The Ruger 10/22 is one of the most popular .22-caliber rifles of all time. It is relatively inexpensive, exceptionally reliable and accurate, and easy to work on, and parts are widely available. But as good as these versatile little rifles are, they can be made even better with a little work on their triggers, actions and barrels. This work is easy to do, even for people with little or no machining or gunsmithing experience, and it is inexpensive. And after you have customized your 10/22, why not go the extra step and add a legal suppressor so that you can use your rifle for animal control, in survival situations or just to

save your hearing? With this book and very little time, effort and money, you can turn your Ruger 10/22 into the ultimate do-anything weapon.
