magazine has been the official
monthly resource for
Dungeons & Dragons players.
Many monster, classes and
even campaign settings that
have gone on to define the
modern game first appeared in
Dragon's pages, and a history
of the magazine is a history of
the game itself. The Dragon
Compendium collects the most
popular classic articles from
throughout Dragon magazine's
proud history, all updated to
the current edition of the D&D
rules. Selected with the input
of current and former editors
and D&D fans across the
world, the articles in this
256-page volume are proven

favorites-material you will want strips, old and new, collected to reference again and again.
