the market. With its message of "see context and make connections across the humanities," students enjoy countless "ah-ha" moments as they piece together the cultural history of world. Believing that students learn best by remembering stories rather than memorizing facts, author Henry Sayre employs a narrative storytelling approach to the humanities, deftly conveying multifaceted cultural experiences in the Past, a way that students can understand and will remember--throughout the course and beyond. This third edition helps instructors and students by connecting the learning objectives in each chapter with MyArtsLab, an online learning program which brings the arts to life. Key learning tools within MyArtsLab include new listening guides for the musical selections, new Closer Look tours for every chapter entitled "Continuing Presence of architectural panoramas and simulations to help students visualize key monuments and how they were built, and more Revel from Pearson is a new learning experience designed for the way today's students read, think, and learn. Revel redesigns familiar and respected course content and enriches it for today's students with new dynamic, rich-media interactives and assessments. The result is improved student engagement and improved learning. Revel for Sayre will be available for Fall 2014 classes.

In this perfectly pitched novel-in-letters, autistic eleven-year-old Vivy Cohen won't let anything stop her from playing baseball--not when she has a major-league star as her pen pal. Vivy

---

Cohen is determined. She's had enough of playing catch in the park. She's ready to pitch for a real baseball team. But Vivy's mom is worried about Vivy being the only girl on the team, and the only autistic kid. She wants Vivy to forget about pitching, but Vivy won't give up. When her social skills teacher makes her write a letter to someone, Vivy knows exactly who to choose: her hero, Major League pitcher VJ Capello. Then two amazing things happen: A coach sees Vivy's amazing knuckleball and

invites her to join his team. And VJ starts writing back! Now Vivy is a full-fledged pitcher, with a catcher as a new best friend and a steady stream of advice from VJ. But when a big accident puts her back on the bench, Vivy has to fight to stay on the team.

Over the past 30 years, as both forensic pathology and neuropathology have grown in sophistication, the two specialties have forged a heightened level of interaction. Reflecting the vast

increase in knowledge and scientific progress in the past two decades, Forensic Neuropathology, Second Edition examines the new developments that have arisen since Climate Change and Indigenous Peoples in the United States University of Chicago Press 300 million powerpoint presentations are given daily, yet there is a disconnect between the amazing technology of powerpoint and a mediocre student learning experience. To unleash the full potential of powerpoint presentations, we must do a better job of creating presentations that fit the educational needs of students. Slides for Students does just

---

that. Slides for Students is an open and honest discussion about powerpoint in the classroom. A need exists for thoughtfully designed and implemented classroom instruction that focuses on the learner rather than on the technology. This book was written to translate academic research findings into practical suggestions about powerpoint that educators can use. Divided into two parts, Slides for Students discusses the history of powerpoint, explores academic studies on the topic, and demonstrates how to design slides to best suit educational needs and engage with students to avoid the dreaded "death by powerpoint."

Art teaches students how artists create by helping them understand that creativity starts with critical thinking. By guiding students through a rich array of aesthetic elements and artistic media, along with an overview of art history, this text encourages students to develop an appreciation for a diverse range of art. Author Henry M. Sayre demystifies the creative process by showing how artists use critical thinking and problem solving to create great works of art. Studying art also requires critical thinking and problem solving, and this text shows students how to use these skills to understand and explore the world of art. Instructor's Manual with Tests

Quantification of Climate Variability, Adaptation and Mitigation for Agricultural Sustainability Henry Holt and Company (BYR) This volume explores the multiple connections between the two most canonical authors in English, Jane Austen and William Shakespeare. The collection reflects on the historical, literary, critical and filmic links between the authors and their fates.

Considering the implications of the popular cult of Austen and Shakespeare, the essays are interdisciplinary and comparative: ranging from Austen ' s and Shakespeare ' s biographies to their presence in the modern vampire saga Twilight, passing by Shakespearean echoes in Austen ' s novels and the authors ' afterlives on the improv stage, in wartime cinema, modern biopics and crime fiction. The volume concludes with an account of the Exhibition " Will & Jane " at the Folger Shakespeare Library, which literally brought

the two authors together in the autumn of 2016. Collectively, the essays mark and celebrate what we have called the long-standing “ love affair ” between William Shakespeare and Jane Austen—over 200 years and counting.
