The Equality Act 2010 was an extremely significant reform of UK discrimination law, consolidating the existing complex mass of statutory provisions into one statute. The Act brought new rights against discrimination and imposed new duties on employers, service providers and public authorities, and also introduced a new socio-economic duty on public authorities to reduce the inequalities of outcome which result from socio-economic disadvantage. It defined nine protected characteristics: age, disability, combined grounds, gender reassignment, marriage and civil partnership, race, religion or belief, sex, and sexual orientation. Much more is now known about the Equality Act in practice; amendments have been made to the Act itself (such as those made as a consequence of

insurance premium and gender cases in the European Court of Justice) and statutory guidance to the Act has been produced. Case law on the new provisions is also starting to appear. This fully revised edition of Blackstone's Guide to the Equality Act 2010 covers all recent developments and clearly and concisely explains the intricacies of the Equality Act. Combining the full text of the Act, as amended, with narrative from an expert team, the book is an invaluable resource for all who encounter the evolving legislation. The Blackstone's Guide Series delivers concise and accessible books covering the latest legislative changes and amendments. Published soon after enactment, they offer expert commentary by leading names on the extent, scope, and effects of the legislation, plus a full copy of the Act itself. They offer a cost-effective solution to key information
