Growing up is tough. So is growing old. And everything in between? Well, it's all tough. Between the pages of this short fiction collection, you will find internet daters, shy bus drivers, talking corpses, playground bullies, and monsters in the closet. Spies, old friends, unhappy teens,

grieving sisters, overworked businessmen, and novice chess players bare their struggles and triumphs in local parks, cafes, funeral homes, bus stops, even their bedrooms. These poignant, often humorous, contemporary short stories remind us how important human connections are in this crazy, yet beautiful world. Fifteen stories in all! Read what others are saying about these contemporary short stories: "These short stories are great when you need a five to ten-minute break from your own life. The plots suck you in quickly and the characters are immediately recognizable and relatable. You read wanting to finish the story in one sitting and the perfect length means you can." ~ Meggan "A short read (and it's difficult to get all of the elements of a good story into a few words), a challenging read -- I thought about these stories, especially *Say Something* (Would I have said something?) -- long after I finished reading. A delightful read -- especially *The Orange Scarf*. The imagery in this middle story, the imagination, the language -- the writing style -- show talent. Thank you, K. Kris Loomis, for a good read!" ~ Christine "I have to admit that because I'm a fan of longer works myself -

3-volume nineteenth-century novels, doorstop-size biographies and scholarly editions - the trend toward shorter and shorter short stories has somewhat dismayed me, both as a writer and a reader. As a writer, I can't seem to stay succinct, and as a reader, I often feel like a short story isn't really developed enough to draw me into the world and make me care about it. Kris Loomis's stories have entirely changed my mind." ~ Misty "One park, one bench, and 6 characters make for three very unassuming interludes that provide a satisfying glimpse into the lives of uniquely ordinary people. The characters are brought to life with a verbal-visual acuity that leaves the impression of having eavesdropped on the events from an adjacent bench, as opposed to having read them. The stories are brief, but not their impact." ~ John Just because you are busy doesn't mean that you don't deserve good fiction in your life! This High School Has Closets Henry Holt and Company (BYR) The New York Times Bestseller '[An] earth-shaking exposé of clerical corruption' - National Catholic Reporter *In the Closet of the Vatican* exposes the rot at the heart of the Vatican and the Roman Catholic Church today. This brilliant piece of investigative writing is based on four years' authoritative research, including extensive interviews with those in power. The celibacy of priests, the condemnation of the use of contraceptives, the cover up of countless cases of sexual abuse, the resignation of Benedict XVI, misogyny among the clergy, the dramatic fall in Europe of the

number of vocations to the priesthood, the plotting against Pope Francis – all these issues are clouded in mystery and secrecy. *In the Closet of the Vatican* is a book that reveals these secrets and penetrates this enigma. It derives from a system founded on a clerical culture of secrecy which starts in junior seminaries and continues right up to the Vatican itself. It is based on the double lives of priests and on extreme homophobia. The resulting schizophrenia in the Church is hard to fathom. But the more a prelate is homophobic, the more likely it is that he is himself gay. 'Behind rigidity there is always something hidden, in many cases a double life'. These are the words of Pope Francis himself and with them the Pope has unlocked the Closet. No one can claim to really understand the Catholic Church today until they have read this book. It reveals a truth that is extraordinary and disturbing. Full Exposure Icon Empire Press

The Indian in the Cupboard Penguin
An honest and poignant look into

the deeply intimate yet platonic relationship between a gay English teacher and his young female protégée—each seeking connection and acceptance—as reflected by the decade of letters they exchanged. It was an improbable relationship from the start—a high school English teacher, still in the closet, and his best student. From the confines—and protection—of his closet, Amy’s teacher wrote these letters, letters that were read, cherished, answered, and then locked away for years. Now Amy looks back at the decade of intimate letters that preceded her teacher’s untimely death, collects the shards left by their clumsy, sometimes violent attempts to unmask each other, and counts again the cost of knowing and being known. Every writer needs a room of his own, but for some people, at certain times, and in certain circumstances, the best you can do is a closet. Timely and relevant, this is a love story of the most contemporary kind, a rare

glimpse into an intimate relationship between teacher and student—a relationship whose effects are still being felt decades later. It’s raw and honest and moving, a poignant commentary on the values that unite us all.
