Many books have been
published about Italian
motorcycles, but none has
focused exclusively on the
Italian motorcycle-based

chopper, bobber, trike, and
quad custom bike scene – until
now. Even though customising
is not normally associated with
Italian brands, there are some
fantastic individually-built
Italian custom bikes out there,
old and new. In recognition of
the trend, Ducati entered into a
new market segment when it
launched its power cruiser
Diavel in November 2010,
while Moto Guzzi has its
Aquila Nero range ... these and
many other custom-style bikes
have been well-received in the
customs scene. This book looks
at some of the fascinating
custom projects around the
world, accompanied by
stunning photography of the
finished bikes. A great book for
Italian bike fans, and fans of the
custom bike scene in general.
