The SAT II Subject Tests are created and administered by the College Board and the Educational Testing Service (ETS), the two organizations responsible for producing the SAT I (the SAT). The SAT II Subject Tests are meant to complement the SAT I. Whereas the SAT I tests your critical thinking skills by asking math and verbal questions, the SAT II Subject Tests examine your knowledge of a particular subject, such as Writing, U.S. History, Physics, or Biology. The SAT I takes three hours; the Subject Tests take one hour.

Exploring Best Practice for Home Warranty System

Housing industry has been one of the major contributors towards the Malaysian economic growth in terms of its affiliation with other industries involving public and private sectors. Additionally, the housing industry also provides mass employment opportunities. With the industry competitively expanding locally and globally, the industry does not escapes from problems such as abandoned projects, late delivery, fraud and defects. Due to housing demands, there are different kinds of housing guarantee and warranty schemes being offered in various countries in order to entice the buyers besides promoting quality homes. The aim of this book is to highlight a few criteria that can be considered as the best practices of the home or housing warranty system. These criteria resulted from the detailed researches and comparison from related literatures, and also from current practices in terms of its legislative control, political and economic influences, the knowledge process and the design. By combining all the features and the best practices, this book proposes a framework to act as the guideline to determining whether the home warranty has been applied. Finally, this book provides the reason for having proper home warranty system, and its benefits to the house buyers in promoting safe, quality, affordable, and sustainable products.
