"Fairy Tales from Far and Near" written in days gone by, sophisticated in a way modern "fairy tales" lack. Fairy Tales from Far and Near by Katharine Pyle is a classic collection of fairy tales first published in the United States in 1922. A true book of worth, a classic that lives in an era of timeless distinction. Early books emit an excellence unlike any from modern times. You will not be dissatisfied

with this work, a fairy tale collection at its finest. A Look Inside "There was once a poor peasant woman who sold milk. Every day she filled her cans with milk and went to a nearby town and sold it, returning with her cans empty. One day, when she set out she took her little baby daughter with her. In each hand the mother carried a milk can, and the baby held to her skirt and walked close beside her.

Suddenly two great eagles appeared, wheeling about in the sky, and one of them dropped down and seized the child and flew away with it; the other eagle, which was its mate, followed it." "A stunning reprint" At Timeless Classics Publishing we take every step possible to ensure the original integrity of this book has been upheld to its highest standard. This means that the texts in this story are unedited and unchanged from the original author's publication,

preserving its earliest form for your indulgence. This title is one of the best fairy tale collections, of all time, words strung together with such detailed precision, literature that you just do not see in the modern age. This title will make an excellent gift for the classic fairy tale buff in your life or a fantastic addition to your current collection. We are ready to ship this book off to you today at lightning speed, so you will find yourself indulging in this title without delay. The magnificent novel from Nobel laureate Kazuo Ishiguro—author of *Never Let Me Go* and *The Remains of the Day*. Here is the story of Klara, an Artificial Friend with outstanding observational qualities, who, from her place in the store, watches carefully the behavior of those who come in to browse, and of those who pass on the street outside. She remains hopeful that a customer will soon choose her.

Klara and the Sun is a thrilling book that offers a look at our changing world through the eyes of an unforgettable narrator, and one that explores the fundamental question: what does it mean to love?

Cambridge IGCSE and O Level Geography 3rd edition BoD – Books on Demand

Trends in Geography: An Introductory Survey reviews trends in geography, including physical geography, human geography, and applied geography. Topics covered include progress in geomorphology, meteorology, climatology, hydrology, historical geography,

transport geography, and industrial geography, along with the geography of rural settlements and the ecology of agricultural systems. The importance of geography in area studies is also discussed. This book is comprised of 26 chapters and begins by tracing developments in the field of geography, followed by a discussion on the study of soils in geography and the economic geography of agriculture. The following chapters explore the diversity of urban geography; the role of geography in physical planning and economic planning; planning studies in rural areas; and geographical research on local government. A cultural and historical perspective in area studies is presented by

citing the case of Latin America. The final chapter is devoted to geographical studies of developing areas, focusing on the case of tropical Africa. This monograph will be of interest to teachers, students, and practitioners of geography.

Mathematics Ordinary Level Hachette UK
Each topic is treated from

the beginning, without assuming prior knowledge. Each chapter starts with an opening section covering an application. These help students to understand the relevance of the topic: they are motivational and they make the text more accessible to the majority of students. Concept Maps have been added, which together with Summaries throughout, aid understanding of main ideas and connections between topics. Margin points highlight key points, making the text more accessible for learning and revision. Checkpoints in each chapter test students' understanding and support their private study.
