### Beau Death Disney Electronic Content

Around bleak Dartmoor, where the Hound of the Baskervilles once bayed, three children have been brutally murdered. Now Richard Jury of Scotland Yard joins forces with a hot-tempered local constable named Brian Macalvie to track down the killer. The trail begins at a desolate pub, Help the Poor Struggler. It leads straight to the estate of Lady Jessica, a ten-year-old orphaned heiress who lives with her mysterious uncle and ever-changing series of governesses. And as suspense spreads across the forbidding landscape, an old injustice returns to haunt Macalvie...with clues that link a murder in the distant past with a killing yet to come.

### The Way of All Fish Penguin

### Dust Simon and Schuster

As the New York Times – bestselling series continues, an unlikely trio of detectives teams up to solve three murders spanning three English counties. When the body of a French woman washes up on a wild inlet off the Cornish coast, Brian Macalvie, divisional commander with the Devon-Cornwall police is called in. Who could have killed this beautiful tourist, the only visible footprints nearby belonging to the two little girls who found her? While Macalvie stands stumped in the Scilly

Islands, inspector Richard Jury, twenty miles away on Land 's End, is at the Old Success pub, sharing a drink with the legendary former CID detective Tom Brownell, a man renowned for solving every case he undertook—well, nearly every case. Brownell discloses that there was one he once missed. In the days following the mysterious slaying of the Parisian tourist, two other murders are called in to Macalvie and Jury 's teams. First, a man is shot on a Northamptonshire estate, then a holy duster turns up murdered at Exeter Cathedral in Devon. When Macalvie and Jury decide to consult Brownell, the retired detective tells them that the three murders, though very different in execution, are connected. As the trio sets out to solve this puzzle, Jury and Macalvie hope that this doesn 't turn out to be Brownell 's second ever miss . . . “ Fans of Martha Grimes will enjoy *The Old Success*, while newcomers will be ready to tackle her extensive body of work, which is an entertaining array of several approaches to mystery novels.” —Bookreporter

### From Poverty to Power Basic Books

A New York Times Notable Book for 2011 One of The Economist's 2011 Books of the Year People speak different languages, and always have. The Ancient Greeks took no notice of anything unless it was said in Greek; the Romans made everyone speak Latin; and in India, people learned their neighbors' languages—as did many ordinary Europeans in times past (Christopher Columbus knew Italian, Portuguese, and Castilian Spanish as well as the classical languages). But today, we all use translation to cope with the diversity of languages.

Without translation there would be no world news, not much of a reading list in any subject at college, no repair manuals for cars or planes; we wouldn't even be able to put together flat-pack furniture. Is That a Fish in Your Ear? ranges across the whole of human experience, from foreign films to philosophy, to show why translation is at the heart of what we do and who we are. Among many other things, David Bellos asks: What's the difference between translating unprepared natural speech and translating Madame Bovary? How do you translate a joke? What's the difference between a native tongue and a learned one? Can you translate between any pair of languages, or only between some? What really goes on when world leaders speak at the UN? Can machines ever replace human translators, and if not, why? But the biggest question Bellos asks is this: How do we ever really know that we've understood what anybody else says—in our own language or in another? Surprising, witty, and written with great joie de vivre, this book is all about how we comprehend other people and shows us how, ultimately, translation is another name for the human condition.

### Dust DIANE Publishing

The epic history of African American women's pursuit of political power -- and how it transformed America. In the standard story, the suffrage crusade began in Seneca Falls in 1848 and ended with the ratification of the Nineteenth Amendment in 1920. But this overwhelmingly white women's movement did not win the vote for most black women. Securing

their rights required a movement of their own. In *Vanguard*, acclaimed historian Martha S. Jones offers a new history of African American women's political lives in America. She recounts how they defied both racism and sexism to fight for the ballot, and how they wielded political power to secure the equality and dignity of all persons. From the earliest days of the republic to the passage of the 1965 Voting Rights Act and beyond, Jones excavates the lives and work of black women -- Maria Stewart, Frances Ellen Watkins Harper, Fannie Lou Hamer, and more -- who were the vanguard of women's rights, calling on America to realize its best ideals.

"Calls to mind the forensic mysteries of Aaron Elkins and Patricia Cornwell."  
—Chicago Sun-Times "Deserves comparison with the best of Patricia Cornwell."  
—Booklist (starred review) With fascinating forensics, compelling characters, and ingenious plot twists, Beverly Connor's novels have been compared to those of the hottest crime writers on the scene. Now, she ratchets up the suspense to introduce one of today's most insightful and complex investigators: forensic anthropologist Diane Fallon. When the dead speak, Diane listens—to their bones. . . . Leaving a troubled past behind her, Diane is starting over as director of the RiverTrail Museum of Natural History in Georgia—until former love Detective Frank Duncan tracks her down. He needs her unique experience as a forensic anthropologist to examine a bone found in the woods. Diane can't resist Frank's request—on both a professional and personal level. Because the secrets of bones are in her blood—and their whispers offer a dead family's only chance at justice. . . .

**The Dirty Duck** Simon and Schuster

The third in the bestselling Richard Jury mystery series by Martha Grimes. A spinster whose passion was bird-watching, a dotty peer who pinched pennies, and a baffling murder made the tiny village of Littlebourne a most extraordinary place. And a severed finger made a ghastly clue in the killing that led local constables from a corpse to a boggy footpath to a beautiful lady's mansion. But Richard Jury refused, preferring to take the less traveled route to a slightly disreputable pub, the Anodyne Necklace. There, drinks all around loosened enough tongues to link a London mugging with the Littlebourne murder and a treasure map that would chart the way to yet another chilling crime.

**The Old Wine Shades** Little, Brown  
British butler Giles has taken a job for three times his usual salary. He is soon to find out that he will forever be cursed and faced with allowing a group of unknowing people to meet a killer so maniacal and twisted that the murders are virtually motiveless. Giles welcomes ten guests to a luxurious estate where they will be embarking on a diabolical game of life and death. Giles, while on the guests' side, is a leader who will get out of the way of the killer and stand by as one person in each chapter is murdered in an outrageous manner. For example, one murder is a choreographed shark where the guests have to retrieve the victim's head from the shark's body. Another murder will be at the hands of a driverless car a la Stephen King's Christine. After each murder, the rest of the guests will have their choice of investigating the crime scene, the body or the last known whereabouts. They then must present their account of the details of the murder. The two whose assessments

are least accurate will not sleep easy, knowing one of them will be killed shortly and painfully. In the end, we will be left with the winner, the loser and the killer. The epilogue will set up Giles's continued journey and Book 2.

**Fadeaway Girl** Good Press

In *Send Bygraves*, Martha Grimes has given us her most fascinating book, a dramatic mystery poem that uses the conventions of the traditional British mystery to explore the very nature of crime, the criminal, and the criminal investigator. Illustrated with thirty-five line drawings by acclaimed artist Devis Grebu, it is an elegant, darkly humorous work—a tour de force of chilling wit and brilliant literary imagination.

**The Dancing Floor** Dust

In her latest Richard Jury adventure, Martha Grimes takes us to Ashdown Dean, a little English village where animals are dying in a series of seemingly innocuous accidents. While the puzzling deaths of village pets may raise some idle gossip over a pint or two at the Deer Leap, the village pub, this hardly seems a case for Superintendent Jury of Scotland yard. Nor does it seem much of a challenge for the combined deductive powers of Jury and Melrose, the affable former Earl of Caverness. It is his mystery-writing, amethyst-eyed friend, Polly Praed, who drags Plant and Jury to Ashdown Dean. The impatient Polly, having yanked open a call box in the pouring rain, is ill-prepared for what lands at her feet. The now-deadly case is cause for calling in Scotland Yard.

**Send Bygraves** Simon and Schuster

From New York Times bestselling author Sam Kean comes incredible stories of science, history, finance, mythology, the arts, medicine, and more, as told by the Periodic Table. Why did Gandhi hate iodine (I, 53)? How did radium (Ra, 88) nearly ruin Marie Curie's reputation? And why is gallium (Ga, 31) the go-to element for laboratory pranksters?\* The Periodic Table is a crowning scientific achievement, but it's also a treasure trove of adventure, betrayal, and obsession. These fascinating tales follow every element on the table as they play out their parts in human history, and in the lives of the (frequently) mad scientists who discovered them. THE DISAPPEARING

SPOON masterfully fuses science with the classic lore of invention, investigation, and discovery--from the Big Bang through the end of time. \*Though solid at room temperature, gallium is a moldable metal that melts at 84 degrees Fahrenheit. A classic science prank is to mold gallium spoons, serve them with tea, and watch guests recoil as their utensils disappear.

**The Old Silent** Oxfam

From the rough but colorful pub that provides the book's title, to the snowboard Gothic estate nearby, the chilly English landscape has never held more atmosphere--or thwarted romance. And Jury will never have a more mysterious Christmas. *Five Days Before Christmas*: On his way to a brief holiday (he thinks) Jury meets a woman he could fall in love with. He meets her in a snow-covered graveyard--not, he thinks, the best way to begin an attachment. *Four Days Before Christmas*: Jury meets Father Rourke, who draws for him the semiotic square--"a structure that might simplify thought," says the priest, but Jury's thoughts need more than symbols. *Three Days Before Christmas*: Melrose Plant, Jury's aristocratic and unofficial assistant, arrives at Spinney Abbey, now home to a well-known critic. Among the assembled snowbound guests he meets--Lady Assington, Beatrice Sleight, and the painter Edward Parmenger. When they all assemble in the dining room, Lady Assington announces, "I think we should have a murder."

**The Invisible Code** Simon and Schuster

When three women die of "natural causes" in London and the West Country, there appears to be no connection--or reason to suspect foul play. But Scotland Yard Superintendent Richard Jury has other ideas, and before long he's following his keen police instincts all the way to Santa Fe, New Mexico. There, in the company of a brooding

thirteen-year-old girl and her pet coyote, he mingles with an odd assortment of characters and tangles with a twisted plot that stretches from England to the American Southwest. And while his good friend Melrose Plant pursues inquires in London, Jury delves deeper into the more baffling elements of the case, discovering firsthand what the guide books don't tell you; that the Land of Enchantment is also a landscape ripe with tragedy, treachery, and murder.

**Hotel Paradise** Delacorte Press

The sun, smoking behind a haze of cloud, threw off a light of burnished pewter. Mysteriously lit, it was as if the watery, colorless land refused drabness, stood determinedly against dimishment. This is a landscape that can easily deceive, a landscape that volunteers nothing, as if to say, You're on your own, mate--much like the habitues of the only pub for miles around called The Case Has Altered. The Lincolnshire fenlands are the right setting for Richard Jury's latest case, a mystifying double murder. The body of one woman is found on the wash; another woman lies floating in a canal in Windy Fen. Both women are connected with Fengate: Dorcas Reese, a servant; Verna Dunn, the louche ex-wife of the owner, Max Owen, a man with a passion for antiques. So when the principal suspect turns out to be Jenny Kennington, a woman Jury has long loved, he decides he needs someone inside Fengate, someone who can impersonate an antiques expert...

**Identifying the Culprit** Bantam

From bestselling author Martha Grimes, Detective Chief Inspector Richard Jury is back on the case in an installment in the Richard Jury Mystery series. Long Piddleton had always been wary of newcomers. But the quiet town was stunned when the first stranger was found dead, upended in a butt of ale in the cellar of the Men with a Load of Mischief. Then the second body appeared,

swinging in place of the mechanical man above the door of the Jack and Hammer. Suddenly Long Piddleton had good reason to be wary of everyone! Its cozy pubs and inns with their polished pewter and blazing hearths had become scenes of the most bizarre crimes. Who were the victims? And who was the murderer? A stranger? A maniac? Or the disarmingly friendly man next door?

**Jeeves and the Wedding Bells** Hachette UK

In this thrilling new crime novel that ingeniously bridges Laurie R. King's Edgar and Creasey Awards-winning Kate Martinelli series and her bestselling series starring Mary Russell, San Francisco homicide detective Kate Martinelli crosses paths with Sherlock Holmes--in a spellbinding dual mystery that could come only from the "intelligent, witty, and complex" mind of New York Times bestselling author Laurie R. King... Kate Martinelli has seen her share of peculiar things as a San Francisco cop, but never anything quite like this: an ornate Victorian sitting room straight out of a Sherlock Holmes story--complete with violin, tobacco-filled Persian slipper, and gunshots in the wallpaper that spell out the initials of the late queen. Philip Gilbert was a true Holmes fanatic, from his antiquated décor to his vintage wardrobe. And no mere fan of fiction's great detective, but a leading expert with a collection of priceless memorabilia--a collection some would kill for. And perhaps someone did: In his collection is a century-old manuscript purportedly written by Holmes himself--a manuscript that eerily echoes details of Gilbert's own murder. Now, with the help of her partner, Al Hawkin, Kate must follow the convoluted trail of a killer--one who may have trained at the feet of the greatest mind of all times.
