New York Times Bestseller "A refreshingly unadorned account of the true brutality of climbing K2, where heroes emerge and egos are stripped down, and the only thing

---

achieving immortality is the cold ruthless mountain." – Norman Ollestad, author of *Crazy for the Storm* In this riveting work of narrative nonfiction, New York Times journalist Graham Bowley recreates one of the most dramatic tales of death and survival in mountaineering history—the 2008 K2 ascent that claimed the lives of eleven climbers In the tradition of *Into Thin Air* and *Touching the Void*, *No Way Down* is the harrowing account of the worst mountain climbing disaster on K2, second to Everest in height. . . but second to no peak in terms of danger. On August 1, 2008, no fewer than eight international teams of mountain climbers—some experienced, others less prepared—ascended K2, the world's second-highest mountain, with the last group reaching the summit at 8 p.m. Then disaster struck. A huge ice chunk came loose above a deadly three-hundred-foot avalanche-prone gully, destroying the fixed guide ropes. More than a dozen climbers—many without oxygen and some with no headlamps—faced the nearly impossible task of descending in the blackness with no guideline and no protection. Over the course of the chaotic night, some would miraculously make it back. Others would not. From tragic deaths to unbelievable stories of heroism and survival, *No Way Down* is an amazing feat of storytelling and adventure writing, and, in the words of explorer and author Sir Ranulph Fiennes, "the closest you

---

can come to being on the summit of K2 on that fateful day.”

With her award-winning debut novel, *Purple Hibiscus*, Chimamanda Ngozi Adichie was heralded by the Washington Post Book World as the “21st century daughter” of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra’s impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices

---

full of revolutionary zeal. Odenigbo ' s beautiful mistress, Olanna, a sociology teacher, is running away from her parents ' world of wealth and excess; Kainene, her urbane twin, is taking over their father ' s business; and Kainene ' s English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, *Half of a Yellow Sun* is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before.

dramatically and permanently alleviate these symptoms. The Hormone Fix introduces Dr. Cabeca ’ s unique Keto-Green protocol, a plan that pairs the hallmarks of ketogenic (low-carb/high fat) eating with diet and lifestyle changes that bring the body ’ s cellular pH to a healthy alkaline level. The proven result: balanced cortisol and reduced output of insulin, the hormones most responsible for belly fat and weight gain, plus an increase in oxytocin, the “ love and happiness ” hormone. Whether you are perimenopausal, menopausal, or postmenopausal, The Hormone Fix offers an easy-to-follow program, including • a 10-day quick-start detox diet to jump-start weight loss and reduce symptoms immediately • daily meal plans and weekly shopping lists to take the guesswork out of a month ’ s worth of Keto-Green eating • 65 delicious and easy-to-make

Gonzo journalist and literary roustabout Hunter S.

Thompson flies with the angels—Hell ’ s Angels, that is—in this short work of nonfiction.

“ California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again. ” Thus begins Hunter S. Thompson ’ s vivid account of his experiences with California ’ s most notorious motorcycle gang, the Hell ’ s Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America.

Thompson, the creator of Gonzo journalism, writes

with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as The New Yorker pointed out, “ For all its uninhibited and sardonic humor, Thompson ’ s book is a thoughtful piece of work. ” As illuminating now as when originally published in 1967, Hell ’ s Angels is a gripping portrait, and the best account we have of the truth behind an American legend.
