A disparate group of human protagonists from Dark Horse's past thirty years of Predator are set on a collision course with their most hated enemy--rendered in frenetic, violent detail by artist Francisco Ruiz Velasco! Since time immemorial, the aliens known as Predators have come to Earth to hunt us. Now a group of survivors of

those visits have begun a hunt of their own. This is the year that humanity turns the tables on the Predators! When Enoch Nakai is recruited by a privately funded group of former soldiers, drug runners, and FBI agents to investigate the killers from beyond the stars, he sees it as a chance to strike back at the creatures who derailed his life. But the team's destination--a South Pacific island paradise--hides a terror no one

expects!

In the mid twentieth century the philosopher Ludwig Wittgenstein famously asserted that games are indefinable; there are no common threads that link them all. "Nonsense," says the sensible Bernard Suits: "playing a game is a voluntary attempt to overcome unnecessary obstacles." The short book Suits wrote demonstrating precisely that is as playful as it is insightful, as stimulating as it is delightful. Suits not only argues that games can be meaningfully defined; he also suggests that playing games is a central part of the ideal of human existence, so games belong at the heart of any vision of Utopia.
