A riveting story of World War II and the courage of one young woman as she is drafted into Churchill's overseas spy network, aiding the French Resistance behind enemy lines and working to liberate Nazi-occupied Paris... London, 1941: In a cramped bunker in Winston Churchill's Cabinet War Rooms, underneath Westminster's Treasury building, civilian women huddle at desks, typing up confidential documents and reports. Since her parents were killed in a bombing raid, Rose Teasdale has spent more hours than usual in Room 60, working double shifts, growing accustomed to the burnt scent of the Prime Minister's cigars permeating the stale air. Winning the war is the only thing that matters, and she will gladly do her part. And when Rose's fluency in French comes to the attention of Churchill himself, it brings a rare yet dangerous opportunity. Rose is recruited for the Special Operations Executive, a secret British organization that conducts espionage in Nazi-occupied Europe. After weeks of grueling training, Rose parachutes into France with a new codename: Dragonfly. Posing as a cosmetics saleswoman in Paris, she ferries messages to and from the Resistance, knowing that the slightest misstep means capture or death. Soon Rose is assigned to a new mission with Lazare Aron, a French Resistance fighter who has watched his beloved Paris become a shell of itself, with desolate streets and buildings draped in Swastikas. Since his parents were sent to a German work camp, Lazare has dedicated himself to the cause with the same fervor as Rose. Yet Rose's very loyalty brings risks as she undertakes a high-stakes prison raid, and discovers how much she may have to sacrifice to justify Churchill's faith in her . . . Design has long expressed and established itself as an independent research competence — a fact that also companies, institutions and politicians have come to acknowledge. What is still needed, however, is a stronger public platform for design to confidently reflect upon this process and to establish and communicate the specific innovative and experimental dimension of design research. For this reason, BIRD, the Board of International Research in Design, has developed the New Experimental Research in Design / NERD format. The edited conference contributions of twelve young researchers from all over the world provide an impressive and diverse and insightful range of intelligent and inspiring approaches in design research, giving rise to further debate and action in the rapidly evolving field.

The Things We Cannot Say Ballantine Books

“ Mr. Gross's direct style is full of sentiment but never maudlin and well-suited to scenes of violent action. *Button Man* has plenty of zip — and lots of moxie, too.” — Wall Street Journal “This is a big, heartfelt handshake of a book, with all the street-scrambling energy that distinguishes the best fiction of Jeffrey Archer and Mario Puzo.” — USA Today Following up *The One Man and The Saboteur*, Gross's next historical thriller brings to life the drama of the birth of organized crime in 1930s New York City from the tale of one family. After a string of New York Times bestselling suburban thrillers, Andrew Gross has reinvented himself as a writer of historical thrillers. In his latest novel, *Button Man*, he delivers a stirring story of a Jewish family brought together in the dawn of the women's garment business and torn apart by the birth of organized crime in New York City in the 1930s. Morris, Sol, and Harry Rabishevsky grew up poor and rough in a tiny flat on the Lower East Side, until the death of their father thrust them into having to fend for themselves and support their large family. Morris, the youngest, dropped out of school at twelve years old and apprenticed himself to a garment cutter in a clothing factory; Sol headed to accounting school; but Harry, scarred by a family tragedy, fell in with a gang of thugs as a teenager. Morris steadily climbs through the ranks at the factory until at twenty-one he finally goes out on his own, convincing Sol to come work with him. But Harry can't be lured away from the glamour, the power, and the money that come from his association with Louis Buchalter, whom Morris has battled with since his youth and who has risen to become the most ruthless mobster in New York. And when Buchalter sets his sights on the unions that staff the garment makers' factories, a fatal showdown is inevitable, pitting brother against brother. This new novel is equal parts historical thriller, rich with the detail of a vibrant New York City in the 1920s and 1930s, and family saga, based on Andrew Gross's own family story and on the history of the era, complete with appearances by real-life characters like mobsters Louis Lepke and Dutch Schultz and special prosecutor Thomas Dewey, and cements Gross's reputation as today's most atmospheric and original historical thriller writer.
