## Iphone: The Missing Manual

Mdfin Press

Learn how to use your first iPhone easily and intuitively.

This step-by-step guide is designed specifically for seniors who want to learn how to use their new smartphones to the fullest.

---

Modern phones are increasingly challenging to use, especially for those who approach this technological world for the first time and don't know where to turn to learn its basics. Would you like to use applications that can keep you connected to your loved ones, such as WhatsApp or Facebook, but you can't figure out how to install them, and no one has ever the time to teach you? You have just stumbled upon an easy-to-navigate guide, complete with pictures that will make you exactly understand what to do, as well as explanations of the most used and significant terms to know. With this guide, you will learn to use your iPhone correctly: not only to stay in touch with your friends, but also to learn useful tricks that will simplify your daily life such as, understanding how your bank application works, setting your medical ID, and configuring the emergency SOS call. So, here's what you'll find in this guide: A complete introduction about your iPhone and all the main functions you need to know; How to configure the basic settings for your iPhone, applications, facial recognition (Face ID), WiFi connection, and how to save all your data; How to learn to take pictures of your nephews easily like a professional; Simple explanations to use the most common apps like FaceTime to call you family and friends; How to set up emergency SOS calls and your medical ID to constantly check your health; Tips and tricks that will help you every day, while also learning how to solve the

---

problems that may occur in your phone by yourself; And so on! Age doesn't have to be a limit to learning, and that's why we want to help you make the most of your iPhone in an easy and guided way. Click on "Buy now" and discover the joy of learning new things that will improve and simplify your life!

The Best iPhone SE 2020 User Guide Ever Independently Published

Learn how to use the iPhone 13 Remember when phones actually called people? They still do that, obviously, but they do so much more today! They keep track of your health. They help you stay in touch with your family in innovative ways. They let you watch movies. And, for some of us, they let us play games while we are supposed to be doing something else! Mostly, they make the things we do every day a little easier- and that's especially true on the iPhone 13 and iPhone 13 Pro. You probably know some of the many things the iPhone does, but do you know how to actually do them? This guide will show you features you might not even know about, and, of course, how to use them. Along the way, I try to keep things on the lighthearted side-my intent is not to give you a stuffy technical guide that can

---

also be used as a doorstop, but to help you enjoy learning and make you excited about all the things you can do. Some of the things you will learn in this book include: What's new to iOS 15 Using an iPhone that doesn't have a Home button Using Face ID Cinematic Mode AirTags How to use Picture in Picture for movies and TV shows How to add widgets to your Home screen Organizing apps with the App Library Buying, removing, rearranging, updating apps MagSafe Taking, editing, organizing and sharing photos Apple Services (Apple Music, Apple TV+, Apple Card, iCloud, and Fitness+) Using Siri Using pre-installed apps like Notes, Calendar, Reminders, and more Making phone calls and sending messages And much, much more! Are you ready to start enjoying your new iPhone? Then let's get started! Note: This
