NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version.

Books a la Carte also offer a great value; this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN.

Several versions of MyLab(tm) and Mastering(tm) platforms exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a Course ID, provided by your instructor, to register for and use MyLab and Mastering products. For courses in two-semester general chemistry.

Accurate, data-driven authorship with expanded interactivity leads to greater student engagement Unrivaled problem sets, notable scientific accuracy and currency, and remarkable clarity have made Chemistry: The Central Science the leading general chemistry text for more than a decade. Trusted, innovative, and calibrated, the text increases conceptual understanding and leads to greater student success in general chemistry by building on the expertise of the dynamic author team of leading researchers and award-winning teachers. In this new edition, the author team draws on the wealth of student data in Mastering(tm) Chemistry to identify where students struggle and strives to perfect the clarity and effectiveness of the text, the art, and the exercises while addressing student misconceptions and encouraging thinking about the practical, real-world use of chemistry. New levels of student interactivity and engagement are made possible through the enhanced eText 2.0 and Mastering Chemistry, providing seamlessly integrated videos and personalized learning throughout the course. Also available with Mastering Chemistry Mastering(tm) Chemistry is the leading online homework, tutorial, and engagement system, designed to improve

results by engaging students with vetted content. The enhanced eText 2.0 and Mastering Chemistry work with the book to provide seamless and tightly integrated videos and other rich media and assessment throughout the course. Instructors can assign interactive media before class to engage students and ensure they arrive ready to learn. Students further master concepts through book-specific Mastering Chemistry assignments, which provide hints and answer-specific feedback that build problem-solving skills. With Learning Catalytics(tm) instructors can expand on key concepts and encourage student engagement during lecture through questions answered individually or in pairs and groups. Mastering Chemistry now provides students with the new General Chemistry Primer for remediation of chemistry and math skills needed in the general chemistry course. New School Chemistry Cengage Learning This book provides up-to-date information on bioinformatics tools for the discovery and development of new drug molecules. It discusses a range of computational applications, including three-dimensional modeling of protein structures, protein-ligand docking, and molecular dynamics simulation of protein-ligand complexes for identifying desirable drug candidates. It also explores computational approaches for identifying potential drug targets and for pharmacophore modeling. Moreover, it presents structure- and ligand-based drug design tools to optimize known drugs and guide the design of new molecules. The book also describes methods for identifying small-molecule binding pockets in proteins, and summarizes the databases used to explore the essential properties of drugs, drug-like small molecules and their targets. In addition, the book highlights various tools to predict the absorption, distribution, metabolism, excretion (ADME) and toxicity (T) of potential drug candidates. Lastly, it reviews in silico tools that can facilitate vaccine design and discusses their limitations.

Financial Algebra Psychology Press From one of America's most popular short story writers and an Academy Award nominee: the O. Henry Award – winning tale that inspired the movie *The Hunt*. A subject of mysterious rumors and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale “has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill” (The Telegraph). “[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted.” —Criterion

Engage with everyday expressions in a completely different (and fun!) way, with this entertaining and interactive book of common phrases that can turn a humdrum gathering into a raucous game night. We use expressions and idioms all the time. When you feel sick, you 're "under the weather." When you feel great, you 're "on top of the world." But whether you 're a "smart cookie" or a tough one, you—and almost everyone you know—have a veritable smorgasbord of expressions stored deep in your brain. So to Speak: 11,000 Expressions That 'll Knock Your Socks Off is the largest collection of its kind. Thoughtfully divided into sixty-seven categories—from Animals to Food & Cooking, from Love to Politics, this reference guide may have more in common with an activity book! Don 't look for definitions and etymologies, because the book is just the beginning. So to Speak is the launchpad for your lifelong journey to explore the universe of expressions. In fact, it 's designed to get readers off the page—and engaging with each other through word games and puzzles. So to Speak spurs discussion, debate, and play, while encouraging the art of listening and celebrating the joy of words. Authors Shirley and Harold Kobliner spent more than half a century nurturing and teaching children. So to Speak is a reflection of their deeply held belief that regardless of a person 's age, the most impactful learning happens when you 're having fun. Whether it 's grandparents teaching their favorite expressions to their grandkids, teens helping adults with the latest lingo or slang, or millennials indulging in their love of wordplay and games, this is the perfect book for any lover of language.

¡ Viva la causa! ¡ Viva C é sar Ch á vez! Up and down the San Joaquin Valley of California, and across the country, people chanted these words. Cesar Chavez, a migrant worker himself, was helping Mexican Americans work together for better wages, for better working conditions, for better lives. No one thought they could win against the rich

and powerful growers. But Cesar was out to prove them wrong -- and that he did.
