"The most important thing to remember is that a duplex's properties are stretchable but they aren't infinite. One minute the opening will be right there in front of you, and the next minute you won't even know where it went." ?

Duplex, the latest novel from Kathryn Davis. Her sentences need a bit too much explanation....

Book Marks reviews of *Duplex* by Kathryn Davis. *Duplex* seems seeded with symbolism, yet it feels deliberately elliptical, just beyond comprehension.
