Antistatic sprays from several different manufacturers are examined. The sprays are examined for contamination potential (i.e., outgassing and nonvolatile residue), corrosiveness on an aluminum mirror surface, and electrostatic effectiveness. In addition, the chemical composition of the antistatic sprays is determined by infrared spectrophotometry, mass spectrometry, and ultraviolet spectrophotometry. The results show that 12 of the 17 antistatic sprays examined have a low contamination potential. Of these sprays, 7 are also noncorrosive to an aluminum surface. And of these, only 2 demonstrate good electrostatic properties with respect to reducing voltage accumulation; these sprays did not show a fast voltage dissipation rate however. The results indicate that antistatic sprays can be used on a limited basis where contamination potential, corrosiveness, and electrostatic effectiveness is not critical. Each application is different and proper evaluation of the situation is necessary. Information on some of the properties of some antistatic sprays is presented in this document to aid in the evaluation process. Ming, James E. Goddard Space Flight Center

Grandad Mandela ReadHowYouWant.com

"...profoundly moving..." -Publishers Weekly Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their grandad – the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies.Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration's three region schools.It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardize up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook.This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters navigation.Robert J. What is the Kama Sutra? Is it a spiritual text written by a visionary man of wisdom in India almost two millennia ago? Or is it the world's first mucky book? Well, it's the former - it's a spiritual text written by a visionary man of wisdom in India almost two millennia ago. Though shocking for its time, the Kama Sutra has gone on to become the world's most respected guide book on all matters sexual, and is now on top of the wardrobes or under the beds of over sixty percent of the world's teenage boys. It is a common and misconceived belief among the younger generations that sex is something not only void in the minds of our senior citizens, but is most likely physically impossible for those who are at or beyond retirement age. The glorious truth may come as a bit of a shock to the youth of today - it may even conjure up images in their minds best left 'till after lunch! The world's oldies are sexually active. New and exciting research has uncovered startling new evidence that oldies are still 'at it', and still 'do it' whenever they don't have a bad back. Can it be true? Are our most senior citizens getting their wrinkly legs over? If you are an older person, take heart - there's a lot of dusty action out there. Sex in the twilight years, though similar in mechanics to the couplings of youth, is in fact vastly different. This book exposes the secret world of grey love and covers every aspect of senior congress - from geriatric anatomy and attraction, through to mating rituals, sex positions, post-sex heart condition medication and proper service and care of pace makers.
