Named to ten BEST OF THE YEAR lists and selected as a William C. Morris Award Winner, The Serpent King is the critically acclaimed, much-beloved story of three teens who find themselves--and each other--while on the cusp of graduating from high school with hopes of leaving their

small-town behind. Perfect for fans of John Green's Turtles All the Way Down. "Move over, John Green; Zentner is coming for you." --The New York Public Library "Will fill the infinite space that was left in your chest after you finished The Perks of Being a Wallflower." --BookRiot.com Dill isn't the most popular kid at his rural Tennessee high school. After his father fell from grace in a public scandal that reverberated throughout their small town, Dill became a target. Fortunately, his two fellow misfits and best friends, Travis and

Lydia, have his back. But as they begin their senior year, Dill feels the coils of his future tightening around him. His only escapes are music and his secret feelings for Lydia--neither of which he is brave enough to share. Graduation feels more like an ending to Dill than a beginning. But even before then, he must cope with another ending--one that will rock his life to the core. Debut novelist Jeff Zentner provides an unblinking and at times comic view of the hard realities of growing up in the Bible belt, and an intimate look at the struggles to find one's

true self in the wreckage of the past. "A story about friendship, family and forgiveness, it's as funny and witty as it is utterly heartbreaking."

—PasteMagazine.com "A brutally honest portrayal of teen life . . . [and] a love letter to the South from a man who really understands it."

—Mashable.com "I adored all three of these characters and the way they talked to and loved one another."—New York Times

Gretchen Krueger's poignant narrative explores how doctors, families, and the public interpreted the experience of childhood cancer from the 1930s through the 1970s. Pairing the transformation of childhood cancer from killer to curable disease with the personal experiences of young patients

and their families, Krueger illuminates the twin realities of hope and suffering. In this social history, each decade follows a family whose experience touches on key themes: possible causes, means and timing of detection, the search for curative treatment, the merit of alternative treatments, the decisions to pursue or halt therapy, the side effects of treatment, death and dying—and cure. Recounting the complex and sometimes contentious interactions among the families of children with cancer, medical researchers, physicians, advocacy organizations, the media, and policy makers, Krueger reveals that personal odyssey and clinical challenge are the simultaneous realities of childhood cancer. This engaging study will be of interest to historians, medical practitioners and researchers, and people whose lives have been altered by cancer.

National Book Award Finalist A heartstrong story of family and romance, tribulation and tenacity, set on the High Plains east of Denver. In the small town of Holt, Colorado, a high school teacher is confronted with raising his two boys alone after their mother retreats first to the bedroom, then altogether. A teenage girl—her father long since

disappeared, her mother unwilling to have her in the house—is pregnant, alone herself, with nowhere to go. And out in the country, two brothers, elderly bachelors, work the family homestead, the only world they've ever known. From these unsettled lives emerges a vision of life, and of the town and landscape that bind them together—their fates somehow overcoming the powerful circumstances of place and station, their confusion, curiosity, dignity and humor intact and resonant. As the milieu widens to embrace fully four generations, Kent Haruf displays an emotional and aesthetic authority to rival the past masters of a classic American tradition.

The Listerdale Mystery Houghton Mifflin Harcourt From bestselling author Martha Grimes, Detective Chief Inspector Richard Jury is back on the case in an installment in the Richard Jury Mystery series. Long Piddleton had always been wary of newcomers. But the quiet town was stunned when the first stranger was found dead, upended in a butt of ale in the cellar of the Men with a Load of Mischief. Then the second body appeared, swinging in place of the mechanical man above the door of the Jack and Hammer. Suddenly Long Piddleton had good reason to be wary of everyone! Its cozy pubs and inns with their polished pewter and blazing hearths had become scenes of the most bizarre crimes. Who were the victims? And who was the murderer? A stranger? A maniac? Or the disarmingly

friendly man next door?

Ember Saturday night. It was not a night to be spending alone, riding a bus. When he was a teenager at the comprehensive, Saturday night without a girl, without a date, without at least your mates to raise hell with, Saturday night alone would have been shameful. Since 1980, the number of people in U.S. prisons has increased more than 450%. Despite a crime rate that has been falling steadily for decades, California has led the way in this explosion, with what a state analyst called "the biggest prison building project in the history of the world." Golden Gulag provides the first detailed explanation for that buildup by looking at how political and economic forces, ranging from global to local, conjoined to produce the prison boom. In an informed and impassioned account, Ruth Wilson Gilmore examines this issue through statewide, rural, and urban perspectives to explain how the expansion developed from surpluses of finance capital, labor, land, and state capacity. Detailing crises that hit California's

economy with particular ferocity, she argues that defeats of radical struggles, weakening of labor, and shifting patterns of capital investment have been key conditions for prison growth. The results—a vast and expensive prison system, a huge number of incarcerated young people of color, and the increase in punitive justice such as the "three strikes" law—pose profound and troubling questions for the future of California, the United States, and the world. Golden Gulag provides a rich context for this complex dilemma, and at the same time challenges many cherished assumptions about who benefits and who suffers from the state's commitment to prison expansion.

For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima;

more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. *A Patriot's History of the United States* corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

When the body of a French woman washes up on a wild inlet off the Cornish coast, Brian Macalvie, divisional commander with the Devon-Cornwall police is called in. Who could have killed this beautiful tourist, the only visible footprints nearby belonging to the two little girls who found her? While Macalvie stands stumped in the Scilly Islands, inspector Richard Jury, twenty miles away on Land's End, is at the Old Success pub, sharing a drink with the legendary former CID detective Tom Brownell, a man renowned for solving every case he undertook—well, nearly every case. Brownell discloses that there was one he once missed. In the days following the mysterious slaying of the Parisian tourist, two other murders are called in to Macalvie and Jury's teams. takes us to Ashdown Dean, a little English village where animals are dying in a series of seemingly innocuous accidents. While the puzzling deaths of village pets may raise some idle gossip over a pint or two at the Deer Leap, the village pub, this hardly seems a case for Superintendent Jury of Scotland yard. Nor does it seem much of a challenge for the combined deductive powers of Jury and Melrose, the affable former Earl of Caverness. It is his mystery-writing, amethyst-eyed friend, Polly Praed, who drags Plant and Jury to Ashdown Dean. The impatient Polly, having yanked open a call box in the pouring rain, is ill-prepared for what lands at her feet. The now-deadly case is cause for calling in Scotland Yard.

As the New York

Times – bestselling series continues, a double murder in front of an exclusive club takes a London detective on a wild ride. Robbie Parsons is one of London’s finest, a black cab driver who knows every street, every theater, every landmark in the city by heart. In his backseat is a man with a gun in his hand—a man who brazenly committed a crime in front of the Artemis Club, a rarefied art gallery-cum-casino, then jumped in and ordered Parsons to drive. As the criminal eventually escapes to Nairobi, Detective Superintendent Richard Jury comes across the case in the Saturday paper. Two days previously, Jury had met and instantly connected with one of the victims of the crime, a professor of astrophysics at Columbia and an expert gambler. Feeling personally affronted, Jury soon enlists Melrose Plant, Marshall Trueblood, and his whole gang of merry characters to contend with a case that takes unexpected turns into Tanzanian gem mines, a closed casino in Reno, Nevada, and a pub that only London’s black cabbies, those who have “the knowledge,” can find. The Knowledge is prime fare from “one of the most fascinating mystery writers today” (Houston Chronicle). “Grimes’ twenty-fourth mystery starring Richard Jury gets off to a breakneck start. . . Besides the fast action, it’s fascinating to see how Robbie uses a London’s cabdriver’s deep familiarity with the streets to keep himself alive. . . . Jury’s devoted readership will find much to enjoy.” —Booklist “Solid. . . . Readers will appreciate the

elements that have made this a long-running bestselling series, notably a complicated case and distinctive characters.” —Publishers Weekly “Martha Grimes’ Richard Jury returns in a new mystery that is every bit as clever and suspenseful as her others. The plot is intriguing and unusual, featuring the usual cast of characters Grimes fans have come to know and love, as well as a set of streetwise, worldly children that could have come straight out of a Dickens novel.” —Patricia Uttaro, Rochester Public Library

Hope and Suffering Simon and Schuster

The third in the bestselling Richard Jury mystery series by Martha Grimes. A spinster whose passion was bird-watching, a dotty peer who pinched pennies, and a baffling murder made the tiny village of Littlebourne a most extraordinary place. And a severed finger made a ghastly clue in the killing that led local constables from a corpse to a boggy footpath to a beautiful lady’s mansion. But Richard Jury refused, preferring to take the less traveled route to a slightly disreputable pub, the Anodyne Necklace. There, drinks all around loosened enough tongues to link a London mugging with the Littlebourne murder and a treasure map that would chart the way to yet another chilling crime.
