Manual (15.10 MB PDF) Review: The Dish Network 625 satellite receiver contains 2 individual tuners in one box. These Tuners are designated TV1 and TV2. TV1 is intended for use at a TV in the same room as the 625, while the TV2 can be connected to a 2nd TV or distributed to several TV's throughout a house.

I'll turn off the tv, leave the DVR on, but when I get home from work etc. it is off. Is this a programable feature or is this caused by power surges or something else? I've tried to find information on this issue using the manual and the Dish site, no luck. It wouldn't be a problem but when it turns

off, it doesn't record the shows it was programed to record.
