Harrison's indebtedness to self-help methodologies leads him to a vulgar conception of faith: by "drawing on the powers of heaven" through the proven principles of prayer, self-discipline, and goal-setting, Harrison promises that even the weakest of the saints can feel the influence and power of the Lord in their own lives.

Drawing on the Power of the Word. Drawing on the Power of the Word seeks to enhance the power of expression and explore the moral implications of speech and action. It consists of twenty readings, each of which is complemented by exercises in language skills. The readings begin simply, but gain in complexity both in terms of thought and language. The first reading introduces Diego and his youth group, who live in the small town of Alegrías. *Drawing on the Power of Resonance in Writing: Amazon.co.uk ...* The powers of heaven are very real and can dramatically influence the course of events in a person's life. In our relationship with Deity, the powers of heaven include any influence or power (inspiration, gift of the spirit,

power of the priesthood, etc.)
which is governed by God and
operates in our behalf.

Drawing on the Powers of Heaven by Grant Von Harrison

The gospel of Jesus Christ is
filled with His power, which is
available to every earnestly
seeking daughter or son of God.
It is my testimony that when we
draw His power into our lives,
both He and we will rejoice. 24.
As one of His special witnesses,
I declare that God lives! Jesus is
the Christ! His Church has been
restored to the earth!
