Thirty years have
elapsed since the
first description by

S. A. BERSON and
R. S. YALOW of
the basic principles
of
radioimmunoassay
(RIA). During this
period of time, RIA
methodology has
been instrumental
to the growth of
many areas of
biomedical
research, including
endocrinology,
oncology,
hematology, and
pharmacology. It
has done so by
providing a
relatively simple
universal tool
allowing, for the
first time, the
detection of
endogenous
mediators that are
present in
body fluids at

concentrations as low as 10⁻¹⁰ M. The fundamental nature of this discovery and the wide-ranging fall-out of basic and clinical knowledge derived from its application have been acknowledged by the many honors tributed to its pioneers, including the Nobel Prize awarded to Dr. YALOW 10 years ago. Although several excellent books have been published during the past decades covering various aspects of RIA methodology, we felt the need, as pharmacologists, for a

comprehensive discussion of the methodological and conceptual issues related to the main classes of mediators of drug action and to drugs themselves. Thus, we gladly accepted the challenge provided by the invitation to edit a volume of the Handbook of Experimental Pharmacology on Radioimmunoassay in Basic and Clinical Pharmacology. We tried to balance the emphasis placed on more general aspects of the RIA methodology and that on specific mediators.

Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their grandad – the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly

by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

Over two hundred and thirty years ago the Fallocaust happened, killing almost everything that lived and creating what is now known as the greywastes. A dead wasteland where cannibalism is a necessity, death your reality, and life before the radiation nothing but pictures in dog-eared magazines. Reaver is a greywaster, living in a small block controlled by a distant ruler said to have started the Fallocaust. He is a product of the savage world he was raised in and prides himself on being cold and cruel. Then someone new to his town catches his eye, someone

different than everyone else. Without knowing why he starts to silently stalk him, unaware of where it will lead him.

Honeyball and Bowers'
Textbook on Employment Law is an approach to employment law with strong critical analysis whilst placing it in its wider contexts, in a concise and user-friendly format. Fully updated to take into account the recent significant developments in this area, including the Equality Act

2010, the key topics on most employment law courses are addressed in detail. An extremely clear writing style allows this text to remain accessible and student-focussed, while providing detailed explanations and analysis of the law. The text also includes diagrams and chapter summaries throughout to aid student understanding, while further reading suggestions

assist with essaypreparation and research. Setting employment law in context, this book considers both industrial and collective issues as well as examining the increasing role of the EU in UK employment law. A separate chapter on human rights also enables students to understand the role human rights legislation plays in the development of employment law. This book also contains cross referencing to

Painter & Holmes' Cases & Materials on Employment Law, ensuring that these two texts continue to complement one another and provide the perfect combination of textbook analysis and the most up-to-date cases and materials. This text is accompanied by a free Online Resource Centre (www.oxfordtextbooks.co.uk/orc/honeyball12e/) which contains updates to the law and useful weblinks. [Alternative Diesel](#)

Taryn Clark
thought she'd
outgrown the
need to find her
birth mother. She
thought that a
successful career
and a comfortable
life in the city
were enough to
be happy. Did she
really need to
know about the
woman who had
given her away?
Adopted at birth,
her first few years
were happy. It
hadn't mattered
that she didn't
know her
heritage; she had

parents who loved
her and wanted
her. But divorce,
and then death,
ripped their tiny
family apart, and
at the tender age
of six, she entered
the foster care
system. Over the
next dozen years,
she shuffled from
home to home.
Finding her roots
seemed an
impossible dream.
But dreams are
resilient. An
unexpected
discovery
awakens old
yearnings of
belonging to a
family, of being
part of something
bigger than
herself. Finding
the brief,
ambiguous note
from her birth

mother is enough
to unfurl the
ribbons of hope
still binding her
heart. Her quest
takes her to
Lancaster County,
Pennsylvania and
the heart of the
Plain community.
Aided by her
unique eye color,
a healthy dose of
luck, and the
private
investigator she
hires, Taryn finds
her birth family
easily enough, but
finding the truth is
another matter. In
all her musings,
she never
imagined a
scenario where
her mother might
be Amish. She
never imagined
that the fabric of
her life might be a

patchwork of faith and fear, stitched together with a dark family secret. Taryn is determined to trace her roots, even if it means digging in the mud to do so. Now she's caught in the quicksand of a shocking discovery and the consequences of choices made, almost forty years ago. She'll risk everything to uncover the truth and to claim the family--and the roots--she so desperately craves.

DISCIPLE IV
UNDER THE TREE OF LIFE
is the final study in the four-phase
DISCIPLE

program and is prepared for those who have completed
BECOMING DISCIPLES THROUGH BIBLE STUDY.
The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is

the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and

Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The

fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings

generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.
