Sup y'all? im nearing 9,000 miles (wow that was fast) on my bike so Ima have to change the oil. I have an Amsoil dealer ready to get for me. I looked in the owners manual and found out my monster uses 10W-40 oil, (correct me if im wrong) but the problem is I do not know how many quarts I will be needing.. and what type of oil filter I'll need.

[Ducati 848 Oil and Filter Change](#)

The preferred oil would be a class 4 or 5 full synthetic MOTORCYCLE specific oil in 10-40; of the oils listed motul 300V and mobil1 4t both fit the bill. Do not use automotive oils in your 848 since they contain friction modifiers which would cause your wet clutch to slip and eventually fail.

[Ducati 848 - motorcyclespecs.co.za](#)

The Ducati 848 is a sport bike with a 849 cc (51.8 cu in) 90 ° V-twin

engine manufactured by Ducati. It was announced on November 6, 2007 for the 2008 model year, replacing the 749 , although the 848 model name was already listed on the compatible parts table for the 1098 fuel tank, giving away the secret a few months early.

[Ducati 848 Technical Specifications - Ultimate Specs](#)

I am not an expert on what the dealers do on the first service (1000k) but when I took my 848 for the service the invoice only listed an oil change. Changing the oil and filter on most vehicles, bikes included is super easy. My first two services were free as part of a Ducati offer at the time I purchased my 848. If not I would have done it myself.
