Getting your Canon Speedlite to produce the light you need can be a real challenge. For those new to flash photography—or for anyone who has previously given up out of frustration—*Speedlites Handbook* is a revelation. Photographer Syl Arena takes you on a journey that begins with an exploration of light and

color, moves through a comprehensive discussion of the Canon Speedlite family and all of the accessories and equipment available to the Speedlites, then settles down to crafting great light in one photo shoot after another. Whether you want to create a classical portrait, shoot an event, or simply add a little fill light to a product shot, *Speedlites Handbook* shows you how. A fantastic in-depth resource illustrated

with over 500 images, Speedlitter's Handbook covers: how to see the various characteristics and properties of light itself, as well as the differences between how your camera sees versus how you see all the buttons and dials of the entire Canon Speedlite family the basics of on-camera flash...and the necessity of getting your flash off the camera how to beautifully balance flash with the existing ambient light

all the equipment necessary for great Speedlite shots how to get amazing shots with just one Speedlite how and when to use E-TTL versus manual flash the use of color gels to balance color, as well as create dramatic effects how to tame the sun—or any really bright light—with hi-speed sync and much, much more Whether you're shooting portraits, events, or sports, Speedlitter's Handbook is an essential resource that

teaches you how to craft the light you need for any type of shot you want. **Langford's Basic Photography CRC Press** A photography class—in a book! **Your Canon EOS Rebel T7/1400D** provides enough camera power to take the pro-style shots you've dreamed of shooting—and this book shows you how. **Canon EOS Rebel T7/1400D For Dummies** bridges the gap between taking quick shots in auto mode and taking charge of the settings that offer full control of your

Educators are trying to make learning more fun by introducing games into the classroom while cutting-edge managers are doing the same in the workplace. Doctors, scientists, and entrepreneurs are deploying games to help solve some of the world's most pressing problems. But according to

Adam Penenberg, it's not the games themselves that improve our lives, but rather smart game design and its impact on the brain that can lead us to become immersed in a task we find enjoyable. The individuals and institutions that have used games to achieve this effect are often rewarded with astounding results. Drawing on the latest brain science on attention and engagement plus his own firsthand reporting, Penenberg shows how organizations like Google, Microsoft, hospitals, and the military have used game design in bold new ways"-- [Adobe Photoshop CC for Photographers](#) BoD

In Endangered, the result of an extraordinary

multiyear project to document the lives of threatened species, acclaimed photographer Tim Flach explores one of the most pressing issues of our time. Traveling around the world—to settings ranging from forest to savannah to the polar seas to the great coral reefs—Flach has captured stunning images of endangered animals and their disappearing ecosystems. Among Flach's subjects are primates coping with habitat loss, big cats in a losing battle with human settlements, elephants hunted for their ivory, and

numerous bird species taken as pets. With eminent zoologist Jonathan Baillie providing insightful commentary on this ambitious project, *Endangered* unfolds as a series of vivid, interconnected stories that pose gripping moral dilemmas, unforgettably expressed by more than 180 of Flach's incredible images. **The Canon EOS Digital Rebel T1i/500D Companion** John Wiley & Sons For more than 20 years, Network World has been the premier provider of information,

Becoming Your Own Parent John Wiley & Sons
Adobe Photoshop Lightroom was designed from the ground up with digital photographers in mind, offering powerful editing features in a streamlined interface that lets photographers import, sort, and organize images. This completely updated bestseller was also written with photographers in mind. Author Martin Evening describes features in Lightroom 4 in detail from a photographer's perspective. As an

established commercial and fashion photographer, Martin knows firsthand what photographers need for an efficient workflow. He has also been working with Lightroom from the beginning, monitoring the product's development and providing valued feedback to Adobe. As a result, Martin knows the software inside and out, from image selection to image editing to image management. In this book you'll learn how to:

- Work efficiently with images shot in the raw or JPEG format
- Import photographs with

ease and sort them according to your workflow

- Create and manage a personal image library
- Apply tonal adjustments to multiple images quickly
- Integrate Lightroom with Adobe Photoshop
- Export images for print or Web as digital contact sheets or personal portfolios
- Make the most of new features in Lightroom 4, such as the Camera Raw Process 2012 Basic panel tone controls

Photographers will find Lightroom 4—and The Adobe Photoshop Lightroom 4 Book—indispensable tools in their digital darkrooms. This

book's companion site, www.thelightroombook.com, offers video tutorials, articles, sample images, and updates from author Martin Evening. "With Martin's expert guidance, you'll soon find that you have precisely the tools you need to turn your concentration back where it belongs—on making better pictures!" —George Jardine, digital photography consultant "As a photographer himself, Martin Evening knows what tools photographers need to realize their creative vision. In this book, he shows not only how Adobe

Photoshop Lightroom works but also why it will become an essential part of any photographer's workflow." —Greg Gorman, photographer

Foreword by John Nack, Photoshop Product Manager, Adobe (TBC) Network World American Bar Association Tilt and shift lenses offer tremendous creative possibilities for users of digital SLR and mirrorless cameras. This practical book explains the

techniques that will help you take better photos - photos that don't distort or lose focus. Assessing the benefits and pitfalls of a range of lenses, adapters, software and editing techniques, it guides you through the practicalities of working with these lenses and gives you the skills to use them to best effect. With stunning examples throughout, this book gives an overview of the different lenses available, and tips on how adapters can give tilt/shift options when using old medium-format lenses. It gives advice on how simple lens shift can change the entire look of your photos, and techniques for using lens tilt for focus control and close-up working. Stunning examples show the use of tilt and shift lenses across a range of available focal lengths, both tripod-mounted and handheld.

The Adobe Photoshop Lightroom 5 Book
John Wiley & Sons
This seminal photography text, now in its 10th edition and celebrating its 50th anniversary, has been revamped, reorganized, and modernized to include the most up-to-date, need to know information for photographers. Ideal for students, beginners, and advanced users wanting to brush up on the fundamentals of photography, this book is a must have for any photographer's bookcase. The heart of this text, however, retains the same comprehensive mix of scholarly and practical information. The new edition has been fully updated to reflect dynamic changes in the industry. These changes include: an expansion and overhaul of the information on digital cameras and digital printing; an emphasis on

updating photographs to include a wider range of international work; replacement of many diagrams with photos; overhaul of the analogue sections to give a more modern tone (ie exposure measurement and film and filters with some more dynamic photo illustrations). **Adobe Photoshop CS6 for Photographers** Pearson Education PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services.
