CompTIA A+ Complete Study Guide CNET Networks Inc.

Windows XP can be a great tool, but it is all too easy to trip over Windows XP's annoying traits more often than you leverage its productivity. Windows XP power-users troll online resources, documentation, and the expertise (or lucky finds) of friends for valuable tips and tricks--a keyboard shortcut

here, an undocumented double-click there--to eliminate annoyances, save time, and take control of their Windows XP. But what if there was an easier way? This new book presents literally hundreds of problems and solutions, amazing power tips, cool tricks, and clever workarounds in one clearly organized, easy to use, and portable resource. Truly insightful and amusing, Windows XP Power Hound gives Windows XP users practical hints for everything from the desktop to Office programs to the registry, and includes documented (but little-

known) tips as well as previously undocumented tricks. Windows XP Power Hound moves far beyond mere productivity and explores what's possible with Windows XP--including cool things you probably never thought of doing. An understanding of Windows XP basics will get the job done. But discovering the most useful I didn't know that! tips and shortcuts will make using Windows XP a far richer and less frustrating experience. The practical, concise format of Windows XP Power Hound makes it easy to dip into for a quick tip from time to time; the

warm, jargon-free tone makes it easy to read cover to cover. Anyone who wants to smooth out Windows XP's speed bumps and get some serious speed to accelerate through the bottlenecks will find that even a handful of these useful, to-the-point tips will make Windows XP Power Hound worth its weight in chocolate.
