The Official Highway Code

So you want to drive
stick... You've heard that driving
stick gives you more control of
your car in every situation, from
a passing maneuver to
descending a snowy hill. You've
heard driving a stick shift car is
more economical at the gas
pump. You've heard it's more
fun. But you've also heard it's
hard to learn: there are
gearshifts to master, your
engine can stall, your car can
roll backwards on a hill, and
understanding the clutch is a
nightmare. So, what if I told you
using a clutch is no more
difficult than using a bathroom
faucet, or that your car's
handbrake is a lot more than

just a 'parking brake', or that I can teach you - in just one sentence - how to avoid ever stalling your engine? I've already taught thousands of people how to drive stick - men and women of all ages - normal people, not engineering students or race car engineers. And I can teach you. Alcohol, Drugs and Driving Driving is a privilege and not a right. Drivers must drive responsibly and safely, obey traffic laws, and never drink and drive. Finally, make sure that you and your passengers are properly buckled up - it's the law! Today's vehicles are loaded with technology that was unheard of even a decade ago. Systems that warn when you are drifting from your lane, assist you in parallel parking, automatically brake in emergency situations and provide 360 degrees of vision around the vehicle via a camera are becoming

standard, even on moderately priced vehicles. As remarkable as these leaps in automotive technology are, the truth is that the most important safety feature in any vehicle remains you as the driver. Therefore, it is to your benefit to continue improving and expanding your knowledge of traffic laws and safe driving practices. Driving is a privilege. Once you have been issued a driver's license, you have the responsibility to continually demonstrate the skill and knowledge to drive safely. Whether you have been behind the wheel for decades or are just starting to venture out, driving is a discipline that requires judgment, knowledge, physical and mental self-awareness, and practice. "What Every Driver Must Know" is an excellent resource for assisting you on this lifelong journey.
