For anyone interested in local, sustainable, fresh, organic, humane, or slow food, comes Whole Larder Love, showing you how to hunt, fish, forage, and grow your own food and how to prepare it. Going beyond farm-to-table to encompass garden, forest, field, stream, and storeroom-to-table, author Rohan Anderson vividly illustrates the benefits of a lifestyle geared towards providing for yourself from the natural world. Whole Larder Love author and ultimate DIY-er Rohan Anderson is a family man and a modern-day hunter-gatherer living just outside the historical town of Ballarat, an 1800s gold rush town in Australia. Within this rural landscape Anderson has capitalized on the opportunities for many a culinary adventure. Primarily concerned with how to live off of the land and provide himself and his family with fresh, local food, Anderson has become a passionate hunter, fisher, forager, gardener, pickler, and sometimes barterer. Anderson now wants to share his secrets and experiences in order to help move people away from unhealthy eating habits and people away from unhealthy eating habits and towards a more environmentally sustainable food industry. Food is an integral part of our lives. And in recent years, more and more people have been asking questions about the food they eat: How does that food get to our plates? How was it grown? What chemicals were used? How was the animal treated? What are the impacts on the environment? In Whole Larder Love, Anderson gives us easy to follow tips and instructions for setting up a home garden, the best practices for hunting and fishing, how to identify and collect edible food growing in the wild, and the proper tools, gear, and resources to use. Additionally, he gives us a slew of exciting recipes and preparation methods for our ingredients once they've been collected. This combination how-to manual and cookbook is beautifully illustrated in full-color with Anderson's own photographs, capturing his ingredients, gear, rural surroundings, and exquisite dishes in rich and vivid detail. And with suggestions for possible substitutions and tips on bartering and selecting food from farmer's markets, Whole Larder Love is perfect for foodies, farmers, hunters, gardeners—even urbanites looking to inject their lives with a little rural romance—and anyone else interested in getting more involved with the origins of the food they eat. Mouthwatering recipes include: Kale Fusilli Tris, Potimarron & Gorgonzola Soup, Vindaloo Hare, Quail Ragu with Polenta, Wild Duck Risotto, Pumpkin Gnocchi, Venison Ossobuco, Eel Cake with White Beans, Chili-Pickled Wild Mushrooms, Spud & Nettle Soup, Arrabiata Fish & Chips, Pork Rack Roast with Honey-roasted Wild Pear and many, many more!

If you've ever thought about starting your own farm or homestead but weren't sure how to get started, follow Shannon and Stewart Stonger, two self-made homesteaders, and their plan on how to start and succeed at homesteading. Shannon and Stewart left their home in the city and moved to an empty plot of land, with hopes of starting their own farm. Their research and experiences produced not only a successful and fruitful farm, but also a fully functional homestead, without modern conveniences. They'll show you how they did it, and how you can do it too, all on a budget. You'll learn how to plow your land, grow your own fruits and vegetables, create a viable water source for watering crops, harness energy from wind and the sun, preserve the harvest through canning and dehydration, raise livestock and much more. These attainable, game-changing tips and projects will allow you to live a simple, debt-free life and start your own agricultural homestead, all with your own two hands.

Rhonda Hetzel feels passionately that living simply leads to a richer, more fulfilling existence. Having made the decision to live frugally, embrace sustainability and opt out of the capitalist consumerist mindset, she set about working out how to achieve her goal, learning traditional skills, reducing her

spending and environmental impact and focusing on the simple things that make life worth living: family, friends, and a home-cooked meal. This is the story of her journey and the lessons she has learned along the way. Rhonda relates why she wanted to change her lifestyle, what simple living means to her, and offers guidance to those thinking about taking the same path.

Destructive bushfires are increasing in frequency and intensity around the world. For people living in fire prone areas there are no reliable guides about which plants have low flammability and which are frighteningly flammable. Safer Gardens is that guide, with over 500 plants assessed, based on fire research from around the world. Readers can look up a plant in the Plant Flammability Table to get an idea of its flammability then turn to the A-Z for more detailed information. The book contains advice about ways to create a more firesafe garden, including the need to carefully manage the use of mulch and hedges. This is citizen science, written by a gardener for other gardeners. Complex and potentially confusing science is made comprehensible and usable, to help you make your garden and hence your house safer.

This practical and inspiring book introduces 'conscious parenting' as a new way of helping any family home become more harmonious. Lou Harvey-Zahra, an experienced parenting coach and teacher, wants to help parents develop calm and happy children. Drawing her inspiration from a Steiner-Waldorf background, she offers candid, relevant and funny tips and advice for taking a clear look at family life, identifying what's not working, and exploring new ideas for improving parent-child relationships. The book addresses issues such as rhythm and routine, children's play, storytelling and crafts, as well as delving beneath the surface to discuss children's twelve senses, and four temperaments. In addition there is a sure-to-be popular section on creative discipline, plus tips from Dad and wonderful suggestions for making ordinary family moments extraordinary. This uplifting parenting guide teaches how to raise happy children and create happy homes. An accessible, readable book which parents will appreciate for its down-to-earth, realistic approach and insightful counsel.

In The Simple Living Guide Janet Luhrs demonstrates how to live a deliberate, simpler life--and savor it. As Janet Luhrs says, "Simple living is about living deliberately. Simple living is not about austerity, or frugality, or income level. It's about being fully aware of why you are living your particular life, and knowing that life is one you have chosen thoughtfully. Simple living is about designing our lives to coincide with our ideals." Whether you are looking at small solutions for cutting down the stress in your life or taking the big leap toward the simpler life, this book can be your guide. Janet Luhrs, the nationally recognized founder and editor of the Simple Living Journal, brings together strategies, inspiration, resources, and real-life profiles of people who have slowed down, overcome obstacles, and created richer lives. Discover Simple Living approaches to: money, work, holidays, cooking and nutrition, health and exercise, clutter, gardening, travel, and more!

An inspiring and approachable tip-filled guide to changing your habits, living more sustainably, and taking action, by Greenpeace ambassador Bonnie Wright (Ginny Weasley in the Harry Potter movies) *Go Gently* is a guide for sustainability at home that offers simple, tangible steps toward reducing our environmental impact by looking at what we consume and the waste we create, as well as how to take action for environmental change. The title reflects Bonnie Wright's belief that the best way to change our planet and ourselves is through a gentle approach, rather than a judgmental one. This is a book of do's rather than don'ts. It's also an invitation to Wright's followers to join her on this journey to sustainability. Going through every room in her home, Wright helps us assess which products are sustainable, and alternatives for those that are not. She shares recipes to avoid waste, homemade self-care products to avoid packaging, small space-friendly gardening ideas, and a template for creating your own compost system. Finally, to sustain yourself, there are exercises and meditation prompts to keep you energized, plus info on how to get involved in community and organizations.

Being kind when we don't feel like it, or when all of our buttons are being pushed, is hard. But that's also when it's most needed; that's when it can defuse anger and even violence, when it can restore civility in our personal and virtual interactions. Kindness has the power to profoundly change our relationships with other people and with ourselves. It can, in fact, change the world. In *A Year of Living Kindly*—using stories, observation, humor, and summaries of expert research—Donna Cameron shares her experience committing to 365 days of practicing kindness. She presents compelling research into the myriad benefits of kindness, including health, wealth, longevity, improved relationships, and personal and business success. She explores what a kind life entails, and what gets in the way of it. And she provides practical and experiential suggestions for how each of us can strengthen our kindness muscle so choosing a life of kindness becomes ever easier and more natural. An inspiring, practical guide that can help any reader make a commitment to kindness, *A Year of Living Kindly* shines a light on how we can create a better, safer, and more just world—and how you can be part of that transformation.
