Apple iPad (8th Generation) User Guide Independently Published

Learn to take great photos with your iPhone—the camera you always have with you!

Imagine if someone took the same photographic techniques, principles, and tools used by high-end and professional photographers, but applied them to shooting with an iPhone. Imagine the type of images you ' d be able to create using those same ideas. Well, finally, somebody has.

The world ' s #1 best-selling photography techniques author is about to break all the rules as he shows you how to apply the same techniques today ' s top pro photographers use to make stunning images. You ' re going to learn exactly how to use these techniques to create images that people will just not believe you could actually take with a phone (but with the quality of the iPhone ' s camera, you absolutely can!).

Scott leaves all the techno-speak behind and, instead, treats the whole book as if it were just you and he out on a shoot with your iPhones, using his trademark casual, plain-English writing style to help you unlock the power of your iPhone to make the type of pictures you never thought could be done with a phone. You ' ll learn:

- Which tools to use to make pro-quality portraits in any lighting situation.
- How to create stunning landscape shots that people will swear you took with an expensive DSLR or mirrorless camera.
- Proven posing techniques that flatter your subject and make anyone you photograph look their very best in every shot.
- How to organize and edit your photos like a pro!
- The pros ' top tips for making amazing shots of everything from flowers to product shots, from food

photography to travel shots, and everything in between.

Each page covers a single concept, a single tool, or a trick to take your iPhone photography from snapshots to shots that will make your friends and family say, " Wait..you took this?!" iPhone Survival Guide - Concise Step-by-Step User Guide for iPhone 3G, 3GS: How to Download FREE eBooks, eMail from iPhone, Make Photos and Videos & More Learn how to use your first iPhone easily and intuitively. This step-by-step guide is designed specifically for seniors who want to learn how to use their new smartphones to the fullest. Modern phones are increasingly challenging to use, especially for those who approach this technological world for the first time and don't know where to turn to learn its basics. Would you like to use applications that can keep you connected to your loved ones, such as WhatsApp or Facebook, but you can't figure out how to install them, and no one has ever the time to teach you? You have just stumbled upon an easy-to-navigate guide, complete with pictures that will make you exactly understand what to do, as well as explanations of the most used and significant terms to know. With this guide, you will learn to use your iPhone correctly: not only to stay in touch with your friends, but also to learn useful tricks that will simplify your daily life such as, understanding how your bank application works, setting your medical ID, and configuring the emergency SOS call. So, here's what you'll find in this guide: A complete introduction about your iPhone and all the main functions you need to know; How to configure the basic settings for your iPhone, applications, facial recognition (Face ID), WiFi connection, and how to save all your data; How to learn to take pictures of your nephews easily like a professional; Simple explanations to use the most common apps like FaceTime to call you family and friends; How to set up emergency SOS calls and your medical ID to constantly check your health; Tips and tricks that will help you every day, while also learning how to solve the problems that may occur in your phone by yourself; And so on! Age doesn't have to be a limit to learning, and that's why we want to help you make the most of your iPhone in an easy and guided way. Click on "Buy now" and discover the joy of learning new things that will improve and simplify your life!
