Queen Bees and Wannabes Penguin

An expert in child, family and school psychology and the founder of Mindful Life presents a revolutionary approach to parenting that, rooted in the science of the brain and integrating cognitive neuroscience and child development, helps children feel happier, healthier, less anxious and less stressed. Original.

It's OK to Go Up the Slide Bibliomotion, Inc.

There's a new set of 3Rs for our kids—respect, responsibility, and resilience—to better prepare them for life in the real world. Once developed, these skills let kids take charge, and let parents step back, to the benefit of all. Casting hover mothers and helicopter parents aside, Vicki Hoefle encourages a different, counter-intuitive—yet much more effective—approach: for parents to sit on their hands, stay on the sidelines, even if duct tape is required, so that the kids step up. Duct Tape Parenting gives parents a new perspective on what it means to be effective, engaged parents and to enable kids to develop confidence through solving their own problems. This is not a book about the parenting strategy of the day—what the author calls “Post-It Note Parenting”—but rather a relationship-based guide to span all ages and stages of development. Witty, straight-shooting Hoefle addresses frustrated parents everywhere who are ready to raise confident, capable children to go out in the world.

Calmer, Easier, Happier Parenting Routledge

For parents who didn't grow up with smartphones but can't let go of them now, expert advice on raising kids in our constantly connected world Most kids get their first smartphone at the same time that they're experiencing major developmental changes. Making mistakes has always been a part of growing up, but how do parents help their kids navigate childhood and adolescence at a time when social media has the potential to magnify the consequences of those mistakes? Rather than spend all their time worrying about the worst-case scenario, readers get a bigger-picture understanding of their kids' digital landscape. Drawing on research and interviews with educators, psychologists, and kids themselves, Raising a Screen-Smart Kid offers practical advice on how parents can help their kids avoid the pitfalls and reap the benefits of the digital age by: using social media to enhance connection with friends and family, instead of following strangers and celebrities, which is a predictor of loneliness and depression finding online support and community for conditions such as depression and eating disorders, while avoiding potential triggers such as #Thinspiration Pinterest boards learning and developing life skills through technology—for example, by problem-solving in online games—while avoiding inappropriate content Written by a public health expert and the creator of the popular blog Rants from Mommyland, this book shows parents how to help their kids navigate friendships, bullying, dating, self-esteem, and more online.

Calm the H*ck Down Penguin

Written in a down-to-earth style and packed with examples and tips, this is a guide to the secret world of girls' cliques and the roles they play. It analyzes their teasing and gossip and provides advice to enable parents to empower both their daughters and themselves. Finding Audrey Lomhara Press

"Vicki Hoefle's Straight Talk on Parenting makes the bold claim that parenting is not about perfection. Her book teaches parents to trust their intuition and develop an intentional strategy for meeting each child's unique

needs."--

The Bullet Routledge

One of Shondaland's Best Books of April 2022! Behind the chic veneer of a wellness clinic lies a dangerous secret, in this compelling women's fiction novel from the author of *The White Coat Diaries*. Dr. Maya Rao is a gynecologist trying to balance a busy life. With three young children, a career, and a happy marriage, she should be grateful—on paper, she has it all. But after a disastrous encounter with an entitled patient, Maya is forced to walk away from the city hospital where she's spent her entire career. An opportunity arises when Maya crosses paths with Amelia DeGilles at a school meeting. Amelia is the owner and entrepreneur behind Eunoia Women's Health, a concierge wellness clinic that specializes in house calls for its clientele of wealthy women for whom no vitamin infusion or healing crystal is too expensive. All Eunoia needs is a gynecologist to join its ranks. Amid visits to her clients' homes, Maya comes to idolize the beautiful, successful Amelia. But Amelia's life isn't as perfect as it seems. When Amelia's teenaged daughter is struck with a mysterious ailment, Maya must race to uncover the reason before it's too late. In the process, she risks losing what's most important to her and bringing to light a secret of her own that she's been desperately trying to keep hidden.

Duct Tape Parenting Penguin

Nothing is what it seems in NPR correspondent Mary Louise Kelly's "riveting, twisty tale" (Hallie Ephron, author of *Night Night, Sleep Tight*), in which a woman discovers a decades-old bullet at the base of her neck. Caroline Cashion is stunned when an MRI reveals that she has a bullet lodged near the base of her skull. It makes no sense: she has never been shot. She has no scar. When she confronts her parents, she learns the truth: she was adopted when she was three years old, after her real parents were murdered in cold blood. Caroline had been there the night of the attack, and she'd been hit by a single gunshot to the neck. Buried too deep among vital nerves and blood vessels, the surgeons had left it, and stitched up the traumatized little girl with the bullet still inside. Now, thirty-four years later, Caroline returns to her hometown to learn whatever she can about who her parents were, and why they died. A cop who worked the case reveals that even after all these years, police still don't have enough evidence to nail their suspect. The bullet in Caroline's neck could identify the murderer... and that person will do anything to keep it out of the law's hands. Now Caroline will have to decide: run for her life, or stay and fight? With non-stop action, "an extremely likable narrator and twists and turns galore" (Alice LaPlante, author of *Turn of Mind*), *The Bullet* will keep you riveted until the very last page.

Writing in an Age of Silence Random House Books for Young Readers

From author and speaker Melanie Dale comes a laugh-out-loud hilarious parenting book that teaches you how to dial back the stress of raising children with the simple premise that we all just need to lighten up a little bit. Most of us thought we'd be amazing parents—and then we had kids. Now we spend what little free time we have comparing ourselves to other parents, comparing our kids to other kids, and panicking that everyone else is nailing it except us. Between constant social media postings to conflicting advice found in parenting books, we often have no choice but to freak out. But there is another way. We all just need to calm the h*ck down. Melanie Dale—a special needs parent, adoptive parent, in vitro parent, and reluctant cheer mom—believes we are all putting too much pressure on ourselves and our kids to be perfect. Instead, she argues, we need to take a step back so we can actually enjoy this journey called parenting. *Calm the H*ck Down* is filled with stories from Melanie's own life, as well as real-life research for learning how to lighten up about every aspect of parenting—from poop diapers and germs to family vacations and adolescent angst. She also discusses the pressure to knock it all out of the Pinterest park, the challenge of instilling some kind of faith into your kids, and worrying about their future while still trying to live in the present. Infused with quirky humor, profound insight, and accessible advice, *Calm the H*ck Down* gives you the permission to finally relax and enjoy this ridiculous thing we do called parenting.

Parenting as Partners Simon and Schuster

Being a good parent is one of the most difficult, yet most rewarding, jobs a person can have in his or her lifetime. Being the parent of a teen is an especially daunting phase of the journey. As parents begin to notice the significant changes that come with adolescence (physical changes brought about by puberty, the constant angst and moodiness, and of course the classic eye-rolling and the I-know-it-all attitude), they wonder just what happened to their happy, sweet, and affectionate young boy or girl. Parents sit by amazed—and often lost and unprepared—as they witness their child morph and mutate into a full-blown pubescent display of emotions. *The Angst of Adolescence: How to Parent Your Teen and Live to Laugh About It*, written in a conversational, informative, humorous and relatable style, promises to deliver trustworthy

resource for parents of teens who are searching for answers and guidance about how to maneuver their way through this tricky developmental period. Dr. Sara Villanueva, a prominent psychologist specializing in the adolescent years, shares relevant research findings so that parents can be informed of the facts as opposed to making assumptions based on ubiquitous but questionable sources. Most of all it will provide parents of teenagers with perspective in the midst of angst so they can come away with the sense that: * They are not alone in their experience of raising teens; many, many people have gone through it and we can all relate to and learn from one another. * Most of what your teen is feeling and expressing is normal and falls within the expected range of behavior for adolescent development. * Despite the challenges involved in parenting teens, we should take time to focus on the positive things in life and live with our child through the tough adolescent years so that we emerge on the other side with friendship and a deeper bond. As a psychologist and mother of four, the author shares both research-based and first-hand advice on how to navigate the teen years and live to laugh about it.

Finlay Donovan Is Killing It Piatkus Books

An indispensable survival manual for men entering the trenches of fatherhood, *Be Prepared* is loaded with one-of-a-kind insights, MacGyver-esque tips and tricks, and no-nonsense advice for mastering the first year as a dad. Finally, a book that teaches men all the things they really need to know about fatherhood...including how to: -Change a baby at a packed sports stadium -Create a decoy drawer full of old wallets, remote controls, and cell phones to throw baby off the scent of your real gear -Stay awake (or at least upright) at work -Babyproof a hotel room in four minutes flat -Construct an emergency diaper out of a towel, a sock, and duct tape Packed with helpful diagrams and detailed instructions, and delivered with a wry sense of humor, *Be Prepared* is the ultimate guide for sleep-deprived, applesauce-covered fathers everywhere.

Smiles & Duct Tape Penguin Group

A witty, straight-shooting parenting book to help parents build a solid relationship with their kids, improve children's behavior and decision-making, and prepare kids to steer their own futures while laughing a little along the way."

Here Comes Teacher Cat Simon and Schuster

Elizabeth Wagele, coauthor of *The Enneagram Made Easy* and *Are You My Type, Am I Yours?*, offers the first practical guidebook for parents -- packed with her delightful cartoons -- on how the Enneagram can help to understand and work with children's personality traits and behavioral patterns more effectively and creatively. Using her expertise in making the Enneagram accessible through simple text and zany, informative cartoons, Wagele shows parents how to be flexible and compassionate, willing and eager to recognize the unique potential of every child and to respond to and nurture each child appropriately.

Raising Kanye Thomas Nelson

Yes, there are times when it's appropriate to reason with your child, to patiently and eloquently explain why he or she needs to do as you ask. You might present convincing arguments like "Because it makes you strong"; "Because it will keep you safe"; "Because it's good for you"; "Because it's bad for you." But there are times when the only thing that really makes sense is... "Because I said so!" This book is a hilarious, honest romp through motherhood—the joys, the sleeplessness, the frazzled days, the unending carpooling, the in-house refereeing, the dieting (yeah, right), the worrying—and did we say, the joy? Here's what some of that joy looks like—with excerpts straight from the book: • I tried to do the Buns of Steel video, but quickly realized that it wasn't intended for people who have buns of pudding. • I felt like my head might explode. I kind of hoped it would so I could take a nice, peaceful ambulance ride out of there. • I was a little at a loss. I mean, those parenting books don't tell you how to break up a fight over an imaginary friend. • Moms aren't allowed to get sick more than one day a year. Single moms aren't allowed to get sick ever. • Before you have children you can't imagine yourself saying things like "Don't put chocolate milk in your pants," "Take the hot dog out of your nose," or "Because I said so!" If you're a mom-to-be or a mom in the trenches, you'll love knowing that you're not the only one out there who sometimes just figures it out as you go along—and sometimes can't figure it out at all. But in the end, Dawn has these words of encouragement just for you: "Enjoy this time. Even when they make you crazy, these are the best days of your life." And they really are, aren't they?

Parent Hacks Penguin

Very few families are perfect. But looking from the outside in, through conversations in the grocery store or clicking through social media, oftentimes it seems we are the only ones struggling with raising our kids or aligning with our spouses on parenting. The reality is that so many families struggle. Vicki Hoefle, three-time author, parenting coach, and sought-after speaker, offers a fresh, practical roadmap for achievable family—and marital—harmony and happiness. Her strategies work for everyone: whether you have young children and are just starting the parenting journey; are beginning to experience the first challenges of raising children in the 21st century; or if you're facing crisis, stress, or the effects of divorce. Hoefle inspires REAL families and shows them

how to invest in the relationship, focus on what is important, and experience the joy of living in a healthy, loving family.

Duct Tape Parenting Chronicle Books

Every Reason We Shouldn't by Sara Fujimura is a charming multicultural romance perfect for the many fans of Jenny Han and Rainbow Rowell. Warning: Contains family expectations, delightful banter, great romantic tension, skating (all kinds!), Korean pastries, and all the feels. Sixteen-year-old figure skater Olivia Kennedy's Olympic dreams have ended. She's bitter, but enjoying life as a regular teenager instead of trying to live up to expectations of being the daughter of Olympians Michael Kennedy and Midori Nakashima...until Jonah Choi starts training at her family's struggling rink. Jonah's driven, talented, going for the Olympics in speed skating, completely annoying... and totally gorgeous. Between teasing Jonah, helping her best friend try out for roller derby, figuring out life as a normal teen and keeping the family business running, Olivia's got her hands full. But will rivalry bring her closer to Jonah, or drive them apart? "This book is like a warm hug filled with all the things I love. I started smiling from page one and couldn't put it down." —Courtney Milan At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Witty, straight-shooting Hoefle addresses frustrated parents everywhere who are ready to raise confident, capable children to go out in the world.

Trophy Child Simon and Schuster

"A one-stop reference filled with essential data on all aspects of a child's growth from birth through age 3"--Page 4 of cover.

Thomas Gets a Snowplow (Thomas & Friends) Shambhala

Written for every mom who helps too much with homework just to impress the teacher and every dad who takes credit for his daughter's soccer success, Trophy Child will give parents the encouragement they need to nurture their kids into who God created them to be. Our culture's obsession with achievement often leads parents to form expectations for their kids based on the world's standards, not on the Bible. As a result, their kids feel they never measure up. Trophy Child will help modern Christian parents create a home where children find success in following their heavenly Father's leading for them—and readers know the joy of seeing their children embrace their full potential as children of God.

Grace-Based Parenting Scholastic Inc.

Strengthen programs of family and community engagement to promote equity and increase student success! When schools, families, and communities collaborate and share responsibility for students education, more students succeed in school. Based on 30 years of research and fieldwork, the fourth edition of the bestseller School, Family, and Community Partnerships: Your Handbook for Action, presents tools and guidelines to help develop more effective and more equitable programs of family and community engagement. Written by a team of well-known experts, it provides a theory and framework of six types of involvement for action; up-to-date research on school, family, and community collaboration; and new materials for professional development and on-going technical assistance. Readers also will find: Examples of best practices on the six types of involvement from preschools, and elementary, middle, and high schools Checklists, templates, and evaluations to plan goal-linked partnership programs and assess progress CD-ROM with slides and notes for two presentations: A new awareness session to orient colleagues on the major components of a research-based partnership program, and a full One-Day Team Training Workshop to prepare school teams to develop their

partnership programs. As a foundational text, this handbook demonstrates a proven approach to implement and sustain inclusive, goal-linked programs of partnership. It shows how a good partnership program is an essential component of good school organization and school improvement for student success. This book will help every district and all schools strengthen and continually improve their programs of family and community engagement.
