“A lively portrait of American literature’s
‘Dirty Old Man’.” —Library Journal A
former postman and long-term alcoholic

who did not become a full-time writer until
middle age, Charles Bukowski was the
author of autobiographical novels that
captured the low life—including *Post Office*,
Factotum, and *Women*—and made him a
literary celebrity, with a major Hollywood
film (*Barfly*) based on his life. Drawing on
new interviews with virtually all of
Bukowski’s friends, family, and many
lovers; unprecedented access to his
private letters and unpublished writing; and
commentary from Norman Mailer, Allen
Ginsberg, Sean Penn, Mickey Rourke,
Lawrence Ferlinghetti, R. Crumb, and
Harry Dean Stanton, Howard Sounes has
uncovered the extraordinary true story of
the Dirty Old Man of American literature.
Illustrated with drawings by Bukowski and
over sixty photographs, Charles Bukowski
is a must for Bukowski devotees and new

readers alike. “Bukowski is one of those
writers people remember more for the
legend than for the work . . . but, as
Howard Sounes shows in this exhaustively
researched biography, it wasn’t the whole
story.” —Los Angeles Times “Engaging . . .
Adroit . . . revealing.” —The New York
Times Book Review “A must-read for
anybody who is a fan of Bukowski’s
writing.” —The Globe and Mail (Toronto)

Here, for the first time, is the private and
most intimate correspondence of one of
America's most influential and incisive
journalists--Hunter S. Thompson. In letters
to a Who's Who of luminaries from Norman
Mailer to Charles Kuralt, Tom Wolfe to
Lyndon Johnson, William Styron to Joan
Baez--not to mention his mother, the NRA,

and a chain of newspaper editors--Thompson vividly catches the tenor of the times in 1960s America and channels it all through his own razor-sharp perspective. Passionate in their admiration, merciless in their scorn, and never anything less than fascinating, the dispatches of *The Proud Highway* offer an unprecedented and penetrating gaze into the evolution of the most outrageous raconteur/provocateur ever to assault a typewriter.

Bestselling author David Dalton goes in search of the real Bob Dylan in an electrifying biography that puts all the others in the shade. As an artist Bob Dylan has been a major force for half a century. As a musical influence he is without equal. Yet as a man he has always acted like an outlaw on the run, constantly seeking to cover his tracks by confounding investigators with a dizzying array of aliases, impersonations, tall tales and downright lies. David Dalton presents Dylan's extraordinary life in such a way that his subject's techniques for hiding in full sight are gradually

exposed for what they are, Despite the changing images, the spiritual body swerves, the manipulative nature and the occasionally baffling lurches between making sublime music and self-indulgent whimsy, the real Bob Dylan has never been more visible. Among the eyewitnesses cited are Marianne Faithful, Allen Ginsberg, Andy Warhol, Larry 'Ratso' Sloman, Nat Hentoff, Suze Rotolo and many more. Yet in the end it is Dalton's impressive ability to find revealing patterns in Dylan's multiple disguises that reveals more than we ever expected to learn about the real man behind the Dylan legend.

A brilliantly written and groundbreaking book about Dylan's music – now the recipient of the Nobel Prize for Literature 2016 – and its musical, political and cultural roots in early 20th-century America Growing up in Greenwich Village in the 1960s Sean Wilentz discovered the music of Bob Dylan as a young teenager. Almost half a century later, now a distinguished professor of American history, he revisits Dylan's work with the critical skills of a scholar and the passion of a fan. Drawing partly on his work as the current historian-in-

residence on Dylan's official website, Sean Wilentz provides a unique blend of biography, memoir and analysis in a book which, much like its subject, shifts gears and changes shape as the occasion demands.

The northern Great Plains have given this poet a first canvas for his imaginative art as found in his first published poetry collection. In recent years he has begun to struggle with the difficult topics of his home region, primarily the difficulty of life out on the northern Great Plains in what he has termed the "patches." In these poems are references to the sugar beet patch, the dry land farming patch, the irrigated farm land patch, the ranching patch, the strip mining patch, and the oil patch. The agrarian culture of his home region is a place of core values and spiritual strengths which encourage him to live simply in spite of the new "badlands" left in the wake of the cultural genocide and environmental degradation of the empire builders of the European ascendancy over North America. Here are poems spoken by personae which can be said to each be the masks of the poet Rick Hilber who in creating his poems

would have us, poet and reader or listener, step into the shoes of another. This is a poet that trusts that his individual experience is also a disclosure of the demands on each of us in accepting life on whatever terms it is offered us. ...

He is one of the most famous, most wealthy people on the planet, and yet he remains little-known and understood as a personality. At long last, Paul McCartney is the subject of a major, deeply researched, psychologically acute biography. It tells a story that will illuminate and surprise. The publication finds McCartney - who turns 70 in 2012 - revitalized as a performer (touring with a set of mostly Beatles songs) and a man buffeted by profound changes in recent years: the death of his first wife, Linda; the death of George Harrison; a second marriage, to Heather Mills, and its spectacular failure, the fall-out from which is still crashing around him.

Highway 61 Revisited resonates because of its enduring emotional appeal. Few songwriters before Dylan or since have combined so effectively the intensely personal with the spectacularly universal.

In "Like a Rolling Stone," his gleeful excoriation of Miss Lonely (Edie Sedgwick? Joan Baez? a composite "type"?) fuses with the evocation of a hip new zeitgeist to produce a veritable anthem. In "Ballad of a Thin Man," the younger generation's confusion is thrown back in the Establishment's face, even as Dylan vents his disgust with the critics who labored to catalogue him. And in "Desolation Row," he reaches the zenith of his own brand of surrealist paranoia, that here attains the atmospheric intensity of a full-fledged nightmare. Between its many flourishes of gallows humor, this is one of the most immaculately frightful songs ever recorded, with its relentless imagery of communal executions, its parade of fallen giants and triumphant local losers, its epic length and even the mournful sweetness of Bloomfield's flamenco-inspired fills. In this book, Mark Polizzotti examines just what makes the songs on Highway 61 Revisited so affecting, how they work together as a suite, and how lyrics, melody, and arrangements combine to create an unusually potent mix. He blends musical and literary analysis of the songs

themselves, biography (where appropriate) and recording information (where helpful). And he focuses on Dylan's mythic presence in the mid-60s, when he emerged from his proletarian incarnation to become the American Rimbaud. The comparison has been made by others, including Dylan, and it illuminates much about his mid-sixties career, for in many respects Highway 61 is rock 'n' roll's answer to A Season in Hell. An illuminating biography of Lou Reed, featuring interviews with over 140 people who knew him intimately, plus previously unpublished photographs. As band leader of the Velvet Underground and later a successful solo artist, Reed was much more than what the general public came to know as the grumpy New Yorker in black who sang “Walk on the Wild Side.” To his dedicated admirers, he was one of the most innovative and intelligent songwriters of modern times—a natural outsider who lived a tumultuous and tortured life. In the course of his deep research into Reed’s life, from a humble upbringing on Long Island to death from liver disease in 2013, Howard Sounes interviewed more than 140 people who knew the artist intimately—some of whom have not spoken publicly about him before. With new revelations from former wives and lovers, family members, fellow band members and celebrities, and music industry figures, this book offers an updated, unfettered look at Reed’s creative process, his mental health

problems, his bisexuality, his three marriages, and his addictions to drugs and alcohol. Featuring previously unpublished photographs of some of Reed’s most private moments, this is the definitive account of one of rock ’n’ roll’s most complicated and brilliant prophets. “Compelling . . . Sounes takes pride in carefully debunking the myths that have crept in from Reed’s own fictionalizations.” —The Sunday Telegraph “Controversial . . . Sounes’ book pushes the standard Reed narrative.” —New York Times “A measured chronicle of the life and music of Lou Reed . . . Sounes proves to be an amiable narrator who successfully reveals Reed as an innovative, influential musician.” —Publishers Weekly “A walk on the dark side.” —Independent “A must read . . . Sounes chronicles Reed’s turbulent, and often brutal, relationships with men and women . . . and the wayward talent that produced such classics as ‘Walk On The Wild Side.’” —Daily Mail

It’s a trooper’s worst nightmare. What begins as a routine patrol suddenly turns violent when

someone pulls a weapon. Moments later, the trooper is down—wounded or dead. Then, like a swarm of angry bees, every other trooper on the force mobilizes to catch the suspect. Whether they're issuing a ticket for speeding "just a little" over the limit or conducting an all-out manhunt, the people who have chosen this perilous and demanding profession are rarely revealed as vividly or candidly as they are here. In *Trooper Down!* Marie Bartlett uses her gripping hell-for-leather style to paint a fascinating portrait of one of the nation's most elite law-enforcement agencies. In interviews and anecdotes, troopers relate stories of narrow misses, breathtaking confrontations, strange and hilarious encounters with various "crazies," and, most heartbreakingly, working the wrecks—aiding the injured and dying in highway accidents—while troopers' wives and widows tell of the heart-wrenching realities trooper families face. Through this remarkable book, we not only comprehend the life of a trooper, we are unforgettably there.

The complete history of one of the most long-lived and legendary bands in rock history, written by its official historian and

publicist—a must-have chronicle for all Dead Heads, and for students of rock and the 1960s' counterculture. From 1965 to 1995, the Grateful Dead flourished as one of the most beloved, unusual, and accomplished musical entities to ever grace American culture. The creative synchronicity among Jerry Garcia, Bob Weir, Phil Lesh, Bill Kreutzmann, Mickey Hart, and Ron "Pigpen" McKernan exploded out of the artistic ferment of the early sixties' roots and folk scene, providing the soundtrack for the Dionysian revels of the counterculture. To those in the know, the Dead was an ongoing tour de force: a band whose constant commitment to exploring new realms lay at the center of a thirty-year journey through an ever-shifting array of musical, cultural, and mental landscapes. Dennis McNally, the band's historian and publicist for more than twenty years, takes readers back through the Dead's history in *A Long Strange Trip*. In a kaleidoscopic narrative, McNally not only chronicles their experiences in a fascinatingly detailed fashion, but veers off into side trips on the band's intricate stage setup, the magic of the Grateful Dead concert experience, or

metaphysical musings excerpted from a conversation among band members. He brings to vivid life the Dead's early days in late-sixties San Francisco—an era of astounding creativity and change that reverberates to this day. Here we see the group at its most raw and powerful, playing as the house band at Ken Kesey's acid tests, mingling with such legendary psychonauts as Neal Cassady and Owsley "Bear" Stanley, and performing the alchemical experiments, both live and in the studio, that produced some of their most searing and evocative music. But McNally carries the Dead's saga through the seventies and into the more recent years of constant touring and incessant musical exploration, which have cemented a unique bond between performers and audience, and created the business enterprise that is much more a family than a corporation. Written with the same zeal and spirit that the Grateful Dead brought to its music for more than thirty years, the book takes readers on a personal tour through the band's inner circle, highlighting its frenetic and very human faces. A Long Strange Trip is not only a wide-ranging cultural history, it is a

definitive musical biography.

"Chris Hillman is arguably the primary architect of what's come to be known as country rock. After playing the Southern California folk and bluegrass circuit, he joined David Crosby, Roger McGuinn, Gene Clark and Michael Clark as an original member of The Byrds. He went on to partner with Gram Parsons to launch The Flying Burrito Brothers, recording a handful of albums that have become touchstones of rock-influenced country. Hillman then embarked on a prolific recording career in various configurations: as a member of Stephen Stills' Manassas; as a member of Souther-Hillman-Furay with J.D. Souther and Richie Furay of Buffalo Springfield; as a solo artist; and in a trio with his fellow former Byrds Roger McGuinn and Gene Clark. In the 1980s, Hillman launched a successful mainstream country career when he formed The Desert Rose Band with Herb Pedersen and John Jorgenson, scoring eight Top 10 country hits. In the midst of his country success he was inducted into the Rock & Roll Hall of Fame. He has since released a number of solo albums with the most recent, *Bidin' My Time*, produced by Tom Petty. In *Time Between*, Hillman takes readers behind the curtain of his quintessentially Southern

Californian musical journey."--Provided by publisher.

Fleeing a failed marriage and haunted by ghosts of his past, Luis Alberto Urrea jumped into his car several years ago and headed west. Driving cross-country with a cat named Rest Stop, Urrea wandered the West from one year's Spring through the next. Hiking into aspen forests where leaves "shiver and tinkle like bells" and poking alongside creeks in the Rockies, he sought solace and wisdom. In the forested mountains he learned not only the

names of trees—he learned how to live. As nature opened Urrea's eyes, writing opened his heart. In journal entries that sparkle with discovery, Urrea ruminates on music, poetry, and the landscape. With wonder and spontaneity, he relates tales of marmots, geese, bears, and fellow travelers. He makes readers feel mountain air "so crisp you feel you could crunch it in your mouth" and reminds us all to experience the magic and healing of small gestures, ordinary people, and common creatures. Urrea has been heralded as one of the most talented writers of his generation. In poems, novels, and nonfiction, he has explored issues of family, race, language, and poverty with candor, compassion, and often astonishing power. *Wandering Time* offers his most intimate work to date, a luminous account of his own search for healing and redemption.
