinformation, and lies.

Love Your Job Laurence King Publishing

You were designed to work not to be in a permanent employment situation. As an employee, you have empowered someone to determine your lifestyle. One of your greatest fear in life is to lose your job. Responsibilities

overwhelm. you are alive to the fact that someone can fire you. What if there was an alternative way of life? Did you know that whoever controls your time controls your life? Did you know that deployment is more secure than employment. If your desire to 'Prison Break' and reveal yourself to the world, then you don't need a job. No other book will ever prepare you for your transition than "You Don't Need A Job" by Dr. Kinyanjui Nganga. Through a practical approach backed by interviewing successful entrepreneurs who transited from employment into business, this book not only motivates you to succeed in your entrepreneurial journey but also prepares you in almost all aspects of managing the transition phase without compromising the entrepreneurial mind set. Clever Girl Finance Mercier Press Ltd Five years and more than 100,000 copies after it was first published, it's hard to imagine anyone working in Web design who hasn't read Steve Krug's "instant classic" on Web usability, but people are still discovering it every day. In this second edition, Steve adds three new chapters in the same style as the original: wry and entertaining, yet loaded with insights and practical advice for novice and veteran alike. Don't be surprised if it completely changes the way you think about Web

design. Three New Chapters! Usability as common courtesy -- Why people really leave Web sites Web Accessibility, CSS, and you -- Making sites usable and accessible Help! My boss wants me to _____. -- Surviving executive design whims "I thought usability was the enemy of design until I read the first edition of this book. Don't Make Me Think! showed me how to put myself in the position of the person who uses my site. After reading it over a couple of hours and putting its ideas to work for the past five years, I can say it has done more to improve my abilities as a Web designer than any other book. In this second edition, Steve Krug adds essential ammunition for

those whose bosses, clients, stakeholders, and marketing managers insist on doing the wrong thing. If you design, write, program, own, or manage Web sites, you must read this book." -- Jeffrey Zeldman, author of *Designing with Web Standards* *Don't Quit Your Day Job* Simon & Schuster This book is full of the kind of information you need to run a small business successfully - whether you are just starting out, or you have an established business and you want to develop it and ensure its survival. Through a series of 'Killer Questions' the authors highlight all the important things you need to think about to make your business a success and ensure you are heading in the right direction. The book

is divided into three sections: on "doing what they love" the first deals with the business owner themselves, the second addresses other people involved in the business, whether they are customers, suppliers, staff or consultants, and the third looks at the structure of and planning in the business.

The informal approach and short chapters means that the book can either be read straight through or be dipped in and out of for easy reference. The authors have a combination of fifty years' business experience between them and are both currently involved in business training and coaching.

The Middle Finger Project Ballantine Books Forget the conventional idea of the dream job - you know, the one where your teenage self makes a life altering judgement

and then invests years and six figures into that judgement... You will, and CAN, do many things in your life. This book is the blueprint to actually getting your dream job, by building it yourself.

You Don't Need a Job Don't Get a Job Make a Job Learn how to survive and thrive within organisations In *Don't Quit Your Day Job*, former Google and Twitter executive Aliza Knox delivers hands-on, practical steps for achieving career success. Driven by Knox's four decades working in and leading some of the world's most celebrated firms, and featuring candid accounts of other people's successes and missteps in global tech, consumer goods, healthcare, academia, social services and more, this book is an essential guide to integrating your professional and personal goals to build a fulfilling,

complete life. The book also includes: Invaluable advice to power up your people skills and soft skills, and how to care for your career like you would any other relationship.

Effective perspectives to help balance your working life and personal life and to build stamina for the long haul. A global outlook that reveals how to excel in today's hybrid, often dispersed world of work. Whether you're just starting your first job or you're ready to rise to the C-suite, *Don't Quit Your Day Job* will help you advance and flourish in the workplace.

Don't Get a Job, Build a Business Aha Process Incorporated

When a bus driver takes a break in this hilarious Caldecott Honor-winning picture book, he gives the reader just one instruction: "Don't let the pigeon drive the bus!" But, boy, that pigeon tries every trick in the book to

get in that driving seat: he whines, wheedles, fibs and flatters. Will you let him drive? Told entirely in speech bubbles, this brilliantly original and funny picture book demands audience participation!
