Melalui buku Jalan Sukses Kewirausahaan: Memahami Psikologi dan Keuangan, para mahasiswa diajak berdiskusi mengenai dasar filosofis, psikologis, dan nilai-nilai ekonomis serta berbagai aspek manajemen kewirausahaan untuk manajemen pemasarannya secara luas dan mendalam.

Indonesian Law European Alliance for Innovation Berbagai macam limbah organik dapat ditemukan di lingkungan. Limbah tersebut antara lain oli, coolants, zat kimia, bahan bakar minyak, pelarut, limbah industri, produk pertanian, limbah rumah tangga, dan bahan kimia tidak berbahaya. Jenis sampah ini harus dianalisis, dan dipilah untuk mendapatkan bentuk daur ulang yang tepat. Ada beberapa jenis limbah organik. Di antara ini, dua jenis yang paling umum adalah limbah organik dan anorganik.

Pengantar Epidemiologi Frontiers Media SA

Buku ini merupakan kumpulan karya yang disusun oleh akademisi dan praktisi yang membahas mengenai dasar-dasar ilmu yang mempelajari tentang sifat, penyebab, pengendalian, dan faktor yang mempengaruhi distribusi penyakit. Kegunaan epidemiologi makin meluas tidak hanya mengenai penyakit, tetapi juga mengenai masalah-masalah kesehatan lainnya. Epidemiologi tidak hanya digunakan untuk keadaan-keadaan kesehatan yang bersifat populasi, tetapi juga di klinik kedokteran yang umumnya bersifat individual atau bersifat populasi maka populasinya terbatas dan berciri khusus, yaitu para penderita klinik tersebut. Buku ini membahas secara rinci mengenai dasar epidemiologi, dengan cakupan meliputi 1) Definisi dan Sejarah Epidemiologi. 2) Konsep Dasar Epidemiologi. 3) Desain Studi Epidemiologi: Observasional dan Eksperimental. 4) Sumber Data Epidemiologi. 5) Analisis Data Epidemiologi. 6) Metode Sampling dalam Epidemiologi. 7) Epidemiologi Penyakit Menular. 8) Epidemiologi Kanker. 9) Epidemiologi Penyakit Tropis. 10) Epidemiologi Kecelakaan. 11) Epidemiologi Pencegahan dan Penanggulangan Penyakit Jantung dan Stroke (P3JS). 12) Epidemiologi Penyakit yang Dapat Dicegah dengan Imunisasi. 13) Epidemiologi Kesehatan Jiwa. Secara umum materi tersebut merupakan kajian dasar dari epidemiologi.

Jess in Action European Alliance for Innovation

Written especially for nurses in all disciplines and health care settings, this second edition of The Nurses's Role in Medication Safety focuses on the hands-on role nurses play in the delivery of care and their unique opportunity and responsibility to identify potential medication safety issues. Reflecting the contributions of several dozen nurses who provided new and updated content, this book includes strategies, examples, and advice on how to: * Develop effective medication reconciliation processes

* Identify and address causes of medication errors * Encourage the reporting of medication errors in a safe and just culture * Apply human factors solutions to medication management issues and the implementation of programs to reduce medication errors * Use technology (such as smart pumps and computerized provider order entry) to improve medication safety * Recognize the special issues of medication safety in disciplines such as obstetrics, pediatrics, geriatrics, and oncology and within program settings beyond large urban hospitals, including long term care, behavioral health care, critical access hospitals, and ambulatory care and office-based surgery

Proceedings of the International Conference on Education, Humanities, Social Science (ICEHoS 2022) Springer Nature

This book contributes to the understanding of regional and global perspectives on the development and challenges the higher education sector in sub-Saharan Africa faces in the era of globalization. It focuses on the critical aspects of the higher education sector in the Global South, with a particular emphasis on sub-Saharan Africa. It brings together empirical, theoretical and philosophical perspectives from researchers in some of the leading universities in sub-Saharan Africa. The book highlights the higher education sector's stages of growth and development and the contemporary challenges it faces in aligning its goals and capacity globally, and maintaining its image and public identity locally. This book covers neoliberal educational reforms, leadership and governance, pedagogy, technology, the global knowledge economy, and digital advancement. It delves into how the nature and practice of learning, teaching, research, and community engagement as core functions of higher education are re-oriented to contribute to societal transformation in Africa. Further, the book discusses the implications of contemporary issues in higher education: internationalization, employability, leadership and management, and accountability and autonomy in teaching, research, and community engagement.

Islam, Media and Education in the Digital Era Springer Nature

This is an open access book. This proceedings consists of research presented in ICOSI UMY, on 20-21 July 2022 at Universitas Muhammadiyah Yogyakarta. The conference covers the topic of health sciences and nursing. The key lesson from the COVID-19 pandemic is that the goal of health innovation should be Health for All. To achieve this goal, health innovations must be regulated in such a way as to benefit as many people globally as possible. Some critical issues in the scope of improving medical education and medicine, biomedical science innovation, and increasing quality of public health for better life are discussed. The proceedings include articles from Dental sciences, Pharmaceutical sciences, and Nursing sciences.

As technology developers focused on providing impactful solutions to global development challenges, we have learnt that technology alone cannot be a solution to the problem. It has to be seen in the context where the solution is applied. The world crisis should spur us all to explore a new form of globalization for the future years, one that prioritize collective investment in global public goods -including technological and ethical goods- to the benefit of all. Such global integration must enable diverse stakeholders from across the public, private, and non-profit sectors worldwide to work more effectively and sustainably together. The 6th International Conference on Sustainable Innovation 2022 brings out the issues of the Sustainable Innovation and Global Society. With the main theme of "Optimizing Global Benefit for Future Wellbeing", this conference is trying to play a role as a vehicle of showcasing scientific works from around the world, not only from researchers, lecturers, government officers, students and all parties with the same interests alike. Finally, all 51 papers published in this proceedings are expected not only as research output but can be developed further into prototypes or evidence for policy making./div/div

Understanding consumer behavior in today's digital landscape is more challenging than ever. Businesses must navigate a sea of data to discern meaningful patterns and correlations that drive effective customer engagement and product development. However, the ever-changing nature of consumer behavior

presents a daunting task, making it difficult for companies to gauge the wants and needs of their target audience accurately. Enhancing and Predicting Digital Consumer Behavior with AI offers a comprehensive solution to this pressing issue. A strong focus on concepts, theories, and analytical techniques for tracking consumer behavior changes provides the roadmap for businesses to navigate the complexities of the digital age. By covering topics such as digital consumers, emotional intelligence, and data analytics, this book serves as a timely and invaluable resource for academics and practitioners seeking to understand and adapt to the evolving landscape of consumer behavior.

1st Warmadewa International Conference on Science, Technology and Humanity will be an annual event hosted by Warmadewa Research Institution, Universitas Warmadewa. This year (2021), will be the first WICSTH will be held on 7 - 8 September 2021 at Auditorium Widya Sabha, Universitas Warmadewa Denpasar-Bali, Indonesia. In the direction of a new life order during pandemic COVID-19, Science, technology and humanity especially in ecotourism is a crucial topic to address, this is a momentum to bring together various critical views and thoughts from various fields of science related to strategies that can be done in developing and solving ecotourism resilience during pandemic COVID-19 in Science, technology and humanity study. The conference invites delegates from across Indonesian and is usually attended by more than 100 participants from university academics, researchers, practitioners, and professionals across a wide range of industries. **Foreign Companies in Indonesia Yearbook** Springer Nature
Indonesia has a growing population of almost 300 million people, it is increasingly involved in world affairs, and has a booming economy. The need to better understand its unique, complex, and often obscure legal system, has become pressing. This is true across a wide range of sectors including, but not limited to, trade and investment, crime and terrorism, and human rights. Indonesia's democratization after the fall of Soeharto in 1998 triggered massive social and political changes that opened up this diverse, and formerly tightly-controlled, society. Law reform was a key driver of Indonesia's transformation and its full effect remains to be seen. This book offers clear and detailed explanations of the foundations of

Indonesia's legal system in the context of its legal reform and rapid development. It offers succinct commentaries on a wide range of issues, examining the judicial process, the constitution, corruption and the court system, contract law, administrative law, foreign investment, taxation, Islamic law, and family law. It examines current substantive law and judicial interpretation and presents case studies of how the system operates in practice. Written in an accessible and engaging style, this book is an essential guide for readers seeking quick and clear answers to questions regarding the law and its application in Indonesia.

The 3rd International Conference of Business, Accounting, and Economics (ICBAE) 2022 continued the agenda to bring together researchers, academics, experts and professionals in examining selected themes by applying multidisciplinary approaches. This conference is the third intentional conference held by the Faculty of Economics and Business, Universitas Muhammadiyah Purwokerto and it is a bi-annual agenda of this faculty. In 2022, this event will be held on 10-11 August at the Faculty of Economics and Business, Universitas Muhammadiyah Purwokerto. The theme of the 3rd ICBAE UMP 2022 is "Innovation in Economic, Finance, Business, and Entrepreneurship for Sustainable Economic Development". It is expected that this event may offer a contribution for both academics and practitioners to conduct research related to Business, Accounting, and Economics Related Studies. Each contributed paper was refereed before being accepted for publication. The double-blind peer review was used in the paper selection.

Improving Health for Better Future Life: Strengthening from Basic Science to Clinical Research Efe Akademi Yayınları

The proceedings of the 3rd International Conference on Health, Technology, and Life Science (ICO-HELICS 2022) shared ideas, pre-clinical and clinical research results, and literature review, on various aspects of medical science including heart disease, stroke, cancers, vaccines, infections, immunological disease, reproductive health, pharmacology and other health diseases. The proceedings aim to deliver new insights to the knowledge and practice of health workers and equip them in providing the best quality health care and clinical outcomes. As the idea of advanced clinical research originated from basic or fundamental research, it explores the life processes that are universal in their application to scientific knowledge. Therefore, these proceedings will also be of interest to academics, practitioners, health workers, and professionals involved in medical research.

PERBEDAAN PEMBERIAN ASI EKSLUSIF DAN NON EKSLUSIF TERHADAP PERUBAHAN BERAT BADAN BAYI CV. AZKA PUSTAKA

Fungsi ASN sebagaimana tercantum dalam UU No. 5 Tahun 2014 tentang ASN, adalah sebagai Pelaksana Kebijakan Publik, Pelayan Publik dan sebagai Perikat Pemersatu Bangsa. Pelayanan yang diberikan seorang ASN sangatlah menentukan tingkat pemenuhan kebutuhan pelayanan yang diterima masyarakat sekaligus menentukan tingkat kepuasan masyarakat yang dilayani, sehingga dijadikan indikator keberhasilan sistem penyelenggaraan pemerintahan. Hal ini tersirat bahwa pelayanan publik oleh ASN kepada masyarakat, termasuk pelayanan bagi para penyandang disabilitas, merupakan unsur yang penting dalam rangka pemenuhan kebutuhan masyarakat oleh pemerintah. Oleh karena itu, ASN dituntut bekerja secara optimal untuk memberikan pelayanan yang berkualitas dan memuaskan masyarakat. Pelayanan publik yang berkualitas sangat diharapkan oleh masyarakat, tetapi memang tidak mudah mewujudkannya, termasuk pelayanan publik bagi para penyandang disabilitas, yang sampai saat ini dirasakan belum bahkan sangat tidak memadai, sehingga para penyandang disabilitas, masih menemui kesulitan untuk mengakses fasilitas publik. Menteri Hukum dan HAM RI Yasonna Laoly mengatakan Indonesia masih dipenuhi kota-kota yang tidak ramah terhadap Hak Asasi Manusia (HAM). Salah satu indikatornya adalah, belum maksimalnya fasilitas bagi penyandang difabel. Hal ini menjadi salah satu indikator rendahnya kualitas pelayanan publik oleh Pemerintah. Oleh karenanya, peningkatan kualitas pelayanan publik, harus mendorong dan mewujudkan pemenuhan hak-hak kaum difabel atau penyandang disabilitas, mutlak untuk direalisasikan oleh pemerintah, sebagaimana amanah UU No.25 Tahun 2009 tentang Pelayanan Publik dan UU No. 8 Tahun 2016 tentang Penyandang Disabilitas.

Proceedings of the International Conference on Educational Management and Technology (ICEMT 2022) IGI Global

It has become clear that managing and maintaining state-of-the-art healthcare facilities is more important than ever before. Healthcare consists of many different institutions and supports personnel ranging from laboratories of universities, public and private hospitals, research centers of health institutions, public health institutes, institutions, and organizations engaged in research and development in the field of medicine. For all these entities to be successful, there needs to be coordination among the bodies and quality must be kept at a very high level. The Handbook of Research on Quality and Competitiveness in the Healthcare Services Sector considers the current state of the healthcare services sector and examines future directions. Covering topics such as quality excellence models, accreditation, and e-health, this major reference work is an essential resource for economists, healthcare specialists, government officials, consultants, business leaders and executives, healthcare professionals, IT managers, students and educators of higher

education, researchers, and academicians.

Proceedings of the International Conference on Sports Science and Health (ICSSH 2022) CRC Press

Buku Ajar Asuhan Kehamilan DIII Kebidanan Jilid II merupakan media pembelajaran yang digunakan mahasiswa untuk membantu jalannya proses perkuliahan sejak awal semester sampai akhir semester. Buku ini dilengkapi dengan latihan soal pada masing-masing babnya. Buku ajar ini diimplementasikan dari kurikulum kesehatan yang terbaru sehingga ilmu yang disajikan dalam buku ajar ini dapat menjadi rujukan yang tepat untuk mahasiswa DIII Kebidanan. Buku ini ditulis tim dosen yang ahli dibidangnya, kemudian melewati proses tinjauan (Review) dan pengeditan (editing) yang cukup ketat hingga tangan panel expert dan proofreading. Harapan kami, buku ini dapat memperkaya pengetahuan mahasiswa terkait ilmu kesehatan dan kemampuan dalam menjawab latihan soal berbentuk kasus, sehingga dapat mengantarkan calon tenaga kesehatan yang sukses dan profesional. Salam Cumlaude

This is an open access book. Welcome to the 2-nd AISYIYAH International Conference on Health Sciences and Medicine (A-HMS). This conference is part of the 3-rd International Conference of Health, Science and Technology Organized by Universitas 'AISYIYAH Yogyakarta. Theme of the conference is Transformation of Technology for a Better Life. This conference is designed to provide a forum for experts from various disciplines to contribute their expertise and experience related to technological transformation for a better life that can be seen from the dimension of health and medical science. The conference will be held on October 14-15, 2022.

Proceedings of the 3rd Annual Conference of Education and Social Sciences (ACCESS 2021) Penerbit Adab

In the evolving environment of education, academic scholars face the daunting challenge of navigating a multitude of pedagogical approaches and technologies. The design of effective learning activities demands a nuanced understanding of didactic innovation, instructional design, and the integration of technology. As educators strive to meet the diverse needs of learners, the demand for innovative solutions to enhance teaching methodologies becomes more pressing than ever. Technological Tools for Innovative Teaching emerges as a comprehensive solution to the challenges educators encounter in the modern academic arena. The book unravels the intricacies of pedagogical scenarios, providing a step-by-step guide to designing learning activities that align with educational objectives. By addressing topics such as the pedagogy of error, flipped classroom strategies, and tech pedagogy, the book equips scholars with a diverse toolkit to revolutionize their teaching methods.
