Business Studies For Dummies John Wiley & Sons

Growing a small business requires more than just sales

Business Development For Dummies helps maximise the growth of small- or medium-sized businesses, with a step-by-step model for business development designed specifically for B2B or B2C service firms. By mapping business development to customer life cycle, this book helps owners and managers ensure a focus on growth

through effective customer nurturing and management.

It's not just sales! In-depth coverage also includes strategy, marketing, client management, and partnerships/alliances, helping you develop robust business practices that can be used every day.

You'll learn how to structure, organise, and execute an effective development plan, with step-by-step expert guidance.

Realising that you can't just "hire a sales guy" and expect immediate results is one of the toughest lessons small business CEOs have to learn.

Developing a business is about

more than just gaining customers – it's about integrating every facet of your business in an overarching strategy that continually works toward growth.

Business Development For Dummies provides a model, and teaches you what you need to know to make it work for your business. Learn the core concepts of business development, and how it differs from sales

Build a practical, step-by-step business development strategy

Incorporate marketing, sales, and customer management in general planning

Develop and

---

<p>implement a growth-enhancing partnership strategy. Recognising that business development is much more than just sales is the first important step to sustained growth. Development should be daily – not just when business starts to tail off, or you fall into a cycle of growth and regression. Plan for growth, and make it stick – Business Development For Dummies shows you how.</p> <p><u>Research Methods in Psychology For Dummies</u> John Wiley &amp; Sons</p> <p>The ultimate quick and easy guide to learning Polish</p>	<p>Polish can be a difficult language to master.
