The New York Times Bestseller '[An] earth-shaking exposé of clerical corruption' - National Catholic Reporter In the Closet of the Vatican exposes the rot at the heart of the Vatican and the Roman Catholic Church today. This brilliant piece of investigative writing is based on four years' authoritative research, including extensive interviews with those in power. The celibacy of priests, the condemnation of the use of contraceptives, the cover up of countless cases of sexual abuse, the resignation of Benedict XVI, misogyny among the clergy, the dramatic fall in Europe of the number of vocations to the priesthood, the plotting against Pope Francis – all these issues are clouded in mystery and secrecy. In the Closet of the Vatican is a book that reveals these secrets and penetrates this enigma. It derives from a system founded on a clerical culture of secrecy which starts in junior seminaries and continues right up to the Vatican itself. It is based on the double lives of priests and on extreme homophobia. The resulting schizophrenia in the Church is hard to fathom. But the more a prelate is homophobic, the more likely it is that he is himself gay. 'Behind rigidity there is always something hidden, in many cases a double life'. These are the words of Pope Francis himself and with them the Pope has unlocked the Closet. No one can claim to really understand the Catholic Church today until they have read this book. It reveals a truth that is extraordinary and disturbing.

Read what others are saying about these contemporary short stories: "These short stories are great when you need a five to ten-minute break from your own life. The plots suck you in quickly and the characters are immediately recognizable and relatable. You read wanting to finish the story in one sitting and the perfect length means you can." ~ Meggan "A short read (and it's difficult to get all of the elements of a good story into a few words), a challenging read -- I thought about these stories, especially Say Something (Would I have said something?) -- long after I finished reading. A delightful read -- especially The Orange Scarf. The imagery in this middle story, the imagination, the language -- the writing style -- show talent. Thank you, K. Kris Loomis, for a good read!" ~ Christine "I have to admit that because I'm a fan of longer works myself - 3-volume nineteenth-century novels, doorstep-size biographies and scholarly editions - the trend toward shorter and shorter short stories has somewhat dismayed me, both as a writer and a reader. As a writer, I can't seem to stay succinct, and as a reader, I often feel like a short story isn't really developed enough to draw me into the world and make me care about it. Kris Loomis's stories have entirely changed my mind." ~ Misty "One park, one bench, and 6 characters make for three very unassuming interludes that provide a satisfying glimpse into the lives of uniquely ordinary people. The characters are brought to life with a verbal-visual acuity that leaves the impression of having eavesdropped on the events from an adjacent bench, as opposed to having read them. The stories are brief, but not their impact." ~ John Just because you are busy doesn't mean that you don't deserve good fiction in your life!
