Black Rose Writing "Thief. Manipulator. Con artist. Call it what you will--Bianca St. Ives is the best in the business. Growing up, Bianca St. Ives knew she was different from all her friends. Instead of playing hopscotch or combing her dolls' hair, she studied martial arts with sensei masters and dismantled explosives with special-ops retirees. Her father prepped her well to carry on the family business. Now a striking beauty with fierce skills, the prodigy has surpassed the master. She's known as the Guardian. Running

a multinational firm with her father, she makes a living swindling con men out of money they stole--and she's damn good at it. She does things on her own terms. But her latest gig had a little hiccup--if you count two hundred million dollars and top secret government documents going missing as little. Her father also died on the mission. The thing is, the US government doesn't believe he's really dead."--

A complete explanation of the issues that determine private firm value

Principles of Private Firm

Valuation combines recent academic research and practical real-world experience to help readers better understand the multitude of factors that determine private firm value. For the financial professional serving private firms—who are increasingly being called upon to give advice on issues related to firm valuation and deal structure—this comprehensive guide discusses critical topics, including how firms create value and how to measure it, valuing control, determining the size of the marketability discount, creating transparency and the implications for value, the value of tax pass-through

entities versus a C corporation, determining transaction value, and the valuation implications of FASB 141 (purchase price accounting) and 142 (goodwill impairment). Dr. Stanley J. Feldman (Lowell, MA) is Associate Professor of Finance at Bentley College, where he currently teaches courses in corporate finance with a focus on business valuation and business strategy at both the graduate and undergraduate levels. He is a member of the FASB Valuation Resource Group and is Chairman and cofounder of Axiom Valuation Solutions.
