Technology Users are accustomed to instant, relevant search results. To achieve this, you must master the search engine. Yet for many developers, relevance ranking is mysterious or confusing. About the Book *Relevant Search* demystifies the subject and shows you that a search engine is a programmable relevance framework. You'll learn how to apply Elasticsearch or Solr to your business's unique ranking problems. The book demonstrates how to program relevance and how to incorporate secondary data sources, taxonomies, text analytics, and personalization. In practice, a relevance framework requires softer skills as well, such as collaborating with stakeholders to discover the right relevance requirements for your business. By the end, you'll be able to achieve a virtuous cycle of provable, measurable relevance improvements over a search product's lifetime. *What's Inside Techniques for debugging relevance?* Applying search engine features to real problems? Using the user interface to guide searchers? A systematic approach to relevance? A business culture focused on improving search? About the Reader For developers trying to build smarter search with Elasticsearch or Solr. About the Authors Doug Turnbull is lead relevance consultant at OpenSource Connections, where he frequently speaks and blogs. John Berryman is a data engineer at

boys. Wisdom and common sense are gleaned from short chapters covering topics such as authority, inventiveness, and honesty as well as learning to overcome things like fear, laziness, and temptation. Boyhood and Beyond motivates boys to build their lives on a foundation of strong moral principles. Most importantly, these chapters will encourage boys to become the men God wants them to be as they develop a relationship with Him. This is a life book designed to

be read and lived out in a boy's life, thus becoming one of his building blocks to godly character and, ultimately, manhood. Horizons in Neuropsychopharmacology Penguin Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies. Beginning in 1963, to facilitate the expansion of training capabilities and at the same time

to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration's three region schools. It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardize up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook. This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved

---

and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters

navigation. Robert J. Blackwell Assistant Secretary for

Ultrasound Teaching Manual Random House

A sailboat fails to arrive at its next port of call after crossing into a "live-fire" naval exercise area just north of the border known as "Whiskey Gulf."

Charlie Noble is asked to investigate why the sailboat went missing, and what happened to the couple aboard. But Noble runs into a wall of secrecy erected by the American and Canadian governments, and into troubling questions about the real identity

of the couple involved. Ultimately, he and his partner, Raven, set sail on the Noble Lady in a case that leads them up the Inside Passage to the remote coast of British Columbia.

There, they discover a hidden cove, which harbors answers about what really happened in Whiskey Gulf. But first they must survive a vicious attack in order to return with the truth. Set in the stunning wilderness of coastal British Columbia, Whiskey Gulf is a story about unearthing secrets from the past that others would rather remain concealed forever.

The Atlas of Endoscopic Ultrasonography provides readers

with a large collection of excellent images obtained from both diagnostic and therapeutic procedures. The Atlas includes a DVD which will be an invaluable addition to the library of trainee and practising gastroenterologists with video clips and searchable database of images. Together the book and DVD offer a first class collection of images to give a highly integrated introduction to endoscopic ultrasonography. The Atlas is an ideal companion to Dr Gress et al 's Endoscopic Ultrasonography, Second Edition.

The Divorce Party  
Taylor Trade Publishing  
The bestselling "offbeat, down-to-earth love story" (The Observer, London)-now available in the United States An international sensation, this addictively readable tale asks the question: Why is it so impossible to get a relationship between two middle-aged misfits to work? The answer lies in the story of Shrimp, a young widowed librarian with a sharp intellect and a home so tidy that her jam jars are in alphabetical order; Benny, a gentle, overworked milk farmer who fears becoming the village's Old Bachelor; and an unlikely love that

should not be as complicated as it seems. Reminiscent of the works of Carol Shields, this quirky, humorous, beautifully told novel breathes new life into the age-old conundrum that is love.  
Christmas Activity Book Gulf Professional Publishing  
Before the White Rabbit Chronicles, before Firstlife, New York Times bestselling author Gena Showalter wrote the Intertwined series, featuring a sixteen-year-old boy with four other souls trapped in his head... Aden Stone has always been different. Despite his best efforts, he 's also been trouble. Living in a halfway house for wayward teens, he does his best to appear normal. Thanks to the

---

souls sharing prime real estate inside his mind, he can raise the dead, time travel, possess other bodies and predict the future, but he can ' t always control the abilities. And that ' s the least of his worries! Creatures of myth and legend sense him...and now, they are hunting him. In this dark world of intrigue and danger, vampires and werewolves are out for blood—his. Can he trust the beautiful vampiress who claims she wants to help him? Will he find love...or the ultimate betrayal? Originally published in 2009.
