Step 4 – Apply AC power to the main

panel Step 5 – Zone light 1 will turn

ON when the default is complete

(approx. 30 seconds) Step 6 – Remove

AC power from the panel Step 7 –

Reconnect all original wiring and

power up the control panel normally

Note: Only the main panel will default.

All modules will not be affected.

Power 832 v2 user

I just bought a house with a DSC

Power 832 system installed. The

previous owner left without giving

me his master key, which means I

can't use it at all. Of course, I could

pay monthly fee to some security

company and they would be glad to

come program it for me, but I would

prefer to use it stand alone, i.e.

have it call my pager or my
