The Presbyterian Movement in the Reign of Queen Elizabeth as Illustrated by the Minute Book of the Dedham Classis (CUA Press)
A multigenerational family drama about grief, motherhood, and coming of age, all taking place on an Ohio farm. Joan Chase's subtle story of three generations of women negotiating lifetimes of "joy and ruin" deserves its place alongside such achievements as Marilynne Robinson's *Housekeeping* and Alice Munro's *Lives of Girls and Women*. The *Queen of Persia* is not an exotic figure but a fierce Ohio farmwife who presides over a household of daughters and granddaughters. The novel tells their stories through the eyes of the youngest members of the family, four cousins who spend summers on the farm, for them both a life-giving Eden and the source of terrible discoveries about desire and loss. The girls bicker and scrap, they whisper secrets at bedtime, and above all, they observe the kinds of women their mothers are and wonder what kind of women they will become. But always present is the family's great trauma, the decline and eventual death from cancer of Gram's daughter Grace. A

powerful story about family ties and tensions, *During the Reign of the Queen of Persia* is also a book about place, charting the transformation of the old hardscrabble Midwest into the commercial wilderness of modern America.

The History of England
New York Review of Books
The Parker Society was the London-based Anglican society that printed in fifty-four volumes the works of the leading English Reformers of the sixteenth century. It was formed in 1840 and disbanded in 1855 when its work was completed. Named after Matthew Parker -- the first Elizabethan Archbishop of Canterbury, who was known as a great collector of books -- the stimulus for the foundation of the society was provided by the Tractarian movement, led by John Henry Newman and Edward B. Pusey. Some members of this movement spoke disparagingly of the English Reformation, and so some

members of the Church of England felt the need to make available in an attractive form the works of the leaders of that Reformation.

Abject Loyalty
Excerpt from The Presbyterian Movement in the Reign of Queen Elizabeth: As Illustrated by the Minute Book of the Dedham Classis, 1582-1589
The purpose of this volume is to present from contemporary documents a narrative history of the 'presbyterian' movement during the reign of Elizabeth. To this end I have printed first a narrative of the movement as a whole by Richard Bancroft, an account hostile to the Presbyterians. For greater completeness I have added to this text, sometimes in full, oftener in abstract, such additional facts of importance as I could find after a diligent search in the printed and manuscript materials accessible. I have placed beside this a narrative of the doings of a typical local sub division of the party, the Dedham Classis, an account written by a member of that Classis, and therefore favourable to the movement. Following this 'minute Book are a number of letters and papers written by or to that Classis, which allow a

closer view than otherwise would be possible of their proceedings, of their personality, and of their relations to their own party and to the Established Church. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at

Travels in England During the Reign of Queen Elizabeth

Forgotten Books Finalist, American

Conference for Irish Studies James S. Donnelly, Sr., Prize for Books on History and Social Sciences Abject Loyalty challenges the view that Irish nationalists were necessarily hostile to the British monarchy. During Queen Victoria's reign, royal visits to Ireland were in fact generally met with great enthusiasm. Indeed, the strength of the opposition of some Irish nationalists to the monarchy was a sign of the purchase that it seemed to have on the allegiance of many people within nationalist Ireland. By the 1880s, however, the monarchy had become the focus for British imperial identity in England and for the denial of constitutional legitimacy to those in Ireland who wished for home rule. It began to face increasing opposition in Ireland both because nationalist politicians feared its influence might reconcile Irish people to the Union with Britain and because enthusiasm for monarchy in Ireland was used to feed a British discourse which saw Ireland as a country that could be appeased by concessions short of home rule and which did not take nationalist demands seriously. The book traces Ireland's interaction with the British monarchy from King George III to Queen Elizabeth II but focuses on the reign of Queen Victoria. It deals with its topic on two levels. It explores Queen Victoria's interaction with Ireland and her influence on British policy towards Ireland. And it examines how Queen Victoria and monarchy were perceived in Ireland. Whereas Queen Victoria's views and actions have previously been subject to historical analysis, no previous study has seriously explored how she was perceived in Ireland or the subtleties of nationalism's attitude towards monarchy. Abject Loyalty makes a significant and original contribution to the political and cultural history of Ireland and will be of interest to those concerned with understanding the historical development of Irish identity.

ABOUT THE AUTHOR: James H. Murphy is professor of English at All Hallows College in Dublin and the author or editor of numerous works, including *Catholic Fiction and Social Reality in Ireland, 1873-1922*, and *Gender Perspectives in Nineteenth-Century Ireland* (coedited with Margaret Kelleher).

PRAISE FOR THE BOOK: "Murphy's book is a comparative rarity--a book that genuinely explores a fresh theme and does so in an entirely original fashion. . . . His analysis changes the context for interpreting the nationalist movement in Ireland and is a must for anyone interested in the Irish during this vital era."--Prof. Alan O'Day, Mansfield College, Oxford "Well-written and provocative. . . A creative, well-written, and significant book that undoubtedly will take a deserved place within the vast historiography of

nineteenth-century Ireland. More than that, it is essential reading for any scholar interested in the evolution of Irish nationalism or Anglo-Irish high politics in the Victorian age."--American Historical Review "By bridging the gulf between Anglo-Irish politics and culture, *Abject Loyalty* provides a fresh take on the history of nineteenth-century Anglo-Irish relations, and Murphy deftly brings to light an aspect of Irish culture that provide to be equally difficult for both nationalists and pro-Union politicians to appropriate."--History "[A] clearly-written and worthwhile study."--Frank A. Biletz, Loyola University Chicago, Albion
