Updated and revised for 2019! Do you know someone who will soon be getting or has recently obtained their driver's license that makes you think twice about going out on the road? Maybe a friend or family member who is a notoriously bad driver who is constantly getting into car accidents? This gag driver's education book is the perfect way to tell them that you care and secretly fear them. In the New Driver's Guide to Things to NOT Crash Into, we focus on some very basic driving

fundamentals, such as: What is a car? What are those round things at the bottom? Where does it belong? In the second portion of the book we walk through dozens of examples of people, places and things that should not be crashed into at any time. We also take care to sarcastically explain reasons why these items are firmly on the DO NOT CRASH INTO list. Some practical examples for newly licensed drivers are: People Other cars Trees Houses Icebergs Mountains Creepy Garden Gnomes And

many more! Pick up a copy for new driver in your family or circle of friends who will appreciate a good gag book and get a few good laughs as they learn to become safe and responsible drivers.

New Jersey Driving License Guidebook Mometrix Media LLC From a public health perspective, motor vehicle crashes are among the most serious problems facing teenagers. Even after more than six months of being licensed to drive alone, teens are
---	---	--

two to three times more likely to be in a fatal crash than are the more experienced drivers. Crash rates are significantly higher for male drivers, and young people in the United States are at greater risk of dying or being injured in an automobile than their peers around the world. In fact, in 2003 motor vehicle crashes was the leading cause of death for youth ages 16-20 in the United States. Understanding how and why teen motor	vehicle crashes happen is key to developing countermeasures to reduce their number. Applying this understanding to the development of prevention strategies holds significant promise for improving safety but many of these efforts are thwarted by a lack of evidence as to which prevention strategies are most effective. Preventing Teen Motor Crashes presents data from a multidisciplinary group that	shared information on emerging technology for studying, monitoring, and controlling driving behavior. The book provides an overview of the factual information that was presented, as well as the insights that emerged about the role researchers can play in reducing and preventing teen motor crashes. Drive Right

The universal experience for most high school students is learning to drive and getting their driver's license. Add breathlessly plotted romance and an accident and you have a poignant and realistic novel. Remy Martin prays to the God of Driver's Education that she will get to drive today. She doesn't know where she's going, but she knows one thing . . . she is going to get there fast. Morgan Campbell

had been standing on the threshold of 16 and getting his driver's license ever since he could remember. But deep into the first crush of his life, thinking of nothing but girls, Morgan forgot what driving was all about. This poignant novel about responsibility and consequences is as convincing as it is irresistible.

North Carolina Driver's Workbook

Driving is a privilege and not a right. Drivers must drive responsibly and safely, obey traffic laws, and never drink and drive. Finally, make sure that you and your passengers are properly buckled up - it's the law! Today's vehicles are loaded with technology that was unheard of even a decade

ago. Systems that warn when you are drifting from your lane, assist you in parallel parking, automatically brake in emergency situations and provide 360 degrees of vision around the vehicle via a camera are becoming standard, even on moderately priced vehicles. As remarkable as these leaps in automotive technology are, the truth is that the most important safety feature in any vehicle remains you as the driver.

Therefore, it is to your benefit to continue improving and expanding your knowledge of traffic laws and safe driving practices. Driving is a privilege. Once you have been issued a driver's license, you have the responsibility to continually demonstrate the skill and knowledge to drive safely. Whether you have been behind the wheel for decades or are just starting to venture out, driving is a discipline that requires judgment,

knowledge, physical and mental self-awareness, and practice. "What Every Driver Must Know" is an excellent resource for assisting you on this lifelong journey.
